NOVEMBER.

The Director-General of Education.

Communicating to the Director, with remarks, letter from the Government of India forwarding a copy of the tour programme of the Director-General of Education during the ensuing cold weather.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following paper:—

From A. WILLIAMS, Esq., Deputy Secretary to the Government of India, Home Department (Education), to the Secretary to the Government of Madras, Educational Department, dated Simla, 28th October 1902, No. 874.

I am directed to forward, for the information of the Governor in Council, a copy of the tour programme of the Director-General of Education during the coming cold weather, and to ask that, with the permission of His Excellency in Council, he may be given facilities for making himself acquainted with the main features of the educational system of the province. Mr. Orange will be glad to be guided by the advice of the Director of Public Instruction as to the places and institutions to be visited. In the course of his stay in Madras, he will visit the head-quarters of Government, and will hold himself at the disposal of the Governor in Council for the purpose of conferring with any officers who may be instructed to discuss with him any points of educational administration on which His Excellency in Council think such conference desirable.

2. In particular, I am to say that the Governor-General in Council proposes, in the course of next year, to issue a resolution placing on record the position, the policy, and the aims of Government upon the whole subject of education in India, giving a summary of the principles underlying the new departure that is about to be undertaken and setting forth the methods by which those principles are to be applied. In pursuance of this intention, the Director-General has been instructed to confer with local Governments and Directors of Public Instruction with a view to ascertaining the precise state of things resulting from the orders issued in November 1901, after the Simla Conference; and will consult them as to any doubts which may have arisen as to the intention of those orders, or any points upon which the local Governments feel doubt or experience difficulty in carrying them out.
