Educational Department.

Paragraph 1 of the draft seems to require modification. The fund, though small in amount, is a trust fund and as such comes under rule II of article 173 of the Civil Account Code. It must therefore apparently stand in two names and not in one as proposed by the Director.

I think so. be approved in Educational rather than in Local and Municipal?

F.H.

On the whole it is submitted that para. 2 of the draft may be retained as para. 1 and a second paragraph may be added to the effect that orders in regard to the investment of the fund and the utilization of the interest thereon will issue in the Educational Department.

3. It would have been more convenient if the file had gone to the Secretary through the Educational Department.

For revised draft. Why wasn't article 173 C.A. Code noticed?

Please see the draft now put up. I regret I did not know the provisions of article 173 of the Civil Account Code. The draft order was marked for the acceptance of the Financial Department and it was thought that if there was anything objectionable in the Director's proposals, that Department would point it out.
