Sir,

Slip X Referring to G.O.No 586, Educational, dated 23rd September 1902 regarding the proposal to close from 1st January 1903 the Gymnasium attached to the Teachers' College and G.O.No 615, Educational, dated 6th October 1902 regarding the revision from 1st April 1903 of the scale of the menial establishment of the College, I have the honour to request that the sanction of Government may be obtained to the proposition statement herewith submitted in duplicate. Slip Z

2. Excluding the muchi there are at present five peons on the College establishment, and of these one assists the gardener and ~~and~~ will under the revised scheme become a second gardener. The duties of this peon at the College have been attended to by the peon of the Gymnasium whose legitimate duties do not give him full work. Hence it is proposed to retain him at the College even after the Gymnasium is closed, so that the total number of peons may remain the same as at present, viz, 5, and the menial work of the College may be more fairly distributed.

I have the honour to be,

Sir,

Your most obedient servant,

G H Stuart

C. No. 1862.

SUBJECT.

Reorganization of the menial establishment of the Teachers' College.

There are now two punka pullers (one on Rs. 6 and the other on Rs 4) and two totis (one on Rs. 2-8-0 and the other on Rs 1) attached to the college. The revised scale provides for one punka puller on Rs. 6 and one toti on Rs 5 and it is stated that the other punka puller and the other toti will be paid from contingencies. It is submitted that both the punka pullers and both the toties may be removed from the proposition statement. Existing orders allow a punka puller on Rs. 4 for every European officer and his wages can be met from contingencies: nothing more seems to be necessary. A full time toti also can be easily obtained for Rs. 4 and paid for from contingencies. It approved the proposition statement will be altered.

2. In the Directors' letter recorded in G.O. no. 586 Edl. d/ 23rd Sept. 1902 he proposed the transfer to the college of the peon attached to the gymnasium: the Govt. then said that

the

the necessity for another peon should be proved. In the proposition statement now submitted the old number of peons is retained but the number of gardeners is raised by one. The necessity for an additional gardener is explained by the Director and the proposal may be approved. Z

vide paragraph 2 of Director's letter D. 0. No 615 Edl of 6/10/02

3. A fee of Rs 5 will in future be paid to the gymnastic instructor of the Teachers' College. It is necessary that this should pass through the accounts,* but the proposition statement does not provide for it. The amount is not intended to form part of the man's pay but it will be a personal allowance. The proposition statement may be amended but if at any time the number of pupils in the gymnastic class falls short of five the allowance should be correspondingly reduced.

The proposals relating to the revision of menial establishments in the Teachers' College, Saidapet, which require examination are dealt with below:-

2. In paragraph 2 of his letter, Ref. on C.No. 639/ dated 2nd October 1902, the D.P.I. proposed that the existing number of peons in the Teachers' College might be reduced by one and that an additional gardener might be appointed instead, on the ground that a single gardener was unable to water about 800 plants and to look after the compound, which is about a quarter of a square mile in extent. In the proposition statement now submitted by the Director the existing number of peons has, however, been retained, while an additional gardener is also shown.

X G.O.No. 586, Educl., dated 23-9-02.

Page 2 of ct file

3. In connection with the abolition of the Teachers' College gymnasium, the Director applied for the transfer to the College of the peon attached to the gymnasium, and Government called upon him to explain the necessity for an additional peon for the College. The Director now explains that of the five existing peons on the College establishment one assists the gardener and will under the revised scheme become a second gardener, and that the duties of this peon at the College have been attended to by the peon of the gymnasium "whose legitimate duties do not give "him full work", & he adds that the total number of peons will thus remain the same as at present, viz. five, and that the menial work of the College will be more fairly distributed. ~~The Director's proposals entail an additional cost of Rs. 4 per mensem in so far as peons are concerned.~~ The position is, that in addition to the 5 peons at the College costing Rs. 30 per mensem there has been a peon at the gymnasium attached to the College costing Rs. 6

NP 4

per

6

⑨

per mensem, total Rs. 36. The Director's proposal is to replace these six men by five men costing Rs. 34, the pay of the staff being reorganized. He also adds a gardener on Rs. 6. The total number of peons and gardeners thus remains the same and the extra cost on their account is Rs. 4. The Educational department accepts the Director's proposals.

Para 2 on page 2 of notes.

5. Under the present scale of permanent establishments in the Teachers' College the following are shown:-

Vide page 3 of ct file

(i) Two punkah pullers on Rs. 6 & 4.
(ii) Two toties on Rs. 2½ and 1.
(iii) Three sweepers on Rs. 2 each.

The same scale is provided for in the C.B.E.

