Read the following:-

Letter from Alfred Chatterton, Esq., Officer in charge, School of Arts, Madras, No. Al.4772, dated 18th March 1903:-

I have the honour to state that in connection with the experimental pumping at Melrosapuram some difficulty has arisen with regard to the payment of travelling allowance to M.R.Ry. T.K.T. Viraraghavachary the apprentice student whom I employed to supervise the work in the earlier stages. I must point out that the work was of a special character and is not what is ordinarily expected from Engineer apprentices. The allowances which he claims <sup>are</sup> ~~and~~ just sufficient to meet his out-of-pocket expenses but the Examiner of Public Works Accounts objects to them and wishes to fix his travelling allowance on the same scale as his stipend whilst an apprentice. On the 31st March his apprenticeship period expired and from that date to 19th April he was out of recognized employment altogether but was in charge of the work at Melrosapuram. The consequence is there are no funds from which his travelling expenses during that period can be drawn. On and after the 20th April he was employed at the School of Arts and his pay was drawn from the Aluminium Department but in that department no funds have been provided in the Budget for Travelling Allowance. I am therefore unable to debit his Travelling allowance to the department in which his pay has been drawn. The total amount objected to by the Examiner of Public Works Accounts is Rs.78-3-6 and I have the honour to request that you will be good enough to order the payment of this amount as a special case and charge the same to the cost of the experiment at Melrosapuram.

Office Note from the Examiner, Public Works Accounts,  
No.1561 B/E, dated 22nd April 1903.

Endorsement

Endorsement thereon by the Chief Engineer for Irrigation, dated 30th April 1903.

Order:-No. 1501W, dated 23<sup>rd</sup> May 1903.

The pay and travelling allowance of T.K.T. Viraraghava chari from the 1st to the 19th April will be accepted by the Public Works Department and charged to the work on which he was employed, viz, experiments on wells in the Chingleput Division. The requisite funds will be provided in the Irrigation Budget.

2. As regards the period on and after the 20th April, when T.K.T. Viraraghavachari held the appointment of Assistant in the School of Arts, his travelling allowance will, under orders in the Educational Department, be charged to the same head as that of his pay, in accordance with the rule in the Civil Account Code, Volume II, Article 824 A.
