To
The Secretary to Government,
Educational Department.

Sir,

With reference to Government's endorsement

page 3 of the current file No. 419, Educational, dated, 30th July 1903, on Government of India letter No. 458, dated, 23rd July 1903, herewith returned, asking for proposals for placing Educational officers on special duty during their furlough, I have the honour to say that I have already had some correspondence on this subject with Dr. A.G. Bourne who is now on furlough. Dr. Bourne writes as follows in a letter dated 28th July: "I have been to the India Office and seen Sir Charles Lyall with reference to the study of Educational subjects; he says that nothing can be done during the next couple of months as all the vacations are just commencing and suggested that in the meantime I should obtain a recommendation from the Government that I should be put on special duty after which he will arrange matters for me. I have while coming South visited Bradford, Leeds, Manchester, Liverpool and Birmingham and inspected all the University buildings and technical schools but it was vacation everywhere. I have been to the Board of Education and I am recommended to apply to be placed on duty with various inspectors whom they would select so as to see various schools in various districts in which different conditions obtain and then to make a tour which they will map out for me in Germany and Switzerland and perhaps elsewhere. ----- I shall attend the educational section of the British Association at Southport commencing on the 8th September and should be glad if you could procure the necessary recommendation that I may be put upon this 'special duty' for

Letter no. 432 d/12-9-03.

To the Secretary to the *Govt of India*,
Home Deptt.

Sir,

I am directed to acknowledge the receipt of Mr. Williams's letter no 458 (Education) d/23rd July last enquiring whether the Madras *Govt* ^{has} any proposals to make for any of ^{the} Educational Officers in this Presidency being ^{to be} placed on special duty while on furlough during

during the year ending the 31st December 1904 for the purpose of studying educational methods and systems in Europe or elsewhere.

2. In reply I am to state that there are at present on furlough three officers of the Madras Educational Service whose furlough will expire in 1904 or later as shown in the margin. Of these officers Dr. Bourne will, under arrangements which were set on foot in August 1902, be on special duty, ~~with various inspections of schools~~ in England and ~~on the Continent of Europe~~ for three months from the 8th instant and the Right Hon^{ble} the Secretary of State has already been ~~requested~~ ^{informed} of these arrangements ^{and given effect to them.} ~~and requested to make the necessary arrangements.~~ The Governor in Council has no proposals to ~~make~~ ^{offer} regarding either Mr. Logan or Mr. Allen, the former having left India very ill and the latter not being anxious to be on special duty.

Dr. Bourne. 4th March 1904.
Mr. Logan. 18th November 1904.
" Allen 12th January 1905.

3. According to present arrangements however, the Hon^{ble} Mr. Stuart, Director of Public Instruction, and Mr. E. W. Muddleston, Deputy Director, ~~will~~ intend taking long leave next year, the former from the early part of March and the latter from August.

August. Mr. Stuart has applied for permission to go ~~to~~ on special duty, while on leave, for a period not exceeding six months to enquire into the conditions under which education is conducted in Japan and to examine the working of Training Schools in the United States of America. ^{He states that} ~~In Japan it is reported that~~ the problem of grafting a European system of scientific education upon an Eastern system, or in other words of adapting European methods to an Eastern people, has been successfully solved without any large expenditure of funds, and ^{that} the investigation of the process by which this has been accomplished cannot but be of the greatest importance to all who are engaged in education in India. It is understood that the Director General of Education is in favour of Mr. Stuart's deputation for this purpose. In the United States the training of teachers has been specially developed ~~appears to have been carried on to a high pitch of perfection~~ and an investigation of the methods adopted ^{should} must be both interesting and useful. The visit to Japan will be the main object ^{of the special duty} ~~of the special duty~~ and whatever time can be spared after that is over will be spent ^{by him} in America.

Mr. Middlemast proposes to go to Holland to examine the Dutch System of Education, about which no information is now available to Indian Officers. He ^{visited} ~~has~~ ^{examined} some of the Schools there on his ~~own~~ ^{own initiative} at Java on his own account ~~last year~~ ^{during the College recess} ~~the middle of the year~~ ^{last year}.

He desires to pursue his investigations in Holland itself. A period of three months should be sufficient for this purpose.

4. The Governor in Council ~~proposes~~ ^{requests} to be informed whether the ~~the~~ ^{the} travelling and special leave

allowances ~~payable~~ ^{payable} in all these cases will be for the period actually spent in the Country visited and not for any period occupied in the journey to or from it.

~~The countries visited~~ ^{and} ~~the~~ ^{the} ~~any~~ ^{any} ~~and~~ ^{and} ~~for~~ ^{for} ~~what~~ ^{what} conditions will be laid down as to payment of travelling expenses.
