AUGUST.

Government Examinations.

Recording the report of the Commissioner for — for the year 1902-1903.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following paper :—

From the Hon'ble Mr. G. H. STUART, M.A., Commissioner for Government Examinations, to the Secretary to Government, Educational department, dated Madras, 3rd August 1903, No. 133/1 D.

I have the honour to submit my report on the examinations under the control of the Commissioner that were held during the year 1902-1903.

2. Ten examinations in all were held at various centres in the Presidency. Of these, the Technical Examinations were held also in the Native States of Travancore and Maisur, and the Primary and the Lower Secondary Examination, the Handwriting and Dictation Test for Undergraduates and the Special Tests, in Travancore and Pudukkóttai.

3. Detailed information in respect of each examination is given below :—

(a) *The Primary Examination.*—The examination was conducted at 277 centres by 29 boards consisting of 550 members. The total number that appeared was 28,233 consisting of 26,790 male and 1,443 female candidates, of whom 13,705 and 613, respectively, were pupil candidates. Of the 28,233 that appeared, 27,133 came up for the full test. Of the 17,868 that passed the full test and thus rendered themselves eligible for certificates, 16,788 were male and the rest female candidates.

Pupil candidates came up from 2,314 boys' and 75 girls' schools.

Among male candidates, 61 per cent. of the number examined and 60 per cent. of the number that passed were non-Brahman caste Hindus, while among female candidates, 48 per cent. of the number examined and 49 per cent. of the number that passed belonged to the Native Christian community.

Tamil and Telugu were the languages that were most largely brought up as first language. English was the most popular among second languages, while among optional subjects (other than a second language) the largest number, both of male and of female candidates, brought up Geography.

The fees realized from the examination, including fees for certificates and fees paid by candidates for the Fifth and Sixth Standard examinations, amounted to Rs. 41,709 and more than covered the charges, which came to Rs. 26,125.

(b) *The Lower Secondary Examination.*—The total number of candidates that appeared for this examination was 12,283, of whom, however, only 5,833, consisting of 5,116 male and 717 female candidates, came up for the full test. The total number that passed the full test was 1,629, of whom 1,228 were male and 401 female candidates.

Among the male candidates, 52 per cent. of the number examined and 54 per cent. of the number that passed were Brahmans. Among the female candidates, 60 per cent. of the number examined and 61 per cent. of the number that passed belonged to the Native Christian community.

(c) *The Upper Secondary Examination (Compulsory portion).*—The total number of candidates that registered their names for the full compulsory test was 334. Of this number, however, only 309 presented themselves for examination, of whom 172 were pupil candidates who came up from fifty different institutions. Thirty-eight candidates were successful, eighteen of them being pupils. As many as 217 of the number examined and as many as twenty-four of the number that passed were Brahmans. Only two of the candidates examined were female candidates.

Thirteen candidates appeared for examination in a second language only, of whom ten passed.

Fifteen candidates completed their success last year. Including these, the total number of candidates that have passed the Upper Secondary Examination and have so qualified themselves for appointments on Rs. 15 and upwards in "Superior service" during the thirteen years that the examination has now been in existence, is only 64.

(d) *The Technical Examinations.*—The total number of individual candidates registered for the three grades of examination was 5,341, of whom 111 were for the Advanced grade, 1,247 for the Intermediate, and 3,983 for the Elementary. There was a considerable increase in the numbers registered for all three grades. Seventy-seven of the candidates for the Advanced, 525 of those for the Intermediate, and 1,400 of those for the Elementary grade were pupils, who belonged to 10, 45 and 80 different institutions, respectively.

The total number of subject-candidates examined was 5,609, of whom 2,271 were successful. There was a perceptible increase in the percentage of subject-passes for each grade.

Three of the subject-candidates for the Advanced examinations, 41 of those for the Intermediate, and 200 of those for the Elementary were female candidates, of whom 3, 23 and 77, respectively, were successful. All the three candidates for the Advanced examinations came up in Needle-work and Dress-making, while the largest number of those for the Intermediate and Elementary examinations came up in Needle-work and Dress-making, and Free-hand Outline Drawing, respectively. There was a slight decrease in the total number of female candidates examined.

Brahmans and non-Brahman caste Hindus formed, as usual, the bulk of the subject-candidates that passed, in the case of all three grades.

Five diplomas, of which two were for Agriculture and three for Drawing, and 52 group certificates, among which there was one for Letterpress Printing, were issued during the year.

The silver medal awarded by the Madras Musical Association was won by Miss Cavanagh, a pupil of St. Philomena's Technical Institute, Bellary.

(e) *The Handwriting and Dictation Test for Undergraduates.*—One thousand seven hundred and twenty-three candidates appeared for the test that was held in May, and 1,080 for the test held in December as part of the Upper Secondary Examination, and 459 of the former and 287 of the latter were successful.

(f) *Examinations in connection with the Subordinate Medical Department.*—For the grade of Civil Medical Pupil, there were received in all 44 applications. The concession granted to Muhammadan candidates in G.O., No. 1107, Public, dated the 29th August 1897, according to which 20 per cent. of the vacancies were reserved for this class, having been withdrawn, not even a single Muhammadan candidate applied to be examined last year. The general educational qualification required in the case of candidates for the grade of Native Military Pupil having been relaxed by Government in its order No. 263, Educational, dated the 6th May 1899, the great majority of the candidates for the competitive examination for this grade continued to be men who had passed only the Lower Secondary Examination. All the candidates for the

grade of Madras-Burma Hospital Assistant were Matriculates. For this grade, 20 candidates were examined, of whom 6 were selected; and for the grade of Military Pupil, Assistant Surgeon, 56 were examined, and 18 were selected.

(g) *Special Tests, chiefly Revenue and Judicial.*—For these tests, 4,004 candidates in all registered their names, 3,363 presented themselves for examination and 1,017 passed. The results were poor, particularly in the case of the Précis-writing test, in which only 142 out of 1,247 examined, or about 11 per cent., were successful.

(h) *Special Tests for Officers of the Salt, Abkari and Customs Department.*—For these tests, 543 candidates in all presented themselves, of whom 403 were successful. The results were very good, more especially in the case of test C—Accounts and test F—Excise, in each of which 90 per cent. of the number examined passed.

4. *Finance.*—The receipts of the Commission amounted to Rs. 1,41,438, being less than the actuals for 1901–1902 by Rs. 758. The total expenditure, inclusive of refunds and of the charges paid for printing work done at private presses, amounted to Rs. 1,19,660, or Rs. 5,073 more than the charges of the previous year. The accounts for the year, therefore, show a surplus of Rs. 21,778.

5. An inventory of valuable stock was duly maintained and checked during the year.

[Appendix.
