JANUARY.

Official Publications.

Forwarding to the Financial (Books) department the office-note of the Superintendent, Government Press, dated 6th August 1902, in regard to the publication entitled — "our underground water-supply", and directing that two copies of the publication be transmitted to the Secretary of State.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—again the following papers:—

Office-note from R. HILL, Esq., Superintendent, Government Press, Madras, to the Chief Secretary to Government (through the Secretary to Government, Educational department), dated 6th August 1902, Ref. No. 2861.

With reference to sub-paragraph 3 of paragraph 1 of G.O., No. 5, Financial, dated 2nd January 1895, the Superintendent, Government Press, submits that the under-mentioned official publication is likely to be ready for issue from the press within a fortnight from this date.

2. The publication is the first of its kind reported.
3. A copy of the title page of the publication is enclosed.

ENCLOSURE.

Our Underground Water-supply (reprinted from the *Indian Review* of June 1900).

From the Hon'ble Mr. G. H. STUART, M.A., Director of Public Instruction, Madras, to the Secretary to Government, Educational department, dated 22nd September 1902, Ref. on C. No. 6156.

I have the honour to submit, for the information of Government, copies of my official memorandum issued to Mr. Chatterton regarding the reprint, at the Government Press, of his articles on Underground Water-supply, etc., which appeared in the *Indian Review* and his reply thereto.

ENCLOSURES.

Memorandum C. No. 6156.

It is reported to the Director that the reprint of Mr. Chatterton's articles on Underground Water-supply, etc., originally published in the *Indian Review*, was done at the Government Press. Mr. Chatterton is requested to state who gave him permission to have the work done at the Government Press.

He should also state whether the proprietor of the *Indian Review* has given his consent to the reprint and republication of the articles.

20th August 1902.

To the Superintendent of the School of Arts.

G. H. STUART,
Director of Public Instruction.

From A. Chatterton, Esq., Superintendent of the School of Arts, to the Director of Public Instruction, dated 20th August 1902, No. 499.

In reference to your official memorandum C. No. 6156, dated 20th August 1902, I have the honour to state that there are two articles in the pamphlet referred to, one was written two years ago, the other recently. The proprietor of the *Indian Review* gave his consent to the reprint. The second article was written at the request of the Chief Engineer for Irrigation and was reprinted at the Government Press as he wished to have some copies of it to place before Government. Under these circumstances I presumed that I was entitled to get it reprinted at the Government Press.

3. Quite recently Government in its review of the School of Arts report questioned the propriety of the Superintendent of the School of Arts undertaking investigations of this kind, special reference being made to the aëromotor experiments. In this connection I would request permission to point out that I am not officially Superintendent of the School of Arts but only in charge of the school as part of the work for which I have been placed on special duty, viz., the development of Indian Industries. Investigations in connection with the application of mechanical contrivances for the improvement of the agricultural industry appeared to me to come within the range of work for which I have been put on special duty. In this connection I have made experiments on aëromotors and at the present time I am carrying on the experiment of pumping with an oil engine at Melrosapuram for which Government have allotted funds in the Public Works department.

4. I have taken up this work purely because I imagined it of some importance and within the range of my special duties and I should have officially informed you of the same, had I known that it was necessary to obtain your consent beforehand. In making use of the Government Press to reprint those articles I was under the impression that it was within my power to do so as the work was purely Government work and done at the request of the Secretary to Government in the department concerned.

ORDER—No. 47, Educational, dated 30th January 1903.

The Superintendent's office-note of the 6th August 1902 will now be forwarded to the Financial (Books) department.

2. Two copies of the publication will be transmitted to the Secretary of State.

(True Extract.)

A. T. PRINGLE,
Assistant Secretary to Government
in charge.

To the Financial (Books) department.
„ Superintendent, Government Press.
„ Public department.

Exd. S. J. Pereira

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., No. 47, EDUCATIONAL, DATED
30TH JANUARY 1903.

[SUBJECT.—*Our under ground water-supply* by Mr. A. Chatterton.]

From the Superintendent, Government Press, Ref. on C. No. 2861, dated 16th August 1902.

