SUPG. ENGINEER'S OFFICE, No 461 KE 25 AUG. 1902 P. W. D. SECOND CIRCLE.

No 193 / 25-8-02

Submitted to the Superintending Engineer II circle for favourable consideration.

This clerk, who has been working under me for the last 2½ years, passed the Middle School Examination in the First class in 1890. This examination was then, and till 1894, an examination qualifying for superior Government service; and applicant took up a permanent appointment on Rs 15 in the Salt Department, and was shortly afterwards promoted to Rs 25. He had previously been a Lock Superintendent, permanent, from 1887 to 1893. In 1896, owing to ill-health, he was obliged to resign his appointment, thereby losin losing the benefit of 8 years' permanent service. A copy of the memorandum accepting his resignation is attached for reference.

Since April 1898, applicant has been a temporary clerk in the Kistna Northern and Eastern divisions, and for the last 2 years has been drawing Rs 25 as clerk in the office of the Executive Engineer on Special duty.

His request for a permanent exemption may be favourably considered, as he has put in a long and meritorious service in this department; and as an exemption will only place him in a position for which he originally qualified by passing the middle School Examination in the First class.

Honoured Sir,

I beg most respectfully to bring the following few lines to your honour's benign consideration.

I was at the outset a Lock Superintendent at Vinjeram, and throug self-culture, I passed the Middle School Examination in the first class in 1890. I waited for 3 years for a post in superior service; but I could not get one for want of a suitable vacancy. I accep a clerk's post on Rs 15 in the Salt department, as the Examination I passed would have become invalid, had I not taken up an appointmen carrying Rs 15 or upwards before the 1st July, '94. I had also a promotion to a post on Rs 25 (double promotion) within a few months. While in that service I fell ill, and, under circumstances over which I had no control, I was obliged to resign, thereby losing 8 years' permanent service and the benefit of my examination. I was without any appointment for some months after I recovered, and by the generosity of Major Ellis, I got a temporary overseer's clerk's post in the northern division, and his honour was so pleased with my work and behaviour as to transfer my services to the eastern division with a view to give me a permanent post there. While his honour was officiating Superintending Engineer, II circle, I was ordered to send in an application for permanent exemption, and although I submitted it at once through proper channel, it did not reach the Superintending Engineer's office before the Superintending

Engineer

Engineer took his departure on furlough.

While I was Lock Superintendent, I was often required to act as sub div. clerk & Supervisor's and overseer's clerk for months together.

Under my supervision one lock, some weirs and several head sluices etc. and many earthworks, were constructed. As there was no Delta Superintendent then in the section in which I was a lock Superintendent, I was required to perform the duties of a Delta Superintendent myself.

I have thus gained experience in masonry and earthworks, and irrigation works, and accounts as well.

The enclosures are copies of testimonials.

I put in in vain a service of 10 years in the department. One half of the period I was engaged in out door work, and the other half in office work.

I know ordinary out door work well and office work better.

For the last 2 years and a half I have been serving as a clerk under your honour.

Under these circumstances, I humbly request your honour will be kind enough to consider my request favourably and recommend me to the Superintending Engineer to obtain order of government exempting me from examination rules to enable me to hold a permanent footing in the department for which I would now be eligible but for the restriction introduced in 1894. In this connection I beg to bring to your honour's kind notice that my qualifications were ignored because I had to resign my permanent appointment owing to illness, and the case will be very hard with me, if I am destined to continue in temporary service only.

In conclusion I beg to request that your honour will kindly recommend me for the required exemption in view of the facts above stated, and thus protect me, as, by such exemption, I can hope to get back the benefits of passing the middle school examination in the first class, for which act of kindness, I shall ever pray.

I beg to remain,
Honoured Sir

I have much pleasure in granting the testimonial to K. Nagabhushanam temporary clerk under me. He has been serving under me for the last 1 year and 3 months and I found him a good accountant and reliable man. He has a willing disposition to work and to learn. I always found him cheerful in his work. He writes tolerably good English and a good hand.

Temporary clerk K. Nagabhushanam

The clerk has been working in this division for the past 1 year and 6 months partly as overseers' and S.D.O's clerk and partly as copyist in the division office.

He has always been well reported on by his superiors.

The clerk is fairly intelligent and hardworking. He can draft a sensible letter and has a good hand.
