TO

HIS EXCELLENCY
THE GOVERNOR-IN-COUNCIL
FORT SAINT GEORGE
MADRAS.

MAY IT PLEASE YOUR EXCELLENCY:—

We the Hindu parents and guardians of the school going population of Palamcottah and its suburbs most humbly beg to bring the educational grievances we and our children labour under to your Excellency's kind and sympathetic consideration.

This is a big Municipal town with several villages outside the Municipal limit, attached to it. This being the head quarters of several departments of Government in this district there live several Hindu officials in addition to its inhabitants consisting of wealthy land lords, merchants, bankers and several others following minor employments and professions. The Christian population of this place when compared with the Hindu is very insignificant.

There flourished once a Hindu High School here and till but a few years ago there was a Hindu Lower Secondary School in our midst satisfying our requirements. In time it came to be abolished and we felt the absence of it very keenly. Fortunately in the person of one Mr. Gopal Iyengar, who is a Municipal Councillor and the trustee of a local temple, we found a gentleman who came forward to devote his means and energy in maintaining a Hindu institution. After vexed delays in procuring certificates from the local schools where our children were studying we succeeded in increasing the numerical strength of the school and the manager in his turn followed the recommendations of the Educational Code very closely in furnishing the school house and in making the teaching staff very efficient. Having fulfilled the requirements of the code, we were told, the manager had applied to the

3/11/05

3/1/0

head of the educational department of your Excellency's Government to recognise the school and we felt confident that the Director of Public Instruction would encourage the enterprising spirit of our young manager by taking the school into his patronage. But to our great surprise and greater disappointment we were told that the manager had been informed that 'the school will be refused recognition on the ground that the needs of the locality are sufficiently satisfied by the existing recognised schools.' We thought that this kind of reply was due to our not having explained ourselves fully and so appealed to the good graces of the Director to reconsider his decision and we regret very much to say our grievances and wants were given a deaf ear to by the custodian of the educational advancement of your Excellency's humble subjects.

What we pray for, is only to revive the late Hindu School which in its palmy days was of much service to our children and indirectly to us. Again the reason that the requirements of the place are fully satisfied by the existing recognised schools is, in our humble opinion, not a valid one. If what he says were the fact there would be no necessity to waste our means and energies and no possibility to procure the present numerical strength of the school. Keeping these considerations aside and even granting that the needs of the place are fully satisfied by the existing recognised schools which your Excellency's humble memorialists crave permisson to deny, there is another reason which would solicit your Excellency's interference to be very necessary. It is the want of a Hindu School in our midst. There are two High Schools and two Lower Secondary Schools supported by Christian Missions and inculcating our dear ones and hopes of our declining years into the christian doctrines. This state of affairs is one, that makes us despair. Our boys, by attending Christian institutions become very soon subject to their teachings and their conduct in later years become very repugnant to our feelings and sometimes we have to lose them into the Christian fold which thought we can, in the least withstand. This, above all others is what made us appeal to your Excellency's sympathy and generosity.

With full confidence, that your Excellency will feel for our parental solicitude and anxiety for our childrens' welfare, we appeal to your Excellency who is our Soverign's representative and who, we are glad to learn, takes a very lively interest in the education of little ones and we most humbly pray your Excellency will graciously condescend to be our deliverer from what would otherwise prove to be a standing source of anguish and trouble.

We beg to subscribe ourselves,
Your Excellency's most dutiful and loyal subjects,

To

His Excellency

THE GOVERNOR-IN-COUNCIL OF

Fort St. George, Madras.

MAY IT PLEASE YOUR EXCELLENCY.

The humble Memorial of S. GOPALAIYANGAR,
Manager of the Town Lower Secondary School, Palamcottah.

MOST RESPECTFULLY SHEWETH,

That Your Excellency's humble Memorialist, at the request of the residents of Ramaswami Koil Street, Gopalaswami Koil Street, South Car Street, and other adjoining streets of the City of Palamcottah, started on the 4th ~~1st~~ of March 1901 a Primary School with about 50 boys on its rolls.

2. That Your Excellency's Memorialist with a further outlay of about a thousand (1000) Rupees at the earnest solicitation of the Hindu Public of Palamcottah raised the said school to the Lower Secondary standard from the ~~1st January 1902~~ 12 July 01 under the name and style of the Town Lower Secondary School Palamcottah.

3. That Your Excellency's Memorialist at considerable expense arranged without exception to satisfy each and every condition required by the educational rules for the recognition of schools with regard to (i) staff, (ii) accommodation and appliances including furniture, apparatus and library, (iii) the maintenance of Registers of admission, attendance and withdrawal.

4. That the number of boys on the rolls of the school is about 150.

5. That Your Excellency's Memorialist on the 26th March 1902 applied to the Director of Public Instruction for the recognition of the said school under the Madras Educational Rules.

