The Secretary to Government,
Educational Department.

P. Per.

Referring to the provision of Rs.14520 under class

A works in the Public Works budget for 1902-03 for constructing a Government Training school at Chittoor, I have the honour to state that after the selection of more than one site and their abandonment owing to objections raised either by the officers of the Public Works Department or by the Collector of North Arcot it has been decided to construct the building on the ground on which the rented building now occupied by the school stands and the piece of land adjoining it to the east. A site plan is submitted herewith for reference and favour of return for transmission to the Executive Engineer who requires it. The blue line in the plan denotes the boundary of the present school site and the red line the land adjoining it to the east which it is also proposed to acquire.

2. I request that Government will be pleased to instruct the Collector of the District to acquire immediately these lands under the Land Acquisition Act. The approximate cost of the land is estimated at Rs.2700.

3. The Executive Engineer has been informed what the accommodation is required for the school and has been requested to expedite the preparation of the necessary plans and estimates.

I have the honour to be,

Sir,

Your most obedient servant,

G. H. Stuart
Director of Public Instruction.
