Educational Department.

The Christian Industrial School, Ongole was started in November 1901 and was recognised as fitted to impart instruction in metal work, leather work and weaving up to the elementary grade. It is chiefly intended for Panchamas, and at the time of inspection in April last there were 30 pupils on the rolls. An application has been made for a half grant on a salary of Rs 150/- for Mr. Henry Huizinga, M.A., the Superintendent of the school. He is not eligible for a salary grant under the rules, not having qualified himself for a technical teachers' certificate. The Inspector of Technical Schools, however, recommends a third grant for him considering the special character of the school and the fact that it bids fair to develop into a useful institution. In these circumstances, I beg to request that I may be permitted to sanction a third grant of Rs 50/- for the present Superintendent of the school, whose application is submitted herewith for reference and favour of return.

Your most obedient servant,

Director of Public Instruction.