Memorandum from the Educational department, to the Superintendent, Government Press, dated 8th August 1902.

Please send a copy of the reprint (*our under ground water-supply*) for perusal and state under whose orders it was reprinted.

Memorandum from the Superintendent, Government Press, to the Educational department, dated 11th August 1902.

Copy herewith. The work was done under instructions from Mr. A. Chatterton of the School of Arts.

This is a new publication and it is not known with what object Mr. Chatterton had his articles on "*Our underground water-supply*" and "*Well irrigation*" reprinted at the Government Press.

2. Under G.O., No. 5, Financial, dated 2nd January 1895, this department has now to decide the number of copies of the publication which should be sent to the India Office.

T. KANAKASUNDARAM PILLAI—12-8-02.

Two copies may be sent as usual.

P. T. THARYAN—13-8-02.

I presume that Mr. Chatterton consulted the Director of Public Instruction beforehand. The subject of the articles is foreign to the duties of Mr. Chatterton's present appointment. The articles may be sound; they may be crude. I do not know whether they should issue as under the authority of the Government.

A. T. PRINGLE—14-8-02.

The first article is an ignorant and bumptious production which certainly should not issue as a Government publication.

2. The Director of Public Instruction should first be asked u.o. whether he gave Mr. Chatterton permission to have these articles reprinted at the Government Press;

and if not he should ask Mr. Chatterton who did give him permission. It should also be ascertained whether the proprietor of the *Indian Review* has given his consent to the reprint of the articles.

H. A. STUART—15-8-02.

To the Director of Public Instruction.

I did not give Mr. Chatterton permission to have these articles reprinted at the Government Press.

G. H. STUART—16-8-02.

The Director of Public Instruction has written to Mr. Chatterton and will send his explanation and this may lie over until it is received.

H. A. STUART—17-8-02.

The Director of Public Instruction has not yet sent Mr. Chatterton's explanation. He may perhaps be reminded u.o.

P. T. THARYAN—18-9-02.

Yes.

A. T. PRINGLE—18-9-02.

To the Director of Public Instruction.

Mr. Chatterton's explanation has since been submitted to Government.
T. R. SCOTT—22-9-02.

[From the Director of Public Instruction, No. 6156, dated 22nd September 1902.]

Mr. Chatterton says that the second article was written at the request of the Chief Engineer for Irrigation and was reprinted at the Government Press for submission to Government. He does not say why the first article was reprinted, but probably it goes with the second.

* 2. The questions have now to be decided whether he can be allowed to get these printed as official publications and if so, whether copies should be sent to the India Office.

P. T. THARYAN—24-9-02.

As I have seen enthusiastic articles in the newspapers, I think, in reference to these pamphlets, they must presumably have issued. Was not some telegram sent to Mr. Hill on the subject, under Mr. Stuart's orders?

A. T. PRINGLE—25-9-02.

No telegram was sent to Mr. Hill. The Madras office was asked not to send the pamphlet on to the India Office if it was received from the press.

P. T. THARYAN—25-9-02.

Mr. Stuart criticised one of the pamphlets severely. I think it should be made plain that the Government Press shall not publish anything of the kind without the approval of the head of the department. Mr. Chatterton may be on special duty as he says, but all the same he is a subordinate officer.

A. T. PRINGLE—25-9-02.

The fault I should say was Mr. Hill's for taking Mr. Chatterton's orders. Has he any rules on the subject?

J. T. [HOMSON]—26-9-02.

We may ask the Public department for favour of remarks. (In the meantime write* down to the Madras office and ascertain whether these pamphlets have been actually published and issued, or not.)

* Done.

P. T. THARYAN—29-9-02.

A. T. PRINGLE—27-9-02.

To the Public department.

PUBLIC DEPARTMENT.

No orders of Government can be traced restricting the discretion of heads of offices as to sending printing work to the Government Press.

2. In a letter, dated 18th December 1884, the Government of the North-Western Provinces and Oudh inquired whether heads of departments or other officers in this presidency were permitted to indent on the Government Press for printing work at their discretion. The reply, in letter No. 72, Public, dated 12th January 1885, was that when work of an unusual character was required to be executed at the press, the sanction of Government was required. A pencil note at the foot of the draft states that the information had been obtained from Superintendent, Government Press. Mr. Hill might perhaps be asked to state whether he has any rules on the subject.

