2. In this connection attention is solicited to the notes in G.O.N. 1083 Dated 11 Dec 1902 regarding the budget estimates for 1903-04 for the Aluminium redeparments of the School of Arts. It is understood that proposals for the closing up of the Aluminium department are now before the Educational department. The Director has not however urged any reasons for the retention of the temporary establishment in question for a period of one year. It is therefore submitted that the further retention of the establishment may for the present be sanctioned for six months, i.e. till the end of September 1903.

13/5/03 For the C.S.

As pointed out above, the continuance of the temporary establishment of the Aluminium dept. which costs Rs 540 per annum, does not seem to have been contemplated.

Sub. that we may accept the proposals.

As regards the remaining temporary establishments in the School of Arts & ask for further information as regards the Aluminium Dept.

Educational Deptt

It is not clear how the Financial Deptt makes out that the continuance of the temporary establishment of the Aluminium Deptt for another year was not contemplated. On the other hand ^{it is submitted} ~~it is submitted~~ ~~thought~~ that the sanction given to the budget estimate of the Deptt ~~implied conveyed and implied~~ conveyed also the sanction to continue the establishment and that it is only the formal sanction that is now wanted.

The proposals for closing the aluminium business are still under consideration.

The papers regarding the closing of the Aluminium business will show that the negotiations between Mr. Chatterton & the proposed transferees are in a very early stage. As yet, Mr. Chatterton has not reported any approach to a definite agreement, & I much doubt anything being settled within 30 Sept 03. It will be decidedly better to provide for the temporary establishment to close of the year.
