FURTHER PAPERS.

No. 13 Matha Covil Street,
Pondicherry 16th March 1903.

To,

His Excellency the Right Honorable Arthur Oliver Villiers,
Baron Ampthill, G. C. I. E. Governor of the Fort St. George,
MADRAS.

Through **J. Twigg Esquire I. C. S.**
Ag. Collector, Sea Customs,
Madras.

May it please your Excellency;

The humble Memorial of Silam Strinevasooloo Naidu, the Chief Clerk, of the out Ports Section, of the Statistical Branch, of the Custom House, Madras.

1. Your humble Memorialist joined the Madras Custom House in 1881 and rose by gradual promotions to a pay of Rs. 50 per m ensem. On the re-imposition of duties in 1894, he was appointed Market Reporter, on account of his special knowledge of value of goods and was paid a carriage allowance of Rs. 15 in addition to his then salary of Rs. 50. However on the appointment of the Head Appraiser in 1895 the place of Reporter on Rs. 50+15 carriage allowance was abolished but owing to inability to equalise valuations of imported goods with those sold in the Market for the assessment to duty and the compilation of Returns to the Government of India for the revision of Tariff values, your Memorialist was asked to do the duties of the abolished post, in addition to his own and which he discharged with zeal and assiduity, by attending, to the same, daily before and after Office hours for a period of 5 years (from 1895 to 1900) without claiming any reward or compensation and gave satisfaction in the discharge of both duties (Examiner and Reporter)—(Vide the Honorable Mr. Bradley's Letter No. 1134 G. Dated 22-2-1900 to the Board of Revenue—Enclosure 1).

2. On the amalgamation of the Statistical Branch with the Customs in 1900 your Memorialist was promoted from Rs. 55 to 60 per mensem, having been exempted from passing the Precis writing test up to the limit of salary of Rs. 60 only he was then drawing (whereas it is not uncommon for the Subordinates in this Custom Office to obtain permanent exemptions from this and other more essential tests—(Vide Enclosure 2), and was placed in charge of the out Ports Section which was then newly organised the men entertained being necessarily inexperienced, your Memorialist, therefore, spared no pains, in imparting individual instructions and coaching up the new Section for the compilation of Returns, in time, to the Govt. of India and likewise in bringing to light several important cases of undervaluation of goods and short levy of duty at out Ports involving a heavy loss of Revenue, which but for his speedy scrutiny of Bills of entry, would, without exception, have been allowed to pass unnoticed within the 3 months limit during which period only Govt. has the power to impose and collect duty once short levied under Section 39 of the Sea Customs Act. VIII of 1878. All these cases of undervaluation of goods &c. had escaped, the vigilence of Salt Inspecting Officers, who are supposed to check, frequently, the work turned out, by the out Ports Superintendents and thus, it will be seen, that your Memorialist here also has been doing, the additional work of checking duty collections and values placed on

dutiable articles, imported at the various out Ports from duty Bills of entry ranging from 2500 to 3000 a month at the request of his Superiors, (Enclosure——3) although it does not form part of his legitimate work, (Enclosure——4), on the score, that your Memorialist has acquired this special knowledge by working zealously for years together solely to maintain the respectability of his family, as he being closely connected to Dewan Bhadore Mr. Dharma Row Naidu the Pensioned Dy. Commissioner of Salt, Abkari Dept. and the Dewan Bhadore Mr. S. Rama Doss Naidu the present Dewan of Puddukottah. The additional work of your Memorialist resulted in the recovery to Govt. of over Rs. 5,000 (Enclosure ——5) during the period of 2 years *i. e.* eversince the establishment of the Statistical Branch at the Custom House Madras. Your Memorialist in this connection begs permission to cite a notable instance in which the Supdt. of Customs Vizagapatam passed a consignment of pipes* and fittings* imported by Messrs. Martin & Co. in November 1900 at a very low value. This undervaluation was detected by your Memorialist and during the Xmas. holidays of the year aforesaid your Memorialist went to Vizagapatam at his own expense & procured information there regarding this importation and on his representation (Enclosure——6) the Collector of Customs Mr. Cardew communicated with Messrs Martin & Co. & also with the Executive Engineer Vizagapatam which eventually resulted in the recovery of so large a sum of Rs. 1,500 but with all no part of this gain was given him as a reward for the services so rendered neither did he feel disposed to put in his claim for reward as he hoped that for his services he would merit recognition by way of special promotion. Your Memorialist however begs to point out that special rewards have in many instances been awarded to Govt. Servants and he begs to give a typical instance in which one of the Sayar Officers was given a reward of Rs. 75 out of Rs. 75 duly collected and Rs. 100 fine imposed on a certain consignment of wines on which the payment of duty was evaded in the 1st instance (Enclosure——7) in consideration that Supdts. have great responsibilities imposed on them and that instances of special negligence and detections of breaches of rules if rewarded will have a wholesome effect on the other Officers and act as an incentive to good work.

(Pipes and fittings) [redacted] already.

