To the Secretary to the Government of India
Home department.

Sir,

In reply to Mr. Williams's letter no. 375 (Education) dated the 17th instant, I am directed to state that except in the 15th resolution there was nothing in the resolutions of the Simla Conference regarding Technical Education which necessitated any modification in the system under which the Madras School of Arts is conducted. Under the 15th resolution and the remarks of the Government of India at the close of paragraph of Mr. Hewett's letter no. 501 dated 20th November 1901, the further development

the manufacture of aluminium articles should have either been left to private enterprise or been removed from the School of arts and placed under a special officer not connected with the School or with the Educational department. Negotiations are accordingly being carried on with a view to transfer this business to a private company and His Excellency the Governor-in-Council hopes to complete them before the end of the current financial year. If they fall through ^{steps will be taken gradually to wind up} the business, ~~with~~ ~~that~~ ~~be~~ ~~done~~.

2. Weaving, Carpentry and work in metals other than aluminium are also carried on at the School to a limited extent but these are industries which are practised in the locality and in which improvement is capable of being introduced. As such they fall under the 13th resolution of the Conference.

3. Apart from this matter the Madras School of arts stands in need of reorganization chiefly in regard to teaching staff and apprenticeships. The consideration of this question has however been postponed pending receipt of the orders of the Government of India on the report of the Committee on Industrial Education.

Note. The fact seems to be that we are not prepared to give entire support to Resolves 6, 7 & 8 of the Conference. I have accordingly temporized with para 2 of Home Dept letter. In the record the less said, the better. R.C.
