AUGUST.

Medical School, Rayapuram.

Directing that the Government of India be requested to sanction the grant of a local allowance of Rs. 50 *per mensem* to the fourth instructor of the —.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

Read—the following papers :—

From the Hon'ble Mr. G. H. STUART, M.A., Director of Public Instruction, Madras, to the Secretary to Government, Educational department, dated 13th May 1903, Ref. on C. No. 3530.

In the proposition statement relating to the Medical school, Rāyapuram, sanctioned in G.O., No. 573, Financial, dated 29th July 1902, the teaching allowance to the fourth instructor was fixed at Rs. 50 *per mensem*; but the Accountant-General now declines to pass the allowance claimed for Military Assistant Surgeon C. T. M. Nicholas, the fourth instructor of the school, on the ground that, under article 76 (1) of the Civil Service Regulations, the sanction of the Government of India is necessary as his pay and allowance exceed Rs. 250 a month. I have the honour to request, in the circumstances stated, that the sanction of the Government of India may be obtained.

Memorandum No. 287, Educational, dated 18th May 1903.

The Director is requested to report—

(1) what medical appointment is held by the fourth instructor ;

(2) whether he has actually entered on his duties as instructor seeing that the classes will not begin work before July next ;

(3) from what date the teaching allowance of Rs. 50 *per mensem* was claimed for the fourth instructor and why it was claimed from that date ;

(4) whether a military assistant surgeon or civil apothecary on a salary not exceeding Rs. 200 cannot be appointed to the post, so as to avoid the necessity of a reference to the Government of India.

(By Order.)

A. T. PRINGLE,
Asst. Secretary to Government.

From the Hon'ble Mr. G. H. STUART, M.A., Director of Public Instruction, Madras, to the Secretary to Government, Educational department, dated 1st June 1903, Ref. on C. No. 3530.

I have the honour to reply to memorandum No. 287, Educational, dated 18th instant.

(1) The fourth instructor holds the post of superintendent of the Leper hospital, Madras.

(2) (3) The Rāyapuram Medical school was opened on the 1st April 1903 and the instructors have since that date been engaged with the Superintendent in making the necessary preliminary arrangements for the working of the school, though actual clinical work will begin only on June 1st and lecture work on 1st July. The fourth instructor, therefore, should be regarded as having entered on his duties on April 1st. The Accountant-General takes no exception to the date from which allowance is claimed, but disallows the claim for want of sanction of the Government of India.

(4) The Superintendent, Medical school, Rāyapuram, considers it inadvisable to place an officer on a salary not exceeding Rs. 200 in charge of the Leper hospital, which is a very large institution. The appointment should, he considers, be reserved for senior men.

Memorandum No. 339, Educational, dated 17th June 1903.

From the Director's letter No. 3530 of the 1st instant, it appears that the second and third instructors of the Rāyapuram Medical school drew their teaching allowance of Rs. 50 with effect from 1st April last, although clinical instruction did not begin before the 1st June and lecture work will begin only from the 1st July. The Accountant-General no doubt passed the allowance under the impression that the school was actually opened on the 1st April, and the preliminary arrangements on which these instructors are said to have been engaged could not have occupied them for two whole months. The Director is requested to report whether there are any reasons why the amounts drawn for April and May should not be retrenched.

(By Order.)

A. T. PRINGLE,
Asst. Secretary to Government.

From the Hon'ble Mr. G. H. STUART, M.A., Director of Public Instruction, Madras, to the Secretary to Government, Educational department, dated 14th July 1903, Ref. on C. No. 3530.

With reference to memorandum No. 339, Educational, dated 17th June 1903, the Superintendent, Rāyapuram Medical school, reports that the second instructor has been engaged in clinical teaching from the 1st April. The students attended hospital during April and May, half the number attending each month. About 30 students were in the native infirmary during those months, and the second instructor gave instruction to those in the out-patient department, in the wards and in the *post-mortem* room. This instructor also assisted the Superintendent in many ways in connection with the taking over charge from the Medical College and arranging books, instruments and appliances and in the preparation of anatomical diagrams and specimens.