6. That the Sub-assistant Inspector of schools Tinnevelly Range, the assistant Inspector of schools Madura—Tinnevelly Division, and the Inspector of schools Southern Circle, through whom the said application for recognition was submitted one and all of them reported in forwarding the said application to the Director of Public Instruction,

that the school satisfied all conditions of recognition under the Madras Educational rules,

that there was not a single instance of violation of inter-school rules,

and that the school may be recognised.

7. That the Director of Pubilc Instruction not having passed orders on the said application for recognition, Your Excellency's Memorialist on the 30th July 1902 submitted to the Director of Public Instruction, a reminder by a telegram praying for early recognition in as much as the 15th August was the latest day for sending in applications for the Lower Secondary examination of the current year for which about 17 boys had to be sent up.

8. That as no orders had till then been passed, Your Excellency's Memorialist on the 15th August 1902 sent in the applications for the Lower Secondary Examination of 1902, in anticipation of recognition and duly intimated the said matter to the Director ef Public Instruction by a telegram dated the said 15th day of August.

9. That Your Excellency's Memorialist received on the 18th Sept. 1902 the proceedings of the Director of Public Instruction No. 4647 dated the 16th Sept. 1902 to the effect that "recognition will be refused on the ground that the needs of the locality are sufficiently satisfied by the existing recognised schools"

10. That Your Excellency's Memorialist understands that the said proceedings were passed under a Government notification No. 62, dated the 5th July 1902 to the effect that "in granting recognition the educational needs of the locality will be taken into account"

11. That Your Excellency's Memorialist submits that the said notification dated the 5th July 1902 came into force on the day of it puplication in the Fort St. George Gazette *Viz.*, the 22nd July 1902 and should not govern the application made by Your Excellency's, Memorialist on the 26th March 1902 full four months prior to the said notification, or affect in any way the recognition of the school started by Your Excellency's Memorialist at considerable expense so long ago as the 1st January 1902 on the faith of the then existing rules.

12. That Your Excellency's Memorialist further submits that there is no other school within a radius of three furlongs and within the easy reach of young boys of the above mentioned Ramaswami Koil Street, Gopalswami Koil Street and other adjoining streets, that there is no Hindu Institution in the whole city of Palamcottah, or within two miles thereof, to which Hindu parents would prefer to send their boys with confidence, that the school in question was started at the express wish of the Hindu residents of the locality, and that in the interests opinion and wish of the residents of the said Ramaswamy Koil and other streets, the Institution and maintenance of the school in question is an absolute necessity.

13. That the Sub-Assistant Inspector Tinnevelly Range after taking into consideration the number of the school-going population in Palamcottah, the extent and area of the Palamcottah city, and the number of schools therein with special reference to the number of boys in them, reported that the educational needs of the locality required the school started by Your Excellency's Memorialist.

14. That on the aforesaid grounds, Your Excellency's Memorialist petitioned the Director of Public Instruction on the 18th Sep. 1902 praying for a reconsideration of his above mentioned proceedings dated the 16th Sep. 1902.

15. That the said petition for reconsideration was supported by a Mahazir dated 23rd Sep. 1902 signed by 1500 of the Hindu residents of Palamcottah, at whose request the school was started, pointing out how the school in the locality was a necessity, how in the absence of the school in question they were obliged to send their young boys to the Hindu College Tinnevelly, an institution two miles away from the locality and how the non-recognition of the school to which they had sent their boys in the fullest hope of its being recognized under the Madras Educational rules as they existed prior to July 1902, would affect the course of study undergone by their boys and their right to appear and pass the Lower Secondary Examination 1902.

16. That Your Excellency's Memorialist received on the 12th Oct. 1902 the proceedings of the Director of Public Instruction No. 4917 dated the 11th day of October 1902, finally refusing to reconsider the order already passed in his proceedings No. 4647 dated 16th September 1902.

17. That Your Excellency's Memorialist submits most humbly that if the favour of recognition be not bestowed upon his school, he will be put to a heavy pecuniary loss of over Rs. 1500 and inconvenience and hardship detailed above, is sure to be caused to the pupils of the school and the Hindu residents of Palamcottah.

Your Excellency's Memorialist therefore prays that Your Excellency in Council may be graciously pleased to revise the proceedings of the Director of Public Instruction dated 18th Sep. 1902 and to direct the Director of Public Instruction to recognise the said Town Lower Secondary School Palamcottah.

For which act of kindness Your Excellency's Humble Memorialist shall as in duty, bound, ever pray.

He begs to subscribe

& loyal subject

Most Honoured Sir,

This School was sta
ed by me Since the want of a hind
School in this town, where the majo
portion of the inhabitants are hindu
was deeply felt and many respecta
gentleman of this town urged me
to do so. Accordingly the School wi
started and the application for
cognition was submitted on the 26
March 1902. And at the cost of Rs
I have satisfied all the conditions
quired for recognition in accor

accordance with the provisions laid down in the educational rules. Ever since the School was started it has been systamatically conducted like the other long standing recognised schools, strictly observing the educational rules.