3. Mr. Cardew, in full appreciation of your Memorialist's good work and as the exemption from passing the Precis writing test was obtained with a limit of salary of Rs. 60 only, recommended him on the 21-6-01 to the Commissioner of Salt, Abkari &c. for the post of an Assistant Inspector on Rs. 125—with the view of bettering his prospects (Enclosure——8) as the Precis writing test is not required for the post of Inspectors, Assistant Inspectors in the Salt Dept. (Enclosure——9) and also it is the practice for the Commissioner to Recruit Assistant Inspectors both by direct appointments and by the promotions of Sub-Inspectors on Rs. 60 & 70 grades and also by drafting Officers from the Madras Custom House on the recommendation of the Collector of Customs. As the Commissioner appeared to have lost sight of your Memorialist although several vacancies occurred subsequent to the submission of his petition your Memorialist has submitted 2 more petitions thró the present Collector which were also strongly supported (Enclosure ——10) and for which he has been favored with a reply (Enclosure——11) by the then Ag. Commissioner to which your Memorialist begs to invite your Excellency's kind attention to para 2 of the reply wherein it is suggested that your Memorialist should apply to one of the Dy. Commissioners for a Sub-Inspectors post in the ordinary line notwithstanding the fact that your Memorialist's present appointment in the Madras Custom House on Rs. 60 is at least equivalent to

that of a Sub-Inspector on Rs. 60 in the Salt &c. Department and that in consideration of his good work he was by one and all of his Superiors recommended to the Commissioner for an Assistant Inspector's place on Rs. 125—(Enclosure——12 and also Enclosures 8 and 10 supra) whereas it pleased the then Ag. Commissioner to suggest him to apply for a post which is in no way better than his present post (instead of accepting such a post he would rather have preferred to the compulsory retirement from service) and yet your Memorialist had for the last 2 years been able to bring to notice about 100 cases of undervaluation and short levy of duty at out Ports in charge of Officers of the Salt Dept. specially appointed to hold charge of Mofussil Custom Houses and who must necessarily have only a scanty knowledge of the intricacies attached to such a Technical branch of service.

4. Your Memorialist further begs to submit that owing to the continued strain of work he had eversince the re-imposition of Customs duties in 1894 as humbly pointed out above, he has been compelled on account of impaired health to obtain sick leave, (which expires about a month and a half hence) to recruit his health & he is at present staying at Pondicherry, he begs to submit that from the information he procured there he was able to detect and report to the Collector of Customs Madras-2-important cases of evasion of duty that were continuing here for years together and left undetected until your Memorialist brought them to the notice of the Collector as aforesaid and the cases are still pending enquiry. (1) of evasion of duty on foreign postal parcels re-directed from Pondicherry for delivery into British Territories (2) of omission to collect duty on certain dutiable articles at the several Sayar Stations.

5. Under these circumstances your humble Memorialist begs to place his case for your Excellency's kind consideration and orders either (1) to grant him the usual 50 o/o of the duty recovered through his detections as reward or (2) exempt him permanently from the Precis writing test as he had already passed the * marginally noted tests (as this examination has in a great measure dwarfed his prospects, for, clerks who were his juniors have long since superseded him and are now drawing Rs. 100 per mensem in the Madras Custom House) so that he may be granted a special promotion carrying such an increase of emoluments as your Excellency may consider expedient in connection with the vacancy of Rs. 150 to 200 grade to be caused on the 1st April 1903 by the retirement of Mr. Venkatasamy Naidu the Import Supdt. of the Custom House Madras now doing the duty of the Dy. Supdt. in the Statistical Dept. to which branch your Memorialist is attached and where there is ample scope for your Memorialist to shew good work as heretofore.

* Middle School Examination in the 1st Class.
(2) Criminal Judicial Test.
(3) Customs Test.
(4) Translation Test.

For which act of kindness your humble Memorialist as in duty bound ever pray.

Your humble Memorialist.

S. Srinivasoolu Naidu

SECRETARY TO GOVERNMENT
24 MAR 1903
LOCAL & MUNICIPAL DEPARTMENT

Enc: (No. 1.)

No. 1134 dated 22nd February 1900.

To

The Secretary to the Commissioner of Salt Abkari and Customs, Madras.

SIR,

In submitting herewith a petition from S. Strinevasooloo Naidu a Clerk of this Office praying for exemption from passing the Precis-Writing Test for 2 years, I have the honor to state that the Petitioner is one of the Examiners in the Appraisers Dept. drawing a salary of Rs. 50. In addition to his duties he does the work of Market Reporter which involves an almost daily visit to the market to ascertain values and note fluctuations to enable him to compile returns required for the Government of India & Maritime Dist. Collectors. This has been done before and after Office hours and for it he receives no remuneration although he was getting a carriage allowance of Rs. 15 for it up to September 1895. In discharge of both duties he has given satisfaction.

2. It is also a fact that he has superseded by more than one of his juniors because he has not passed the Precis Writing Test. I therefore recommend that he may be temporarily exempted form passing it until the results of the Examination to be held in October 1901 are known. If the Board cannot see its way to grant his request I would propose that the payment to him of the carriage allowance be revived as a compensation for the extra work which he has to do before and after Office hours for the preparation of the returns for the Government of India.