2. In regard to the third instructor, who is the Resident Medical officer of the Ramaswamy Maternity hospital, the Superintendent states that he has always been in receipt of an allowance of Rs. 50 as clinical instructor, and that this allowance ceased when he was made an instructor of the Rāyapuram Medical school. In his case, therefore, it is immaterial from what date the teaching allowance attached to the post of third instructor is paid.

3. Colonel Reeves says that the whole place has been constructed practically under his directions and that all the instructors gave him valuable assistance. In the above circumstances, I consider that the teaching allowances should be paid from the 1st April.

Telegram from the Secretary to Government, Educational department, to the Director of Public Instruction, dated 21st July 1903, No. 20.

Your letter 3530 [dated] thirteenth May. Please forward through [the] Accountant-General [the] usual proposition statement for [the] grant [of] teaching allowance to [the] fourth instructor [of the] Rāyapuram Medical school.

From the Hon'ble Mr. G. H. STUART, M.A., Director of Public Instruction, Madras, to the Secretary to Government, Educational department (through the Accountant-General), dated 29th July 1903, Ref. on C. No. 3530.

As directed in the telegram of the 21st instant, I have the honour to submit the proposition statement therein called for in regard to the Medical school, Rāyapuram.

No. G. 1048/4869, dated 6th August 1903.

Forwarded to Government.

2. As Military Assistant Surgeon C. T. M. Nicholas, assistant to Surgeon, First district, and Superintendent of Leper Hospital, Madras, already draws a salary of Rs. 230, the sanction of Government of India is necessary to his being appointed fourth instructor, Medical school, Ráyapuram, and allowed to draw a local allowance of Rs. 50—*vide* article 283 (4) (3*a*), Civil Account Code.

W. S. ADIE,
Offg. Accountant-General.

ORDER—No. 382, Educational, dated 15th August 1903.

The allowances to the second and third instructors may be paid from 1st April 1903; that to the fourth instructor should commence from 1st June.

2. The Government of India will be addressed.

(True Extract.)

A. G. CARDEW,
Ag. Secretary to Government.

To the Director of Public Instruction.
„ Accountant-General.

LETTER—No. 383, Educational, dated 15th August 1903, to the Secretary to the Government of India, Home Department.

With reference to the correspondence ending with Mr. Williams's letter No. 731 (Medical), dated 17th June 1903, I am directed to state that the Medical school at Vizagapatam was opened on the 1st of July 1902, and that at Ráyapuram on the 1st of April last. I am therefore to request that in conveying sanction to the grant of local allowances to the superintendents and first instructors of these schools the Government of India will be pleased to give effect to it from the date of the opening of the schools.

2. I am further to request the sanction of the Government of India to the grant of a local allowance of Rs. 50 *per mensem* to the fourth instructor of the Ráyapuram school with effect from 1st June last. It was part of the scheme for the establishment of this school that the second, third and fourth instructors should receive local allowances of Rs. 50 each, but as the Governor in Council was advised that he could sanction the grant of these allowances they were not included in the application already made to the Government of India. The fourth instructor, however, is the assistant to the Surgeon of the First district and Superintendent of the Leper Hospital, and according to the arrangement made with reference to Mr. Stokes's letter No. 738, Public, dated 1st August 1900, this appointment is reserved for a military assistant surgeon. The present incumbent of the office draws a salary of Rs. 230 *per mensem* and it is considered inadvisable that the appointment, which is a responsible one, should at any time be held by a junior officer drawing a salary lower than that of the present incumbent. As the local allowance and the salary together will exceed Rs. 250 *per mensem*, the sanction of the Government of India is necessary for the grant of the allowance under article 283 of the Civil Account Code. The usual proposition statement accompanies this letter.

A .G. CARDEW,
Ag. Secretary to Government.

Exd. P. Cunniah.

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., Nos. 382, 383, EDUCATIONAL, DATED 15TH AUGUST 1903.

[SUBJECT.—*Teaching allowance to Fourth Instructor, Rāyapuram Medical school.*]

From the Director of Public Instruction, No. 3530, *dated* 13*th May* 1903.

The original * understanding was that the fourth instructor of the Rāyapuram Medical school should be the subordinate attached to the Leper hospital, Madras. Mr. Nicholas is shown in the Civil Medical list as the subordinate in charge of the Leper hospital, but it was not intended that he should impart any clinical instruction. The classes in the Medical school will begin work only in July, and if he has no clinical work it is not clear why he should draw the teaching allowance before the 1st of August. The question also arises why in the meanwhile the Surgeon-General cannot be asked to post a medical officer of lower rank to the Leper hospital and thus avoid any reference to India. Submitted that the draft memorandum placed below may issue.

