To

The Secretary to Government,

Educational Department.

Sir,

In continuation of my letter Ref. on C.No 4515/02,

Ref # dated 9th September 1902 embodied in G.O.No 2699 W, dated 3rd October 1902 I have the honour to submit two estimates, one amounting to Rs.17230 for the construction on the premises of the Umdah Bagh of a hostel in connection with the Madrasa-i-Azam, and another amounting to Rs.6144 for converting one of the outhouses into quarters for the Headmaster and to request that they may be approved and transferred to the Public Works Department. Three plans, two relating to the hostel and one to the Headmaster's quarters are also herewith submitted.

2. The hostel, it will be observed from the report covering the estimate for it, will be a two - storied building affording accommodation in all for 20 students, 10 on the ground floor and 10 on the second storey.

I have the honour to be,

Sir,

Your most obedient servant,

J.R. Srinivas

For Director of Public Instruction.

EDUCATIONAL DEPARTMENT.

C. No. 1891

SUBJECT.

Construction of a hostel for Muhammadan students on the premises of the Umdah Bagh and converting one of the outhouses into quarters for the head master, Madrasa-i-Azam.

The Director says that the hostel is wanted in connection with the Madrasa-i-Azam but this statement is open to question. Few students from the Mufassal attend the Madrasa; its pupils are mostly residents of Madras who will scarcely require a boarding house. This is also the opinion of the Muhammadan Educational Association of ^{South} India. (Vide p. 11 of G.O. No 645-Edd. dt 17th October 1902) It is not likely that the parents of any appreciable number of the pupils belonging to Madras will be prepared to undergo the expense of sending their children to a hostel, and there is no information as to whether the existence of a hostel will attract pupils to the school from the Mufassal.

2. The Muhammadan Association however say that a hostel is required for college students and that it should be

be centrally situated and not located at the Umrah Bagh. But the Govt. have told them that if a separate hostel is constructed for Muhammadan students the proper place for it will be inside the Umrah Bagh. (Vide clause (3) of G.O. no 645 Edl. dt 17th October 1902 page 17.) This was done on the report of the Director, but as already stated it may be difficult to get enough of pupils to fill a hostel for purely Madrasa students. As regards College students hardly any Muhammadan joins the Teachers College or any of the professional Colleges.

The great majority of the Muhammadan students who have passed the secondary stage are in art colleges & they join either the Madras Christian College or the Presidency College. For the Christian College students the Umrah Bagh is too far & if they reside there the whole of their spare time & perhaps more will have to be taken up in going to and from the College. They will therefore naturally prefer residence in Black Town & the G.M.C.A. hostel is open to them. The Presidency College students have the Victoria hostel where ample accommodation is now being provided at Govt. expense. It is close to the College & free from any denominational prejudice. It is submitted therefore

therefore that before any steps are taken for constructing a hostel at the Umrah Bagh it may be definitely ascertained whether one is wanted in connection with the Madrasa and if so, for how many students accommodation should be provided. There appears to be no urgency in the matter.

3. The estimate for converting an out-house into quarters for the headmaster of the Madrasa amounts to Rs. 6,144. This seems to be too large an amount to spend for the purpose. The Public Works Dept. may therefore be asked to state whether, after the out house is converted as proposed, its cost will be in accordance with the rules for the provision of free quarters for Govt. servants. Mr. Moss who will be the officer concerned now gets only Rs. 300 although he may eventually rise to Rs. 700 as he is in the Provincial Service. An upper storey seems to be hardly necessary in a locality like the Mount Road.

It seems to me that there is little proof of the necessity for this hostel. The Edu. Dept. has much on its hand & many claims; the grant for next year may be cut, & we ~~have~~ can spend money more profitably on ^{say} primary education than in building possibly useless hostels. The Madrasa may be worked up by Mr. Mofo; it has need ~~not~~ of it. But at present the ^{remedy} at A is earnest.

2. The Muhammedan Associations
are (naturally) ready to ask
in the confident assurance
they will receive.

3. I submit that the
Govt. should defer passing
orders until next Spring
at any rate.

23. 12. 2

The expenditure in the school master's house seems quite - advisable. We can hardly expect a European to live in the mountains of such a house as this - in such a locality. The sum provided is little

Excuse me & will give the master a comfortable
home. It must be hoped that the place is going to
succeed & in that case a European market
will always be a necessity - I would sanction
this proposal

As to the Hotel - the case is different - If the School is a success, and there is any growth in the ~~def~~ demand for education by Madrassians, it may be expected that quite 20 students might come to the Madras College from up Country. But if it is not a success the Hotel will be what he wanted. I would ask the Director first as how many of the students at present come from outside Madras & what prospects he thinks there is for a demand for ~~more~~ as much accommodation as the proposed building provides.

24. 7. 2

The hotel ca will await the inquiries
proposed to be made. Quartermaster for the
A.M. will be a necessity & the estimate is not

Entered - if it is the case that
the building to be converted is thoroughly
sound or will be made so in the
conversion.
