Hospital Assistants.

Requesting the Surgeon-General to arrange for increasing the number of Madras-Burma pupils annually recruited from 6 to 12; and informing the Government of Burma of the same.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following paper:—

From the Secretary to the Government of Burma, to the Secretary to the Government of Madras, Educational department, dated Rangoon, 26th February 1903, No. 970/4X-4, General department.

I am directed to say that the supply of hospital assistants in this Province has been found to fall far short of the demand. The Inspector-General of Civil Hospitals has accordingly been instructed to address the medical authorities at Madras with a view to obtaining an increased number of recruits from Madras in accordance with the scheme referred to in the correspondence ending with this office letter No. 785, dated the 29th July 1896.

2. I am to express a hope that the Madras Government may see no objection to the course adopted.

ORDER—No. 133, Educational, dated 23rd March 1903.

The Surgeon-General will be requested to arrange for increasing the number of Madras-Burma pupils annually recruited, from 6 to 12 until further orders.

2. The following letter will be despatched to the Government of Burma.

LETTER—No. 134, Educational, dated 23rd March 1903, to the Secretary to the Government of Burma, General Department.

With reference to your letter No. 970/4X-4, General department, dated the 26th ultimo, I am directed to state that the Medical authorities at Madras have not as yet received any communication from the Inspector-General of Civil Hospitals, Burma, on the subject of increasing the number of medical pupils annually trained for the Burma Government in the Madras Medical College. His Excellency the Governor in Council has, however, now issued the necessary instructions to have the number raised from 6 to 12: the accommodation available at present will not admit of any further increase.

A. G. CARDEW,
Ag. Secretary to Government.

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., Nos. 133, 134, EDUCATIONAL,
DATED 23RD MARCH 1903.

[SUBJECT.—*Increase in the number of Madras-Burma pupils in the Madras Medical College.*]

From the Government of Burma, dated 26th February 1903, No. 970.

In the notification that is now appearing in the *Fort St. George Gazette* inviting applications for admission to the Medical College as Madras-Burma pupils only six vacancies are advertized. This is the usual number. It does not, therefore, appear that the Surgeon-General has as yet received any instruction from the Inspector-General of Civil hospitals, Burma, to increase the number of pupils. He may perhaps be asked u.o. about it and also whether there is any objection to the number being increased. The only doubt is about the accommodation that will be available after the hospital assistant department of the Medical College is transferred to Ráyapuram. The necessary orders can be issued on receipt of the Surgeon-General's remarks. The Burma Government has also to be informed of the action taken.

P. T. THARYAN—6-3-03.

To Surgeon-General u.o. for remarks as to how many extra pupils can be entertained.

F. HANNYNGTON—7-3-03.

No communication on the subject has up to date been received from Burma either in my office or in that of the Principal, Medical College. So far, however, as the accommodation likely to be available in the Ráyapuram Medical school is concerned, there seems to be no objection to the number of these pupils being increased from 6 to 12.

D. SINCLAIR—17-3-03.

The draft placed below may issue.