* Page 7 of G.O., No. 320, Educational, dated 10th June 1901.

P. T. THARYAN—16-5-03.

A. G. CARDEW—18-5-03.

[*Memorandum No.* 287, *Educational, dated* 18*th May* 1903.]

From the Director of Public Instruction, No. 3530, *dated* 1*st June* 1903.

The Director's reply has disclosed the fact that the second and third instructors have already drawn the † teaching allowance with effect from the 1st of April last although clinical instruction commenced only from the 1st instant and lecture work will begin only from the 1st proximo. He thinks that because the Accountant-General passed the payment there is no objection to its disbursement. This, it is submitted, is a strange doctrine. The new scale was sanctioned with effect from the date of opening of the Rāyapuram Medical school—*vide* G.O., No. 573, Financial, dated 29th July 1902, and if the Accountant-General is informed by the Superintendent that the school opened on 1st April last, as he must have been, he cannot and will not go behind that statement. It is for the head of the department to prevent overdrawal in such cases.

† Rs. 50—*vide* proposition statement on page 5 of G.O., No. 573, Financial, dated 29th July 1902.

Yes. The question was one of fact: the Accountant-General had authority to pass the scale from a certain date, and if he passed it from another date, acting on incorrect or imperfect information, it was the duty of the head of the department to tell him so.

A. T. PRINGLE—5-6-03.

2. The justification for the payment of the allowances with effect from 1st April is that the instructors have been engaged since that date in making the necessary preliminary arrangements for the working of the school. These arrangements, to last for two months—April and May—must, it is submitted, be very extraordinary. The officers are all in Government employ and if they could not make preliminary arrangements in the hope of being immediately benefited when work actually begins they do not seem to be worth much. **A** It is submitted, therefore, that the allowances drawn for April and May should be ordered to be refunded at once.

3. This decision, if approved, will dispose of the question of the allowance claimed by the fourth instructor up to 31st May. The Superintendent and the first instructor could not have drawn their allowances as yet as these allowances have not been sanctioned by the Secretary of State and the Government of India, no reply having been received to the Madras Government's letter No. 735, Educational, dated 28th November 1902.

4. The question now remains why a less expensive officer cannot be employed as fourth instructor. The excuse given by the Superintendent is that the appointment in the Leper hospital should be reserved for senior men and the Director has evidently accepted it. Mr. Nicholas is the officer now holding the appointment and the Civil Medical list, page 28, shows that he has twenty-eight years' service. A shorter period of from three to five years in service will, however, make very little difference and there are 3 Civil Apothecaries of twenty-five years and 19 of twenty-three years' standing—*vide* pages 36 and 38 of the Civil Medical list—whose pay and allowances amount to only Rs. 175. It cannot be contended that there is not one among these **B** who is not as good as Mr. Nicholas in attainments and experience. It is submitted, therefore, that the Surgeon-General may be asked why he cannot keep an officer of either of these classes in the Leper hospital. The thing is, an application for the grant of allowances to the Superintendent and to the first instructor is pending with the Government of India, and it seems extremely undesirable to send up another application on behalf of the fourth instructor before the former one is disposed of.

P. T. THARYAN—5-6-03.

I venture to think that the Director should be (officially) asked to show cause why orders as at **A** should not issue.

2. As regards paragraph 4 of the office-note, there may be special reasons why Mr. Nicholas should hold the appointment. Before deciding finally, a reference may be made to the Surgeon-General as at **B**.

A. T. PRINGLE—5-6-03.

I agree. It is true that the Leper hospital is a large institution, but the work is largely of an administrative character, and for this a younger man may do better.

A. G. CARDEW—6-6-03.

To the Surgeon-General.

I would draw attention to the list of Civil appointments embodied in G.O., No. 727, Public, dated 1st August 1900, and also to paragraph 11 of G.O., No. 135, Public, dated 7th February 1900, as confirmed by paragraph 2 of G.O., No. 513, Public, dated 20th May 1901, from which it will be seen that the Leper hospital appointment is reserved for a Military Assistant Surgeon who holds it as an independent charge, and as in addition he holds the important post of assistant to the Surgeon 1st district and the medical charge of the Civil Debtors' Jail and Police lock-up, it is very necessary that a senior experienced Assistant Surgeon should be selected.