Page 128, 1902-03,

6. (i) Punkah pullers. The Director now proposes that a senior punkahpuller on Rs. 6 may be retained on the permanent establishment and the other paid from Contingencies. The Director has already reported that that the senior man is borne on the pensionable establishment and that his pay cannot be debited to contingencies. The Educational department considers, however, that both the punkah pullers may be removed from the proposition statement and their wages met from contingencies on the ground that the existing orders allow a punkah puller on Rs. 4 for every European officer to be paid out of contingencies. Punkah pullers are part-time servants and have been declared ineligible for pension. Their pay should ordinarily be debited to Contingencies.

(ii) Toties. The Director's proposal is to raise one of the toties to Rs 5 and to pay the other from Contingencies. As a full-time toti is considered necessary for the College, it is proposed to retain the toti on Rs. 5 on the pensionable establishment. Educational remarks that

6

I should think soon [illegible]

Retrospectively?

a full-time toti can be easily obtained for Rs. 4 and paid for from contingencies and accordingly proposes to remove both the toties from the proposition statement. In G.O.No. 793, Pension, dated 17th October 1898, Scavengers (toties) in all departments were declared ineligible for pension. It is therefore submitted that this class of servants must be paid from contingencies and should not be borne on the permanent establishment.

Vide 793, Pension, dated 17-10-98. N

(iii) Sweepers. These menials are treated as part-time servants and the Director's proposal to debit their wages to contingencies may be accepted.

Vide remarks at foot of propn statt - page 3 of cl file

7 6. In this connection it may perhaps be noted that the Director has already been empowered to sanction the entertainment of sweepers, scavengers and ~~contractors~~ Conductresses whose whole time is not given to the public service, their wages being paid from contingencies.

Hon.

I am unable to form any opinion as to whether this reorganization is called for. Such reorganizations invariably mean extra expenditure and the saving in this case means that the ~~expenses~~ charges are hidden in contingencies. I can not find any justification for the enhanced expenditure.

31/1/03.

No more can I form an opinion but I wish the matter treated with sense in Educational.

3/2/03

Ed. no 11/2/03.

Educational Departt

The proposition statement provides for

(a) The abolition of the staff of the Teachers' College gymnasium costing Rs 56 per mensem.

(b) The reorganization of the menial establishment of the college at an extra cost of Rs 14 per mensem.

2. It is submitted that (a) calls for no remark. In regard to (b) the proposition statement actually shows an extra expenditure of Rs 3 only - the difference between an increase of Rs 13 and a decrease of Rs 10. but the two existing toties should have been shown separately and as one of them ~~gets~~ is to get an increase of Rs 2-8-.. and as the other is to be paid from contingencies the total increase and decrease should have been shown as Rs 14 and Rs 11 respectively. The increase of Rs 14 is arrived at as follows:-

		Rs
(1)	Increase to mochi - future attender and museum peon.	1-..
(2)	Increase to peons from (1) 8, (1) 7, (1) 6, (1) 5 & (1) 4 to (1) 8, (2) 7 & (2) 6.	4-..
(3)	One additional gardener	6-..
(4)	Increase to night peon	..-8
(5)	Increase to one of the 2 scavengers	2-8
	Total	14-..

The decrease of Rs 11 is no decrease at all since the amount will in future be paid from contingencies — namely Rs 4 to a punka puller, Rs 6 to sweepers and Re 1 to a Scavenger.

3. The question for orders is whether the extra charge of Rs 14 should be sanctioned. The reasons assigned are (i) the existing scale with but slight modifications has been in force since the days of the old normal School although the expansion of the College in several directions has very considerably increased the work of the Establishment,

(ii) the pay of some of the peons is so very small that it is not possible to secure passed men, and

(iii) the single gardener now on the staff is unable to look after the compound and plants.

~~It is submitted that~~ the first of these reasons cannot ~~not~~ be accepted but the second and third fully justify proposals numbered (2) & (3). Those numbered (1) & (4) are so trivial that it seems hardly worthwhile to challenge them. Instead of that numbered (5) a toti on Rs 4 paid from contingencies should be sufficient and instead of the permanent punkah puller on Rs 6 a man on Rs 4 paid from contingencies ought to be sufficient. The present man is on the pensionable Establishment but if the scale is altered the

---

+ As what? A punkah puller is not likely to be fit for anything else

Director will no doubt provide+ for him elsewhere. The actual extra cost ~~not~~ involved in the reorganization will then be Rs 11 per mensem.

GOVERNMENT OF MADRAS

The saving of Rs. 56/ p.m. thro' abolition of Gymnasium seems to be real.

The increase of 1 Gardener on Rs. 6 p.m. seems to be justified, & the raising of the pay of the peons on Rs. 4, 5 & 6 to Rs. 6 & 7 may be accepted.

No grounds for giving the Muchi an extra Rupee & the Night Peon an extra 8 As. & exist.

These increases, & that to the Toty may be disallowed, & a Toty & Punkah puller on Rs 4 each, paid for contingencies, may be substituted for the men on fixed Establishment
