Sir,

C. No 2127 3

Letter from the Officer in charge of the Aluminium Department, School of Arts, Madras, No A1/2113, dated 28th August 1902.

" I have the honour to state that I have recently prepared a revised edition of the price list of the Aluminium Department and have had thirty half tone blocks each 6"X 4" prepared by Messrs. Wiele & Klein to illustrate it. The MSS. has been sent to the Government Press but the Superintendent requests that the sanction of Government may be obtained to printing it and to the supply of special paper by the Stationery Department for the half tone blocks.

It is two years since the last price list was prepared and during that period a large number of new articles have been made and improvements in working and a reduction in the cost of raw material enable us to reduce prices to some extent. I propose to print 5000 copies to start with and a further 2500, if necessary. I may add that it will not be necessary to issue any further price list. It is desirable that the work should proceed at once as the best time for issuing the list is at the beginning of October."

My dear Pringle,

Please refer to my Endorsement Rc No 6437/2 dated 26 Sepr. about printing Alumm price list. Mr Chatterton informs me that he will be unable to work up to his budget estimate of receipts unless the price list is issued & distributed very soon. I do not know why the Supt Govt Press refused to print it without special sanction.

Yours sincerely

C. No. 2127, From the D. P. I., No. 6437, Dated 26 · 9 · 1902

I think that the Educational has sent a paper on the subject u.o. to Public?.

C.M.S./30-9-02.

The Educational Dept. has sent a paper u.o. to the Public Dept. in connection with the publication of a pamphlet called " Our underground water supply" by the S.G.P. at the request of Mr. Chatterton . It has been sent to the Public Dept in connection with the general question raised as to the authority under which the S.G.P. undertakes to print such pamphlets.

In the present current the D.P.I. requests that sanction may be accorded to the printing of the price list of the Aluminium dept. at the Govt. Press. Submitted that it is for the Educational Dept. to accord this sanction. ?

V.W.
2.10.02

Nothing is said as to cost ~~[illegible]~~ of printing. It is presumed that Mr. Chatterton can meet the cost of the half-tone blocks prepared by Wiele & Klein from his budget. Is there any allotment there for this purpose?

C.M.S.
3.10.02

There is no separate allotment ~~for~~ in the budget for this purpose :,but there is a provision page 18

No specific orders ~~could~~ can be traced on the point. The miscellaneous contingent expenditure of the Aluminium Dept. is audited by the Acct. General and he does not appear to have taken objection to the charges incurred.

The amount paid to Messrs Wiele and Klein for the half-tone blocks was Rs 700. This has been paid from the provision for contingencies for the Aluminium Department of the School of Arts (advertisement charges).

The Supt Govt Press said that an expensive art paper would be required to do justice to the blocks and that as the Supt of Stationery had no stock of this paper it would have to be procured from England, or from Calcutta or Bombay. He however says that the Stationery office has a sufficient quantity of "Superior Royal, 40 lbs" which will give fair results, and Mr Chatterton considers this has good enou

It has been ascertained that when the last price list of the aluminium dept. in the School of arts was published two years ago, the sanction of Govt. was not sought to the publication. Even now when it is contemplated to issue a revised edition of the price list such sanction would not have been sought, but for the Supt. Govt. Press, requesting that the sanction of Govt. may be obtained to printing the price list and to the supply of special paper by the Stationery dept. for thirty half tone blocks, which Mr. Chatterton ordered of Messrs. Wiele and Klein to illustrate the price list.

2 Mr. Chatterton incurred a charge of over Rs 700 in the preparation of the blocks from the grant for advertisement charges for the aluminium dept. in the School of arts. The exact amount of this grant is not known. Probably it is included in that of Rs 1,000 under 26 Scientific &c Depts. — Miscellaneous — Manufacture

aluminium ware – Contingencies ffice expenses".

Page 182. C.B.E. & A.G's General letter 7.97 & 20.5.99 in the Treasury Manual.

3 Article 75 of the Civil Account Code lays down that for ordinary contingent xpenses, the previous sanction of Govt. is not required and that it is for the local Govt. to define the nature and limit of contingent charges, which may be incurred without previous sanction, and which require the previous sanction of any controlling officer or of the Govt. itself. It will be seen from page 233 of the Madras Treasury Manual that the contingent ~~bill~~ expenditure of the aluminium dept. is shown to be such as does not require countersigned bills. The Acct. General held that the expenditure incurred by Mr. Chatterton in the preparation of the half tone blocks was of an ordinary nature and admitted the charge.

4. The question whether the charge is really of an ordinary nature is, however, ~~open to~~ somewhat doubtful. Examining items 82, 83, 84 and 86 on page 265 of the Madras Treasury anual, it would appear that the e incurred by Mr. Chatterton in the

preparation of half-tone blocks to illustrate the revised price list is of the nature of unusual contingent charges and as such should have been sanctioned by Govt.

The Acct. General may, it is submitted, be consulted u.o. on this point.

Page 32 of the Madras Stationery Manual.

5. As regards the paper required for printing the blocks, it is considered that "Superior Royal 40lb" paper will give fair results. Double Royal, 40lb, 40"×25" paper for printing is apparently referred to and this is an article of general supply. The supply of this paper for printing the blocks may, it is submitted, be sanctioned in the Educational Dept.

6. The current may, it is submitted, be transferred u.o. to the Educational Dept.

The arrangement with Messrs Wiele & Klein was probably made under the authority contained in para: 4 of G.O.