D. SINCLAIR—12-6-03.

The Government of India has now to be addressed, but before this is done the date from which the allowanse should begin has to be settled and this date will follow that in the case of the second and third instructors. The draft placed below may therefore issue.

A.T.P.—16-6-03.

P.T.T.—15-6-03.

A.G.C.—17-6-03.

[*Memorandum, No.* 339, *dated* 17*th June* 1903.]

From the Director of Public Instruction, No. 3530, *dated* 14*th July* 1903.

The Director now explains that the second instructor was engaged in clinical teaching from the 1st of April and that the third instructor was hitherto in receipt of an allowance of Rs. 50 for clinical teaching. As this allowance ceased from 1st April last his teaching allowance should, it is recommended, commence from that date: if not his present allowance should be continued till the new allowance commences. It is submitted that the Director's recommendation in the case of these two instructors may be accepted.

A. G. CARDAW—20-7-03.

2. The question then remains as to the date from which the fourth instructor's allowance should commence. He had no clinical teaching work during April and May, and his only claim for the allowance during this period is that he assisted * the Superintendent in making the necessary arrangements for starting the school. It is submitted that this is no sufficient reason, and that the allowance in his case should begin from 1st June.

* Gave "valuable assistance". But the giving of assistance to the best of his ability was no more than his duty to the State.

A. T. PRINGLE.

3. As soon as this date is settled a proposition statement will be obtained from the Director by telegraph and a draft application to the Government of India prepared.

P. T. THARYAN—18-7-03.

There seems to be no case for giving the fourth instructor any allowance before June.

A. T. PRINGLE—20-7-03.

I agree.

A. G. CARDEW—20-7-03.

The telegram placed below may issue. After its issue the letter to the Government of India will be drafted.

P.T.T.—20-7-03.

May issue.

A.T.P.—21-7-03.

[*Telegram, No.* 20, *dated* 21*st July* 1903.]

From the Accountant-General, No. G. 1048/4869, *dated* 6*th August* 1903.

The Director now forwards through the Accountant-General the proposition statement called for in telegram No. 20, dated the 21st ultimo. The Accountant-General, in forwarding the proposition statement, points out that as Military Assistant Surgeon C. T. M. Nicholas, the fourth instructor of the Rāyapuram Medical school, already draws a salary of Rs. 230, the sanction of the Government of India is necessary to his being appointed fourth instructor of the school and allowed to draw a local allowance of Rs. 50—*vide* article 283 (4) (3a), Civil Account Code.

Sir, I have the honour to reply to memorandum No. 287 Educational, dated 18th instant.

1. The fourth instructor holds the post of Superintendent of the Leper Hospital, Madras.

2 & 3. The Rayapuram Medical School was opened on the 1st April 1903 and the instructors have since that date been engaged with the Superintendent in making the necessary preliminary arrangements for the working of the school, though actual clinical work will begin only on June 1st and lecture work on 1st July. The fourth instructor, therefore, should be regarded as having entered on his duties on April 1st. The Accountant-General takes no exception to the date from which allowance is claimed but disallows the claim for want of sanction of the Government of India.

4. The Superintendent, Medical School, Rayapuram considers it inadvisable to place an officer on a salary not exceeding Rs 200/- in charge of the Leper Hospital, which is a very large institution. The appointment should, he considers, be reserved for senior men.

I have the honour to be,

Sir,

....

ORDER:- G.O.Ms.No. 1881 Edn Dt 15.x/66

para 1 on p 23 Gy

The Government approve the proposals of the Director of Secondary Education for the introduction of 30 bifurcated courses in the secondary schools specified in the annexure to this order. If, for any reason, it is considered not practicable to introduce the courses in the selected schools, the Director of Secondary Education may select some other schools considered suitable for the introduction of such courses, if necessary. These courses will actually be introduced during 1967-68.

2. (i) Grants will be paid from State funds towards three fourths of the non-recurring charges connected with the introduction of the courses in Non-Government Schools other than Board Schools, to the maxima indicated below:-

A on p 23 Gy.

