GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers :—

From the President, District Board, Anantapur, dated 14th November 1902.

ABSTRACT.—Submitting the budget estimate of the District Board for 1903–1904.

From the Surgeon-General, dated 23rd November 1902.

From the Hon'ble Mr. G. H. STUART, M.A., Director of Public Instruction, Madras, to the Secretary to Government, Local and Municipal department, dated 5th December 1902, Ref. on C. No. 1103/3.

No reason has been assigned for the reduction proposed under the head Salary-results system. In the absence of any strong reasons, I deprecate any reduction especially as education in this district is very backward, and I recommend that the current year's provision may be repeated.

2. If funds permit, it is recommended that the amount provided for results grants may be raised to Rs. 6,000.

From Lieut.-Colonel W. G. KING, C.I.E., I.M.S., Sanitary Commissioner for Madras, to the Secretary to Government, Local and Municipal department, dated 16th December 1902, No. 3680/S.

This district board employs seven men on Rs. 7 each under the designation of probationary vaccinators, but virtually doing the ordinary duties of vaccinators, in defiance of the Vaccination Code. For a small district like Anantapur it will suffice if two probationers were retained ; but as the services of the remaining five men are necessary for the due performance of the vaccination work in the district, I would recommend that the status of the remaining five men be raised to that of second-class vaccinators.

As compared with the current year, the sanitary grant shows a decrease, spread over all heads. With plague in the adjoining district of Bellary this district board cannot afford to reduce its sanitary expenditure with impunity. I would therefore

recommend that at least the current year's provision under each head be repeated. It is observed from statements III-A and III-B that *no* works of a sanitary nature are proposed to be executed under Grant 1.

Official memorandum No. 1376, dated 24th November 1902.

In their order No. 296 L., dated 15th February 1901, the Government said that the amount provided under balance in the budget estimates should, as a rule, be limited to 5 per cent. of the estimated receipts of the year, excluding those relating to endowments and unions. The budget estimate for 1903–1904, now submitted by the Anantapur District Board, however, closes with a deficit of Rs. 15,807.

2. The estimated receipts under service heads for 1903–1904 have fallen from Rs. 1,34,770 to Rs. 1,32,330, the decline occurring chiefly under land-cess and house-tax. The decrease in the first case has not been explained, but that in the second is stated to be mainly due to the exclusion of certain villages from the unions and to the exemption of certain others from payment of house-tax.

3. Though the charges have been put down at Rs. 1,65,190 against Rs. 1,70,820 for the current year, they are Rs. 32,860 in excess of the receipts. Taking into account, however, the opening balance and the excess of the receipts over the charges under "Miscellaneous debt accounts", the deficit is Rs. 6,250 ; and after deducting the balances under the union and endowment funds, the deficit amounts to Rs. 15,807.

4. In their order No. 856 L., dated 6th September 1902, reviewing the administration report of the District Board for 1901–1902, the Government said that the board should consider whether it was not advisable to increase the rates of tolls and house-tax. Tolls are now levied at half the maximum rates and if they are raised to the maximum rates, the Board may probably get an additional income of Rs. 4,360 ; and if the house-tax which is now levied at three-fourths of the maximum rates be also raised to the maximum rates, the increased receipts therefrom may probably amount to Rs. 5,320. The total increase in the receipts will then amount to Rs. 9,680. The District Board is requested to budget for increased revenue under these two heads and to submit the necessary proposals for the sanction of Government. The Board is also requested to reduce expenditure, with reference to the remarks of Government in the Government order quoted above. The budget must be drafted so as to show a small surplus and the President is requested at once to suggest how this can best be done. A very early reply is requested to this reference. It should reach Government before the Christmas holidays begin.

M. HAMMICK,
*Secretary to Government.*

To the President, District Board, Anantapur.

From MUHAMMAD RAZÁ KHAN, Esq., Khan Bahadur, Collector and President, District Board, Anantapur, to the Secretary to Government, Local and Municipal department, dated 22nd December 1902, No. 157.

