INSTRUCTIONS.

With the cognizance of the head of his office, or if he is himself the head of the office, of the head of his department: the applicant must present himself with 3 copies of the statement of his case in a cover sealed by his medical attendant at the seat of the Government under which he is serving, or at such other place as may be appointed by that Government where a committee of medical officers can be assembled under the orders of the Surgeon-General. The board should see that the applicant fulfils these conditions.

Before deciding whether to grant or refuse the certificate the medical board may in a doubtful case, detain an applicant under professional observation during a period not exceeding fourteen days.

If it can be avoided, the medical attendant on a case should not be a member of the board which considers it, and under no circumstances can he sit as president. He should, however, be required to attend the board to furnish any information whenever his presence is considered necessary.

The medical board, after a careful examination of the officer, and consideration of the medical attendant's statement of the case, will record in the proceedings as follows:—

(a) Whether change of climate *in* or *out of India* is necessary.

(b) The period of absence recommended in or out of India, care being taken that leave in excess of the period to which the sick officer is entitled by regulations is not recommended.

(c) In the case of an officer requiring furlo' or leave of absence owing to illness caused directly by intemperance, the medical board, whilst recording their opinion, will confine their recommendation to the officer appearing periodically before fresh boards, or to the treatment of the case as one of discipline, whichever may be deemed necessary.

In urgent cases when a medical board considers it absolutely necessary that an officer recommended for change of air, *either in or out of India*, should proceed in anticipation of sanction, a recommendation to that effect should be made in the proceedings.

We do hereby certify that according to the best of our professional judgment, after a careful personal examination of the case, we consider the health of Mr R. S. Thorne of the Educational service to be such as to render leave of absence to Europe for a period of one year absolutely necessary for his recovery.

To the Right Hon'ble the

Secretary of State for

India.

My Lord,

Mr. R.S.Thorne, intima-

tion of whose selection for the post

of vice-principal of the Saidapet Agricultural College was given in your Lordship's despatch No. 8 Rev. dated 18th May 1899, ~~would~~ will complete his five years' term of agreement on the 10th May 1904. Meanwhile he has been taken ill, and we have granted him privilege leave for three months from the 16th July last and furlough on medical certificate in continuation, up to the termination of the period of his engagement.

2. We are informed that his complete recovery is a matter of much doubt and that even if he does regain health his illness is such as will render him entirely unfit for the outdoor duties on the farm which is attached to the College and which, according to a recent scheme of re-organization, has been placed in charge of the Vice-Principal. Apart from this consideration, we do not desire to renew Mr. Thorne's engagement .

3. Under paragraph 9 of his agreement he will continue in office unless he receives notice in writing, six calendar months before ~~[illegible]~~ the expiry of the period of his first engagement , that the Government no longer require his services. We beg therefore to request that your Lordship will be pleased to give him notice on or before the 10th of November next that we shall not require his services after the 10th of May 1904.
