C. No. 470 From the D. P. 1.

No. 6435 dated 18th March 1903.

SUBJECT.

Acquisition of land for the construction of a building for the Training School at Madura.

Endorsement. Transferred to the P. & S. 2. The work may be included in next year's Budget. 19/3/03 19.3.03.

[It is impossible to acquire the site & pay for it before the close of the current year.]

Please see whether this is not the same land which was proposed to be acquired as the site of the Market when the existing market was proposed to be given up to the Madura Native College as a site for a Hostel. 19/3/03

This is the same land and its acquisition has already been authorized. vide G.O. no. 514 dated 11th Feb. 1903.

Slip S. The P. quoted is put up with the Madura Budget 20-3-03 budget now with the Secretary. The survey numbers of the lands in both cases are the same.

of the Gazette but there is a difference in the names
of the owners. The area also slightly differs.

The G.O. in question has been taken out & flagged
S. The difference in the area is not much - but the
difference in the names of the owner ~~still~~ exists. It
is believed that the land already notified is the
same as that referred to in G.O. No. 1201 in dt
30th September 1902 ^{but there is nothing to show this} ~~but this G.O. is not quoted~~
in the Collr's letter submitting the notification
for publication. If it is the same there is a plan
of it with the original of the September order &
the land now proposed to be acquired is exactly
the same. It is rather strange that Mr. Keeling did not
^{know this}

Phy
20/3/3 The Director may now be told that the land
he wants is not available.

The Collector may also be asked to
explain how the mistake arose. There
must have been great carelessness

^{somehow} somewhere ~~perhaps~~ *[Signature]*

I mentioned the matter to the Director, who tells me the matter did not go thro
the Collr's Office, & I suppose Mr. Keeling did not know the land had been already notified
for the same market. The Director may now be informed as at A. Phy 21.3.03

The draft placed below may issue.