C. S. SIMPSON—11-10-02.

Mr. Hill may possibly have orders which are not traceable in the Secretariat.

If there are no orders on record it seems desirable that some should now be issued.

A. R. KNAPP—13-10-02.

G. S. FORBES—14-10-02.

To the Superintendent of the Government Press.

The Superintendent submits that no orders can be traced in the press for guiding the Superintendent as to receiving manuscripts of publications for printing and books for binding, and the authorities empowered to sanction the printing of original works or of works of an unusual character.

The practice is—

(1) for some officers and departments to get the sanction of Government for printing their publications:

The Military department	...	{ Revised edition of Infantry drill.
Postmaster-General	...	{ Routes in the Madras Presidency.
Superintendent, Government	...	{ Extant circulars and circular letters.
Central Museum.	...	{ Bulletins.
etc.	etc.	{ Subject catalogue of books in the museum,
		{ etc.
		{ etc.

(2) for the heads of departments to send in their publications:

The Board of Revenue	...	...	Manuals.
Inspector-General of Police	...	...	Police Order book.
Examiner of Public Works Accounts	...	...	Account Manuals.
Accountant-General	...	...	Manuals.
Controller of Military Accounts	...	...	Manuals.
etc.	etc.	etc.	etc.

(3) In rare cases when the Superintendent is in doubt about printing or binding for a departmental officer, he enquires demi-officially and invariably gets a satisfactory reply.

Superintendent, Government { Binding British Museum Catalogue of printed
Central Museum. { books.

In the case under enquiry the Superintendent made a reference to Mr. Chatterton and was told it was being reprinted for Government; he considered this reply was a sufficient reason for him to reprint the articles.

In 1900-1901 a price-list of aluminium ware was printed for Mr. Chatterton and 20,000 copies were printed. In August last, Mr. Chatterton sent in a new price-list for printing in which he was substituting photographs for the wood-cuts used in the previous list, and desired that an "Art" paper should be used instead of printing paper. He was informed that the manuscripts would not be put into type pending the settlement of the question of paper to be used. On the 9th October, the Director of Public Instruction telephoned: "Business of Aluminium department is diminishing owing to want of new price-list. Why is Government sanction required? The following is my reply to the Director:—

"In reply to your telephone message of the 9th instant, I have the honour to state that the sanction of Government is required for this new price-list of aluminium ware, because the list is of an exceptionally expensive character, containing fine-grained process blocks which cannot be well printed except on an Art or coated paper, and requiring special ink. Very little of this particular paper is available locally, it is never used for Government work, and it will cost much more than ordinary printing paper. No firm of whom I enquired had nearly so much as 82 reams in stock in Madras, and the lowest price quoted was Rs. 15 per ream against Rs. 3-6-0 per ream for that used before. Sanction is therefore required for the Superintendent of Stationery to purchase the required quantity from England, or in Calcutta or Bombay, and for the purchase of the ink by me. Mr. Chatterton was informed of this in my letter, No. 2164, dated 13th August 1902, and I suggested the trial of an inferior paper in stock at the stationery office though I could not guarantee results and costing only double that used for the previous list. In his letter No. Al. 1929, dated 14th August 1902, Mr. Chatterton promised to send me a few blocks so that a trial could be made of the paper, but he has not sent them.

"2. On the 13th August Mr. Chatterton was informed that the manuscripts of the list were held over and he was reminded by a demi-official on the 28th August that the list was still waiting for sanction, but nothing has been heard from him, so I fail to see how it can possibly be said that there has been any delay due to the press as your telephone insinuates. I also informed Mr. Chatterton that 6,000 copies of the former list were lying unbound in the press as per instructions from his office; he then required their immediate delivery, and they have since been supplied to him during August and September, so he should have an ample supply of lists on hand. If these lists are useless, it was unnecessary to put the press to the expense of working extra hours to bind them.