With reference to Government memorandum No. 1376, dated 24th November 1902, I have the honour to submit herewith, for the sanction of Government, revised draft budget for 1903–1904. The District Board in its resolution No. 10, dated 19th December 1902 (copy herewith submitted), has resolved to levy house-tax and tolls at the maximum rates, as directed by Government. This increases the receipts by Rs. 6,571. The Board has also resolved to transfer eighteen board primary schools to the Director of Public Instruction. This will effect a saving of Rs. 6,041 under grant 2. Two lists—one showing the number of schools to be retained by the local Boards and the other of those proposed to be transferred to the Director of Public Instruction—are herewith submitted.

2. The conversion of Darmavaram hospital to a dispensary has already been proposed in the budget. No further reduction in this direction is considered desirable.

3. The revised budget, as now framed, closes with a deficit balance of Rs. 7,674 and the Board is unable to raise the balance as suggested by Government and requests that the heavy expenditure under plague may kindly be borne by Government.

---

ORDER—No. 433 L., dated 2nd April 1903.

In statements I-A, I-B and IX, the transactions under Local Fund Engineer's cheques have now been excluded from both sides of the account and only the differences between the book and the treasury balances have been shown, as in the finally audited statements for 1901–1902 issued by the Accountant-General.

2. The proposal of the District Board to raise the rates of house-tax and tolls to the maximum is sanctioned and the increase in the rates should be notified in the manner required by section 60 of the Madras Local Boards Act.

3. In accordance with G.O., No. 1143, Financial, dated 24th December 1902, communicated with G.O., No. 23 L., dated 17th January 1903, the contributions expected from other District Boards on account of plague charges and the allotments for plague expenditure in the revised and the budget estimates will be altered as shown below :—

| — | Revised estimate. | | Budget estimate. | |
|---|---|---|---|---|
| | As originally provided. | As now modified. | As originally provided. | As now modified. |
| | RS. | RS. | RS | RS. |
| Contributions from other District Boards .. .. .. | 1,450 | 7,540 | 1,450 | 10,620 |
| Expenditure in the district .. .. .. .. | 9,790 | 10,050 | 10,000 | 14,160 |
| Contributions to other District Boards .. .. .. | 1,690 | 2,620 | 1,690 | 2,780 |

4. In the absence of any explanation as to the necessity for raising the maintenance grants for the roads from Cuddapah frontier *viâ* Gooty to trunk road No. 18 and from Dharmavaram to Kalyandrug, they will be reduced from Rs. 71 and Rs. 50 respectively per mile to Rs. 60 and Rs. 40, the rates for the previous year.

5. Credit will be taken for a grant of Rs. 7,000 from Provincial funds to enable the Local Boards to pay in full the result grants due to aided schools and a corresponding increase made in the allotment for result grants. The contribution expected from Government on account of grants-in-aid to Board schools will be raised from Rs. 1,630 to Rs. 2,050, as recommended by the Director of Public Instruction. In the present state of the Boards' finances, the recommendations of the Director of Public Instruction to raise the allotments for Board schools cannot be adopted. Orders will issue in the Educational department regarding the proposal of the District Board to transfer certain primary schools to Government.

6. The attention of the District Board will be drawn to the remarks of the Sanitary Commissioner regarding the revision of the staff of vaccinators ; but it is not practicable to increase the allotment for sanitation.

7. As suggested by the Surgeon-General, the allotment for contribution to Provincial funds on account of medical schools will be reduced from Rs. 610 to Rs. 160, and that on account of the reserve medical staff will be raised from Rs. 120 to Rs. 240.

8. With reference to G.O., No. 1296 L., dated 5th December 1902, the provision of Rs. 1,340 for contributions to provincial funds on account of the controlling establishments at the presidency will be reduced to Rs. 1,250.

9. As thus revised, the budget closes with a balance of Rs. 3,100 or 2·6 per cent. of the estimated receipts.

10. The estimates, as accepted by the Government, are shown in the appendix to this order.

Educational Department.

Sir,

In reply to the memorandum of Government No. 239, dated 17th April last, I have the honour to state that in view of the decision of Government that action should be deferred on the scheme relating to the establishment of model primary schools it does not seem advisable at present to convert the eighteen board primary schools in question into Government Schools. As it is, however, apparent that the taluk boards in the Anantapur District need some relief, I would propose that the provision of Rs 5 000/- for results grants made in the current year's budget estimate be paid by Government as an additional subsidy so that the taluk boards may be for the present relieved entirely from their liability to pay results and fixed grants. The amount expected to be saved annually by the transfer to Government of the eighteen schools referred to above is Rs 6 000/- in round numbers, against Rs 5 000/-, the additional subsidy for results and fixed grants proposed herein, and I beg to suggest that the local boards be required to meet the extra sum of Rs 1 000/- required for the upkeep of their schools out of general savings in the budget provision or in some other way.

