FURTHER PAPERS.

To

The Secretary to Government,
Educational Department.

Sir,

I have the honour to submit the enclosed plan with a valuation statement of the building constructed for use as a hostel in connection with the Setupati High School, Madura and to request that under Rule 113 of the Grant-in-Aid Code a grant of Rs 6066/- be sanctioned. The Superintending Engineer is of opinion that the estimate which bears the Executive Engineer's signature may be accepted as a valuation statement.

2. The institution which is of the Upper Secondary grade is one of the best of its kind in the district, and has a well attended Upper Secondary department, the average strength on the 11th March last of the IV, V and VI forms being 90, 92 and 80 respectively. The want of a hostel was for a long time seriously felt but for lack of funds, the manager was, until recently, unable to do anything in the matter.

3. The grant, if sanctioned, will be paid during the current year.

4. Out of the allotment for building grant for the current year payment of Rs 2782/- has been authorised up to date.

I have the honour to be,

Sir,

Your most obedient servant,

G. H. Stuart
Director of Public Instruction.

Building grant to the hostel attached
to the Setupati High school,
Madura.

-----:o:O:o:-----

The 'report' hardly predisposes one to repose great reliance on the compiler of the estimate or valuation statement or whatever it may be called. The school management I suppose is building. Does it build at D.P.W. rates? Is it going to spend Rupees 18,200? Is it working by contract, and if so what are the rates? The plans furnished are of recent date: approval prior to erection is apparently contemplated by the rules.

These are matters that suggest themselves. I don't know if they are worth enquiring or not.

J.T(homson).
27-5-03.

The hostel is being constructed by the manager of the school. There is nothing to show whether the rates are D.P.W. rates or not but the Executive Engineer has passed the estimate and the rates cannot be higher than D.P.W. rates. There is no information as to whether the work is to be done by contract but if it is, it is not likely that the contractor's rates will be less. In the case of grants to private bodies or persons for buildings it has not been usual to go into these considerations. The Executive and Superintending Engineers' approval to the estimates or

valuation statements has been considered sufficient.

[It is submitted that the same course ^{may} be followed in the present case also.]

2. Under rule 114 of the Grant-in-aid Code the grant can be disbursed only after completion of the work and on the production of a certificate from the Engineer or other responsible officer deputed to examine the building that the work has been proceeded with or completed, as the case may be, in accordance with the approved plan and estimate or that the building is worth the amount on which the grant is claimed. The manager shall also, if required, execute a deed of agreement in such form as may be prescribed by the Director.

3. Under para.2 of rule 113 grants shall not be given for a building regarding which the sanctioning authority has not been consulted and for which aid has not been promised previously to its erection, enlargement or purchase. The present application is with reference to this rule. The actual payment will be made after the production of the certificate referred to.

4. In the present case the Director may perhaps be specially asked to provide in the deed of agreement executed under rule 114 that the building shall be hypothecated to Government. The Government paid Rs.3,000 for the site - vide G.O., No.15 Educational, dated 12th January 1901 - and the present payment is over Rs.6,000. It is best to have proper security for this large grant to a private manager. He does not stand in the same position as a missionary body or registered association. If approved an additional paragraph will be added to the order.

*I think Mr. Stuart might see
these notes & make his remarks.
2. The draft should go on. 2875 M.D.*

From my knowledge of the case, I think it is very desirable that Govt should make the grant on the clear condition that the building is to be retained for educ. purposes, & that ~~the~~ the grant w^d. be forfeited & be recoverable, should the building be diverted to other uses. The Notes can go to the D.P. & co. as suggested, & he may be asked to send us a copy of the stock form of deed usually executed under Rule 114.

The condition that "the manager shall if required execute a deed of agreement in such form as may be prescribed from time to time" was first introduced into the grant in aid Code in 1885.

No form of agreement has ever been prescribed and no manager has, up to the present, been required to execute such a deed.

When drawing the grant,

the manager signs a declaration, printed at the foot of the grant-in-aid bill, that he agrees to abide by the conditions laid down in ^{Rule} Art. 116. of the Grant-in-Aid Code. This has, so far, been considered sufficient. A copy of the bill-form is sent.

No cases for action under Rule 116. of the Code have yet arisen.

As it seems doubtful whether a grant could be easily recovered on the strength of the declaration signed by the manager in the Grant-in-Aid bill I am having a form of agreement drawn up incorporating the conditions of ^{Rule} Art. 116. and this will be recommended for insertion in the next edition of the Grant-in-Aid Code.

The Director does not furnish any reply to the H. M. S. queries. Nor does he propose to defer payment of the grant in the present case till the form of the agreement to which he refers is approved. The usual declaration seems to be clearly insufficient here. A paragraph may therefore be added to the draft to the effect that a special agreement with the condition suggested at A on page 3 supra should be taken in the present case if the grant is paid before the new form of agreement is adopted.

8/1/13

Why has not the draft gone out? It was passed by the H. M. S. on the 27th ult., & should have reached the H. M. S. with the notes. I don't see the use of adding to the draft. The H. M. S. may see the notes again, & he will take what action is necessary.

A. S. P.
J. O.

I suppose the G. D. should issue, as the Hon. Member passed it. Have we any lists of grants made by G. D. under Chap. VIII of

The manager signs a declaration at the foot of the grant. He does not propose to refer to the H. M. S. bill, that he agrees to abide by the conditions laid down in the form of the agreement to which he refers in the usual declaration seems to be clearly insufficient here. A paragraph may therefore be added to the draft to the effect that a special agreement with the condition suggested at A on page 3 supra should be taken in the present case if the grant is paid before the new form of agreement is adopted.

We have no list ready, but one can easily be prepared from the G.O. sanctioning the grants. If the Secretary will kindly say up to what year we should go back, the order will be called for from Madras & the list prepared. Meanwhile the draft may go to the ~~Director~~ issue, copy of the notes ^{up to the middle of page 3} being stitched into the copy of the order going to the Director.

Yes. A List of Grants made in the last two years
may be prepared.