"3. I am unable to begin setting up the list till the question of paper is settled as a slight alteration in size may be necessary to suit the paper obtained locally, e.g., the double crown, 30 lb. and 54 lb. then available at Messrs. Addison & Co. at Rs. 15 and 26 per ream, respectively, might be printed as a 12mo. instead of the present demy 8vo. and thus get 24 leaves instead of 16 out of a sheet of this paper."

From the above it will be seen that the Superintendent exercises a control over work sent for printing which is of an exceptional nature and demands special sanction before undertaking it. In other cases he is satisfied with the authority sending the work, and that the subject-matter of the publication is such as should be printed at the Government Press. Further, since the practice of notifying to Government the probable date of issue of publications (introduced in January 1895) has been in operation, this is the first occasion in which Government has questioned the description of work printed at the Government Press.

R. HILL—7-11-02.

The question for consideration now is whether definite rules should be laid down to guide the Superintendent, Government Press, in executing printing work for Government officials.

2. The rule may be that heads of departments are alone authorised to indent on the Superintendent for printing work and that subordinate officials must obtain the sanction of the heads of their departments before they send in matter to be printed. Any work which is unusual in character or cost even if received from heads of departments should not be executed by the Superintendent without a reference to Government.

3. Mr. Chatterton's action in having his two articles printed without the sanction of the Director of Public Instruction may be left to be dealt with in the Educational department.

C. S. SIMPSON—17-11-02.

The rule suggested above is, it is submitted, all that is needed.

R. E. HOLLAND—19-11-02.

I think so. The rule is only for the guidance of the Superintendent, Government Press. If he has any doubt he can ask head of department to get sanction of Government.

G. STOKES—21-11-02.

A draft Government order to issue in Public is submitted for approval.

The current file and notes may be returned to the Educational department.

C. S. SIMPSON—21-11-02.

Submitted for approval.

R. E. HOLLAND—22-11-02.

G. STOKES—23-11-02.

[G.O., No. 1199, Public, dated 25th November 1902.]

The currents and notes may now be returned to the Educational department. If the notes are printed by Educational, a copy may be furnished to Public.

C. S. SIMPSON—8-12-02.

R. E. HOLLAND—9-12-02.

To the Educational department.

EDUCATIONAL DEPARTMENT.

The file may perhaps be now submitted to the Honourable Member with reference to his query on page 2 and the currents then recorded.

P. T. THARYAN—10-12-02.

Print the notes first.

A. T. PRINGLE—11-12-02.

Printed.

P. T. THARYAN—20-1-03.

Submitted to the Honourable Member with reference to his enquiry. The matter has now been placed on a proper footing. I think nothing need be said in regard to Mr. Chatterton's action. As the pamphlets have actually been published, copies may go to the India Office in ordinary course.

A. T. PRINGLE—21-1-03.

Please let me have an exhaustive list of heads of departments.

J. T. THOMSON—22-1-03.

The following list may be submitted to the Honourable Member :—

LIST.

Heads of departments.

The Honourable the Chief Justice.
Inspector-General of Police.
Do. of Prisons.
Do. of Registration.
Chief Presidency Magistrate.
Commissioner of Police.
Chief Judge, Court of Small Causes.
Advocate-General.
Government Solicitor.
Administrator-General.
Sheriff of Madras.
Government Pleader.
Crown Prosecutor.
Registrar of Joint Stock Companies.
Surgeon-General.
Protector of Emigrants.
Superintendent, Government Press.
Tamil Translator to Government.
Telugu do. do.
Malayalam do. do.
Canarese do. do.
Hindustani do. do.
British Consular Agent, Pondicherry.
Superintendent, Archaeological Survey.
Government Epigraphist.
President, Board of Examiners.
Private Secretary to His Excellency the Governor.
Military Secretary to His Excellency the Governor.
Chemical Examiner.
Resident in Travancore and Cochin.
Paymaster, Carnatic Stipends.

P. T. THARYAN—24-1-03.

Agreed. The Superintendent, Government Press, is at the disposal of a great many entities and I can only hope he will not hesitate in referring doubtful orders to Government.

J. T[HOMSON]—28-1-03.

We may send a copy of the notes to the Public department in due course.

A. T. PRINGLE—29-1-03.

The draft placed below may issue.