That the needs of the locality before recognising an institution will be considered was published in the Fort St. George Gazette only on the month f july 1902.

That a hindu School has been n existance in this town in the nidst of so many other working schools r more than a period of 20 years. nd it is only in the absence of a indu School hindu boys are obliged go to the mission schools.

That I have wired to your onour on the 30th July 1902 stating t the latest date for sending up applications for the lower secondary amination was the 15th August and have been favoured with no reply. d in anticipation of the favourable rs for recognition since the school

School satisfies all conditions for the same I sent up the appliations for the lower secondary examination & I have also wired to that effect to you honour on the 15th August.

Under these circumstances I am almost at a loss to know how I am dispose of the various materia that I have purchased for my School how to get back the money that I have deposited in Husar treasury and how I am to redeem the cala mity that is to reign over the unfo tunate hindu parents of this town and pray therefore that your Hon will be graciously pleased to re consider your Honour's proceedings dated the 16th Instant and pass favourable orders and recognise School.

From

C. D. Nayagam & others,
on behalf of the inhabitants of
Palamcottah & its suburbs.

To

His Excellency The Governor-in-Council,
Fort St. George,
MADRAS.

(Through the Secretary to Government, Educational Departt).

May It Please Your Excellency,

In continuation of our memorial submitted on 25th Sep 02. we most humbly beg to bring the following few more lines to Your Excellency's generous consideration. The most trying state of affairs as regards the education of our little ones prompt us to take courage to approach Your Excellency's sympathetic presence with our cries of disabilities and the solicitous care & pleasure Your Excellency showed while Your Excellency was lately in the midst of our boys and the interest Your Excellency showed in the promotion of their education encourage us all the more in this attempt of ours. Therefore we most sincerely pray that Your Excellency will graciously pardon us for our renewed attempt taking into consideration our interest that is at stake and the anxiety we feel to preserve it.

The argument of the Director of Public Instruction "that the needs of the locality are sufficiently satisfied by the existing recognised schools" is ill-founded may be seen when we take into consideration that in spite of the

presence

presence of the Town Lower Secondary School at Palamcotta none of the schools has suffered in the numerical strength of its classes. This may be easily ascertained by comparing the current registers of the several schools with the respective registers of past years. So we can decidedly say that the Town Lower Secondary School is effectually satisfying a real need. If as the Director says the school is refused sanction we are sure most of the boys will rather discontinue their studies than seek admission into the existing Christian Institutions. The minds of the parents are in Your Excellency's memorialists' humble opinion, with due reason, prejudicied against the Christian Institutions. What the students are thereby made to lose being the absolutely necessary primary and secondary education, we pray Your Excellency will graciously condescend to avert the catastrophe which the Director's attitude is sure to prove to be.

In spite of nearly half a dozen Girls' Schools conducted by Christian Missionaries, many of our girls receive education, though imperfect it be, in pial schools of indigenous management. This state of things is solely due to the prejudice against institutions of alien religions created by several recent conversions, some of which --- brought the parties into criminal courts. Many of us have been brought to calculate the manifold advantages which English Education may shed upon our daughters and sisters as well. But many of Your Excellency's humble memorialists will willingly prefer to keep our female relations in ignorance of the benign English Language to risk their connections with us by sending them to Christian Institutions. We had asked the Manager to admit our girls also into the school and he has given us every encouragement that he would convert it into a mixed school from the

beginning

beginning of the next year. Thus we crave permission to bring to Your Excellency's generous attention that Your Excellency's advantageous interference in this appeal of ours will tend to raise not only educated men, but also educated mates and mothers and thus shed happiness and harmony in their dear homes.

We have, though in feeble language, expressed our grievances and we most sincerely & humbly pray Your Excellency will generously recognise this attempt of ours to be one requiring Your Excellency's sympathy & encouragement, and thus have the school recognised.

We beg to subscribe ourselves

To

The Secretary to Government,

Educational Department.

Sir,

In returning the papers received with endorsement No 332, dated 19th November 1902 of the Educational Department referring to me for remarks certain petitions in regard to the recognition of the Town Lower Secondary school, Palamcottah, I have the honour to state that recognition was refused on the report of the acting Inspector who did not recommend it because the educational needs of the place appeared to be fully supplied by existing schools. I beg to add that further enquiries are now being made and if in the opinion of the Inspector the existence of the school is justifiable and it can give guarantees of permanence it will be recognized.

Subject. Recognition of a Hindu School in Palamcottah.

The Director might have made an exception in ~~the~~ case of this School but he probably knows better. As he has refused recognition it does not appear advisable on the part of Govt. to interfere.

The Govt. cannot interfere. A draft may be put up to that effect for approval.

I disagree – I don't think the Educational needs of the place are satisfied when the Hindus have no Hindu School to which to send their boys – However this is the question so exciting since burning controversy in England just now.

Send the petition to the Director for remarks

The Director's reconsideration will not help us if the final order is the same. Better get the Director's final order for our consideration