2. If my proposal is approved, the additional subsidy of Rs 5 000/- can be met either from savings in the total allotment for provincial subsidy in the current year's budget, or from the grant in the educational budget under 22F(ii) Primary Schools for boys and girls. If the taluk boards require more relief next year, Government may, without taking over the management of any of the Board schools in Anantapur, undertake to pay the net cost of some of them as is now done in the case of the Municipal High Schools at Kurnool and Cuddapah and the Board High School at Chittoor.

I have the honour to be,

Sir,

Your most obedient servant,

G H Stuart

Director of Public Instruction.

EDUCATIONAL DEPARTMENT.

C. No. 596 From the Local and Mund Departt No 4337 dated 2 - 4 - 1903.
" " 902 " " 909 " 3158 " 6 - 6 - 1903

SUBJECT.

Transfer of 18 Primary Schools in Anantapur to Govt.

To avert a deficit in its budget for the current year the District Board of Anantapur proposed, among other things, to hand over to Govt 18 of its primary schools, the aggregate cost of which was estimated at Rs 8000 in round figures - vide President's letter on page 3 of C.no 596. The proposal was remitted to this Departt for consideration and was eventually referred to the Director for remarks.

2. The Director considers that as the scheme for the establishment of model primary schools has now been abandoned, it is inadvisable to take over these schools. To grant relief to the ~~Local Fund~~ District Board, however, he proposes that the subsidy payable to that ~~District~~ Board in order to enable it to pay its results grants in full may be raised from Rs 7000 to Rs 12000 so that Provincial may be entirely responsible for results grants in the current year. It is submitted that this course is likely to have a demoralizing effect on the Board. If the Board requires any assistance a grant for general purposes will be a better form in which it may be given. The best course appears to be to let the Board maintain the schools as hitherto

and see at the end of the year what special assistance is required: ways and means may then be considered. The current year's grant for plague expenditure is Rs14,160 according to the budget - vide page 6 of No 596 - but in the last quarterly estimate this amount has been reduced to Rs11,760 - vide page 3 of G.O. No 329 Fin. dt 4th May 1903. There may be further savings under the head or on the other hand the budget figure may be exceeded. The form of assistance, if any, may therefore be more conveniently decided at the end of the year.

PJJ 9/6/13

I should endorse the remark at A.

H.S.P.

I agree with the Director that it is inadvisable to take over Primary Schools for the Board, with the Office-Note that any question of financial relief to the Board should be dealt with later, not by a draft on the Est. Budget.

A.G.P. 12/6/13

Agreed

13/6/13

The draft placed below may issue.

PJJ 13/6/13

Please draft.

A.G.P. 13/6/13

The words "after the close of the year" might cause some doubt as to when the question of relief was to be taken up: I understand that it is to be considered in connexion with the estimate of grants to local bodies in 1904-5; if so, December is the date, is it not?

H.S.P. 16/6

December is the date if provision has to be made in the estimate of grants to local bodies in 1904-05. The idea seems however to be to ascertain whether the District Board will close the year with any deficit before deciding upon the payment of a grant. This can properly be done only after the close of the year. It will not be difficult to find about Rs4,000 or Rs5,000 then.

The Governor in Council agrees with the Director in considering that it is inadvisable at present to take over under departmental management the 18 primary schools mentioned in Mr. Muhammad Raza Khan's letter no 167 of the 22nd December last. His Excellency in Council cannot however approve of the Director's proposal to raise ~~from Rs 7,000 to Rs 12,000~~ the subsidy payable to the District Board from Prov! funds in the current year; ~~He considers that~~ the schools in question should ~~continue to be~~ maintained from local funds as before, any question of financial relief to the District Board

being ~~left to be~~ dealt with separately
~~after the Close of the year.~~
after the current official
Pty year closes.