Courses.	**Buildings.**	**Equipment.**
Engineering	Rs. 18,750/-	Rs. 11,250/-
Secretarial	Rs. 11,250/-	Rs. 9,000/-
Agriculture	Rs. 9,000/-	Rs. 4,500/-
Home Science	Rs. 18,750/-	Rs. 3,750/-

ii. In the case of Board schools no grant will be paid separately. The Special District Educational Officers should take steps to purchase the equipment required and construct the buildings necessary, incurring the expenditure from the Secondary Education Fund. The Expenditure will be taken into account while determining the block grant payable for 1966-67.

iii. The Government approve the proposal of the

(P.T.O.)

Director of Secondary Education that in the case of bifurcated courses introduced, the expenditure may be spread over a period of two years (i.e.) 1966-67 and 1967-68 and the managements asked to draw the grants before 31st March, 1968 after actual construction of the buildings and purchase of the equipment on pain of forfeiting the grant.

para 2 on p

iv. The Government accept the proposal of the Director of Secondary Education that advance grants equivalent to one half of the maximum grant admissible may be paid in two instalments during the first year of introduction, the amount of each instalment being equivalent to one half of the advance grant admissible for each course, the second instalment being sanctioned only after the amount of first instalment is completely utilised and that the balance of the grant admissible may be paid during the second year after the expenditure qualifying for such grant is actually incurred.

B on p 23

v. The Government authorise the Director of Secondary Education to sanction the advance grants towards the construction of Buildings and purchase of equipment by the managements of secondary schools selected for the introduction of the bifurcated courses as indicated above. In respect of Board High Schools the Special District Educational Officers are authorised to incur necessary expenditure from the Secondary Education fund.

3. (i) The Government also permit the continuance in 1966-67 of the procedure laid down in G.O.Ms.No. 104 Education dated 31.1.1956 and in G.O.Ms.No. 282 Education dated 20.2.1956 regarding the construction of buildings

Letter No. 383 Dated 15-8-03

To the Secretary to the Govt. of India
Home departt

Sir,

With reference to the correspondence

ending with Mr. Williams's letter no. 731 (medical), dated 17th June 1903, I am directed to state that the medical School at Vizagapatam was opened on the 1st of July 1902, and that at Rayapuram on the 1st of April last. I am therefore to request that in conveying ~~the~~ sanction ~~of the Secretary of State~~ to the grant of local allowances to the Superintendents and first instructors of these Schools the Government of India will be pleased to give ~~[illegible]~~ effect ~~[illegible]~~ to it from the date of the opening of the Schools.

G.O. No. 3122 ... 26-6-03 H

[The grant of allowance to the Superintendent requires the Secretary of

2. I am further to request ~~that~~ the sanction of the Government of India ~~will be pleased to sanction~~ to the grant of a local allowance of Rs. 50 per mensem to the fourth instructor of the Rayapuram School with effect from 1st June last. It was part of the Scheme for the establishment of this School that the second, third and fourth instructors should receive local allowances of Rs. 50 each, but as the Governor-in-Council was advised that he should sanction the grant of these allowances they were not included in the application already made to the Government of India. The fourth instructor is however the assistant to the Surgeon of the First district ~~[illegible]~~ and of the Superintendent, Leper Hospital, and according to the arrangement made with reference to

G.O. Nos. 356-57 ... 14-6-02 R

I

to Mr. Stokes's letter No. 738 Public, dated 1st August 1900, this appointment is reserved for a military assistant Surgeon. The present incumbent of the office draws a salary of Rs. 230 per mensem and it is ~~[illegible]~~ ~~[illegible]~~ considered inadvisable that ~~[illegible]~~ the appointment, which is a responsible one, should ~~be~~ at any time be held by a junior officer drawing a ~~[illegible]~~ salary lower than that of the present incumbent. As ~~fix~~ the local allowance ~~with~~ the salary ~~will~~ together will exceed Rs. 250 p.m. the sanction of the Government of India is necessary for the grant of the allowance under ~~paragraph 4 (3a) of the resolution of the Government of India, Finance Department, no. 3631 A, dated 11th August 1897, embodied in~~ article 283 of the civil account code. The usual proposition statement accompanies this letter.
