From R. NATHAN, Esq., C.I.E., Offg. Deputy Secretary to the Government of India, Home department (Education), to the Secretary to the Government of Madras, Educational department, dated Calcutta, 10th January 1903, No. 2.

With reference to the correspondence ending with your letter, No. 121, dated the 5th March 1902, I am directed to forward, for the information of the Governor in Council, a copy of the despatches noted in the margin regarding the creation of the appointment of Assistant to the Director of Public Instruction in Madras.

2. I am to invite attention to paragraph 3 of the despatch from the Secretary of State, and to say that the Government of India await an expression of the views of the Governor in Council on the subject.

ENCLOSURES.

DESPATCH from the Government of India, Finance and Commerce department (Salaries, Establishments, etc.—Education), to the Right Honourable the Secretary of State for India, dated Simla, 11th September 1902, No. 260.

It was represented to the Government of India, after the Educational Conference held at Simla last year, that, owing to the contemplated increase in the number of schools and training colleges and the increased attention which is being given to the development of educational policy, it is necessary to strengthen the Educational departments of some Provinces by the appointment of Assistant Directors of Public Instruction. In some Provinces it has been found that the growth of administrative business prevents the Directors from travelling as much as is desirable in order to become personally acquainted with the institutions under their supervision. In addressing local Governments on this subject, we expressed the opinion that assistance of this nature did not appear to be necessary at present in Burma, the Central Provinces, Assam or the Hyderabad Assigned Districts, but we invited their views upon the question of affording some relief to the Directors of the larger Provinces.

2. We have now the honour to forward, for your Lordship's information, a copy of the papers mentioned in the annexed list, from which it will be seen that the local Governments of Madras, Bombay and Bengal desire to press for the appointment of such an officer, while the Government of the United Provinces is of opinion that an Assistant Director will be necessary there, but that the appointment need not at once be filled up.

3. It is proposed that a member of the Indian Educational Service shall be appointed to serve for a certain period at head-quarters and to aid the Director in the work of administrative control by relieving him of his routine business and assisting him in the duties connected with his office work. It is desired that such a member shall not become permanently dissociated from district work, but that he should act as Assistant Director for a period not exceeding three years. Subject to this condition, the Government of India think that such appointments will not only strengthen the administration of the Educational department by giving the Director more time for the important work of supervision, but will also increase the value of the services of the officers appointed to them by extending their experience of educational policy and administration.

We, therefore, submit to your Lordship a scheme for the creation of four appointments in the Indian Educational Service on a salary of Rs. 500 rising by Rs. 50 to Rs. 1,000 a month, and we beg to recommend it for your Lordship's favourable consideration. The average extra expenditure involved will be Rs. 3,200 per month, rising to a maximum of 4,400 a month. The appointment in the United Provinces need not be immediately filled up, but we have little doubt that it will become necessary to appoint an Assistant Director in those Provinces very shortly.

DESPATCH from the Right Honourable the Secretary of State for India, to His Excellency the Right Honourable the Governor-General of India in Council, dated India Office, London, 7th November 1902, No. 121, Public (Educational).

I have considered in Council your Government's Financial letter No. 260, dated 11th

September last, in which you propose that four new appointments should be created in the Indian Educational Service, on salaries of Rs. 500—50—1,000 a month, in order to

provide Assistants to the Directors of Public Instruction in Madras, Bombay and Bengal, and ultimately in the United Provinces.

2. Your Excellency in Council and the local Governments concerned are of opinion that this measure is necessary in order to strengthen the administration of the Education department in view of the contemplated increase in the number of schools and training colleges, and the increased attention which is being given to the development of educational policy.

3. It appears to me that, in the circumstances, the new appointments are desirable, and I approve of their creation. As the selection of officers to fill the specific posts in question will no doubt be made from those already in the service, I await an expression of your views as to the qualifications to be required in the case of persons to be chosen to fill the appointments in the department which will thus become vacant.

ORDER—No. 24, Educational, dated 22nd January 1903.

Communicated to the Director of Public Instruction with the request that proposals may be submitted at an early date for filling up the appointment sanctioned for this presidency.

2. The Government of India will be addressed in regard to paragraph 3 of the Secretary of State's despatch.

LETTER—No. 25, Educational, dated 22nd January 1903, to the Secretary to the Government of India, Home Department.

I am directed to acknowledge the receipt of Mr. Nathan's letter, No. 2 of the 10th January 1903, conveying the sanction of the Right Honourable the Secretary of State to the creation of the appointment of Deputy Director of Public Instruction in the Madras presidency and to state, with reference to paragraph 2, that His Lordship has already been informed of the qualifications required in the case of the person to be appointed to the Indian Educational Service in the place of the officer selected for the post. A true copy of the despatch in question, No. 3, Educational, dated 11th November 1902, was forwarded to the Government of India in the usual course. I am to enclose another copy for ready reference.

NOTES CONNECTED WITH G.O., Nos. 24, 25, EDUCATIONAL, DATED
22ND JANUARY 1903.

[SUBJECT.—Assistant to the Director of Public Instruction.]

From the Government of India, Home department, dated 10th January 1903, No. 2.

The papers may be communicated to the Director of Public Instruction with the request that proposals may at once be submitted for filling up the newly-created appointment. According to his letter in G.O., No. 700, Educational, dated 11th November 1902, Mr. Middlemast, who is now professor of mathematics in the Presidency College, is to get this appointment, but proposals for temporarily filling up his present post and a minute of appointment are required. No reply has as yet been received to the despatch to the Secretary of State, No. 3, Educational, dated 11th November 1902.

2. The designation of the new appointment is given in the letter from the Government of India as "Assistant to the Director of Public Instruction"; whereas the designation approved by this Government is "Deputy Director" [Letter

* Undoubtedly. The designation of appointments is almost invariably left to the local Government. No. 121, Educational, dated 5th March 1902]. The Government of India does not seem to object to the latter: the

A. T. PRINGLE—19-1-03. former seems to be used in a general * way, applicable to Madras, Bombay and Bengal. The sanction is to the addition of an appointment on Rs. 500—1,000 to those on the cadre of the Indian Educational Service. The name already approved by this Government may therefore be adhered to. In sanctioning the existing appointments on the Indian service, the Secretary of State did not give special designations to most of them (G.O., No. 480, Educational, dated 10th August 1896). The existing designations are those adopted by this Government.

3. In paragraph 3 of the despatch from the Secretary of State, information is called for as to the qualifications of the person to be selected in England to fill the post rendered vacant by the transfer of an officer in service to the new appointment. The Government of India want a report on this matter. In this Government's despatch to the Secretary of State already quoted (No. 3, Educational, dated 11th November 1902), the necessary intimation has been given and the Government of India may be referred to this despatch.
