From the D.P.I. Rc 5678 d 24th Nov. 1902.

The Director now forwards a plan and states that he has called for a valuation statement. The plan, however, has not been scrutinized by the officers of the P.W.D. who

who are required to certify that the building is suitable for a school. The Director may be asked to submit the plan to the Consulting Architect & get the necessary certificate.

With regard to the remark at A it is submitted that G.O. No 1591 W d/ 3rd June 1902 seems to apply to plans for new buildings and not to plans of existing buildings which are ~~proposed~~ to be purchased. ~~In regard~~ In the case of these buildings a valuation statement is all that is wanted from the P.W.D. If this view is agreed in the current may lie over till receipt of the valuation Statet. Whether such buildings are suitable for schools have to be certified by the Sanitary Authorities under the * Educational rules.

26.11.2

I agree. G.O. 1591. W. 3 June 1902 refers to the building of schools not to their purchase. In this case the school buildings have been used as such apparently for some years and it may be taken that the Inspectors are satisfied or the school would not have been given grants