(Signed.) H. BRADLEY,
Collector, Sea Customs,
22—2—1900.

Enc: (No. 3)

Endorsement of the Assistant Commissioner on his petition dated 6-2-1901, praying for permanent exemption from passing the Precis-writing test.

There is no doubt that this Clerk has been and is very useful in this Department. The bills of entry and shipping bills pass through his hands for examination before distribution to the Posters and as his experience of many years especially in the Appraisers Dept. qualified him to detect any mistakes made in them, I deputed him to do the work. The result is that he brought to my notice the instances mentioned by him in the application in which duty has been omitted to be charged or has been short levied by the Superintendents at out Ports.

There is no doubt also that Precis-writing is of no use to a man who like him to look after classifications, values, and calculations and in carrying out this duty his work has been decidedly good and has resulted in pecuniary benefit to Government.

I would therefore submit that in consideration of the good work he has done already and may still do he may be recommended for permanent exemption from passing the Precis-writing test. This will prevent his supersession by his juniors and will encourage him to continue his good work in the future.

(Signed.) C. KIELHANDER,
Asst. Commissioner,
and Supdt. of Statistics.
6—2—1901.

Enc: (No. 4.)

Para 10 of Mr. Oconnor's letter embodied in the Proceedings af the Madras Government Revenue Department Nos. 76—77 dated 8th March 1876.

It seems necessary to observe here that much of the time of the Statement Branch is wasted by minute comparison of the Tariff values of Tariffed goods with the duty realized as noted on the bills. The Clerks appear to be very anxious about this part of their work but I venture to suggest that it is no part of their business at all. They are responsible only for the record of trade and should leave calculations connected with the fiscal part of Custom House business to the proper Branches, the Statement Branch being concerned only with the Statistics of trade.

MADRAS 6TH JANUARY 1901.

To

THE SUPERINTENDENT OF STATISTICS

MADRAS.

Sir

I beg to submit that during the Christmas Holidays I visited Vizagapatam and Waltair in connection with the importation of pipes & fittings in November last by Messrs Martin & Co. for Water Works in the Town of Vizagapatam. Most of these pipes were already laid under ground and the size of the remaining pipes as far as I examined ranges from three to fifteen inches these are all cast iron pipes. There were also more than 2000 running feet of galvanized pipes of 2" From the enquiries made at Vizagapatam and Waltair I understand that the original estimate for pipes and fittings and for laying them was prepared for 4 Lacs of Rupees and that the Govt. has raised it by Rs. 20,000 owing to the high prices of iron since last year, it appears that no party came forward to undertake the work and therefore tenders were invited and Messrs Martin & Co. were successful. According to tender I was told the rate was from Rs. 170 to 180 per Ton for pipes alone. Further detailed information can be obtained on application to the Executive Engineer D. P. W. Vizagapatam, now stationed at Waltair, so as to take necessary action for the recovery of duty under Sec 39 of the Sea Customs Act.

I beg to remain
Sir,
Your most obedient Servant,
(Signed) S. SRINEVASULU NAIDU.

Endorsement on petition for an Assistant Inspectorship in the Salt Department.

I am glad to be able to say that Clerk. S. Strinevasooloo Naidu is a useful Assistant. His knowledge of goods, their classifications and values have been exceedingly useful to this Dept. in the detection of cases in which duty has been short levied at out Ports and although it is hard to replace him I should not like to stand in the way of his promotion. He has already been unfortunate in not having risen beyond Rs. 60 per mensem in nearly 20 years owing to failures at examinations. From his knowledge of Customs work I think he is fit to be in charge of one of the out Ports and would make a good Customs Superintendent.

Copies of Testimonials &c.

Madras 9th July 1902.

I have now known Mr. S. Srinevasa Naidu for nearly 7 years having been his immediate Official Superior during this time. He was Market Reporter and an Examiner in the Appraisers Dept. of the Madras Custom House when I came to Madras in September 95 as Head Appraiser and lost his allowance as reporter on my taking charge. He continued the work however at my request as I did not know the native language and finding him intertested in goods and their values I gave him hints in appraising which he has made good use of.

I tried to get him promotion in the Statistical Dept. to which he had been transferred as he was doing good work in it, but Mr. Cardew got him exempted up to Rs. 60 only a pay quite inadequate to the work he turned out and to the trouble he took in examining dutiable Bills of entry from the out-Ports to look for mistakes before the bills came to me for examination after they had been posted. He thus brought many cases to my notice which on investigation by me led to detections of undervaluations &c. at the out Ports.

He would make a very good Customs Superintendent of a very large out Port and I would strongly recommend that such a post be given to him. Mr. Cardew recommended him for such work and I believe spoke to the then Commissioner for him. Such a post does not require a pass in Precis-writing as there are many Assistant Inspectors who have not passed this test.

I have found S. Strinevasa Naidu an intelligent and honest Officer and I hope he will be permitted to shew his worth yet as a Customs Superintendent.

He is also from his knowledge of goods, and of Customs and market procedure quite fit for the duties of a Dubash to any firm requiring the services of such a man.
