Sanctioning, with remarks, a scheme for the reorganization of the — in the Southern Circle.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following paper:—

From the Hon'ble Mr. G. H. STUART, M.A., Director of Public Instruction, to the Secretary to Government, Educational department (through the Accountant-General), dated Madras, 13th October 1903, Ref. on C. No. 3154.

In continuation of my letter, Ref. on C. No. 8792, dated 4th July 1903, I have the honour to submit a scheme for reorganizing the Government girls' schools in the Southern Circle.

2. In according sanction with slight modifications to the scheme relating to the schools in the Central Circle, Government has, I trust, accepted the general principles underlying the revision of the salaries now paid to the teachers in the girls' schools in this Presidency. I have therefore not considered it necessary to say anything in support of this scheme. I, however, submit, for the information of Government, a copy of Miss Arnold's letter in which she expresses her opinion about it.

3. The proposition statement deals with 35 schools for which there are at present 26 different scales of pay; under the scheme proposed these scales are simplified and the schools are grouped into eight classes with the salaries shown below:—

Number of schools	2	1	1	1	4	5	14	7	35
50	50	30	30	20	20	14	12	..	..
25	20	20	20	14	14	12	10	..	..
20	15	15	14	12	12	10	10	..	..
14	14	12	12	10	10	10	..	..	..
12	12	10	10	10	10	..	..	..	..
10	10	10	10	10	..	..	..	..	..
10	10	10	..	..	..	..	..	..	..

A statement furnishing information regarding the grade, strength and prospects of each school is also submitted. This statement also contains detailed explanation regarding the manner in which the existing staff will be arranged when the scheme is brought into force.

In the following six cases it has been found necessary to recommend personal allowances, as the present incumbents receive salaries higher than those for which they will be eligible under the new proposals:—

	RS.
(1) Headmistress, Government girls' school, Vatakantara	 1
(2) Do. do. Polláchi	 1
(3) Do. do. Kumbakónam	 10
(4) First assistant do. do.	 5
(5) Second assistant do. do.	 5
(6) Third assistant do. do.	 1
Total	.. 23

In three of the schools the pay of the Headmistress has been fixed at Rs. 50 per mensem on the understanding that European or Eurasian Headmistresses will be appointed. A similar proposal for the Central Circle was not approved: if the present proposal also fails to gain the approval of Government, the salaries may be

reduced to Rs. 30 per mensem, but this will necessitate a personal allowance of Rs. 30 instead of Rs. 10 to the Headmistress of the Kumbakónam school, as she already draws Rs. 60 per mensem.

In the marginally-named five schools, the last assistants are Koran teachers and it is proposed to continue them on a maximum pay of Rs. 5 in each case. The pay of Rs. 10 recommended for these appointments will not be given to them unless they qualify and the Inspectress will be required to appoint in their stead better teachers as opportunities occur.

Peons are at present employed in fifteen girls' schools, and their entertainment in eleven more schools is now recommended. In the case of the remaining nine schools, the Inspectress does not consider a peon necessary at present. The peons may, if necessary, be called "watchers" as ordered by Government in the case of schools in the Central Circle.

4. The proposed scales have been drawn up on the supposition that results stipends which are at present paid at the maximum rates to Muhammadan and Mappilla schools and at 50 per cent. of those rates to all the other schools, except the one at Kumbakónam, which is worked on the salary system, will continue to be paid. I append a statement furnishing details of results stipends paid to each teacher, the amounts received before the introduction of the system of payment of grants in full and those now received being shown separately. From a scrutiny of this statement it will be found that the amounts received last year by many of the teachers in the shape of pay and results stipends is more than what they will receive in the shape of increased salaries alone under the scheme now proposed. If, therefore, the present system of paying results stipends is to be abandoned, as ordered in the case of schools in the Central Circle, it will be necessary to revise the salaries in some instances or to provide additional personal allowances.

5. The financial effect of the scheme is an additional expenditure of Rs. 1,017-4-0 per mensem or Rs. 12,207 a year. If to this be added the personal allowances named in paragraph 3 *supra* and the pay of the scavenger of the school at Kanathur and of the conductresses of the schools at Vatakantara and Lakshminarayanapuram who will hereafter be paid from contingencies, the aggregate expenditure will amount to Rs. 12,555 a year. There is a provision of Rs. 16,000 in this year's budget for the improvement of girls' schools. About a fourth of this provision is all that is likely to be spent on the reorganization of the girls' schools in the Central Circle. There is therefore enough left for this scheme for this year.

From the Inspectress of Girls' Schools, Southern Circle, to the Director of Public Instruction, dated 19th August 1903, No. 4453.

With reference to proceedings, Ref. on C. No. 3154, dated 24th June 1903, I have the honour to submit the particulars called for.

2. My opinion of the scheme, as a whole, is that it is a step in the right direction. Most of the schools are understaffed and the salaries are, as a rule, too low. An increase in the number of teachers will improve the discipline and make the teaching more effectual, while an increase in salaries will tend to improve the status of the teachers and to make them more satisfied with their position.

The adoption of the scheme will increase the efficiency of Government girls' schools to a certain degree, but the root of their inefficiency is to be found in the small teaching capacity and the inadequate general knowledge of the average teacher. When these are removed—and their removal depends to a large extent on the training schools—it may be possible to make Government girls' schools really efficient.

Full Lower Secondary School.

Government Girls' school, Kanathur.	III form .. 10	The appointment of a Eurasian headmistress would probably increase the strength of the upper classes and also improve the efficiency of the school as a whole. The present headmistress will become the first assistant on the same salary. The present first assistant, who is a trained lower secondary teacher, will become third assistant on Rs. 14, and the second assistant's post would be filled by an upper secondary teacher. The present second, third and fourth assistants will become fourth, fifth and sixth assistants and their pay would be raised from Rs. 10, Rs. 8 and Rs. 7 to Rs. 12, Rs. 10 and Rs. 10, respectively. It is expected that this school will develop considerably in capable hands. The people of Malabar keep their girls at school longer than parents in the Eastern districts and the study of English is an attraction. The present fifth assistant would be provided for in the Town Girls' school, Tellicherry.

Government Girls' school, Tiruvengad.	III form .. 2	It is probable that this school would much increase in strength and efficiency if a Eurasian headmistress were appointed on a salary of Rs. 50. The study of English is popular and it could be dealt with more effectually by a Eurasian than by a native. The present headmistress might become the first assistant on the same salary and the salaries of the other assistants might be raised from Rs. 15, Rs. 12, Rs. 10, Rs. 8 and Rs. 7 to Rs. 20, Rs. 14, Rs. 12, Rs. 10 and Rs. 10, respectively.

Government Town Girls' school, Tellicherry.	II form .. 3	There are only four teachers to manage seven classes and the infant class is too large to be taught by one teacher. Two more teachers should be appointed if the school is to become efficient. The present headmistress and the present first assistant may continue in their posts and their salaries may be raised from Rs. 15 and Rs. 10 to Rs. 20 and Rs. 14, respectively. A new teacher should be appointed second assistant on a salary of Rs. 12. The present second and third assistants will become the third and fourth assistants and their salaries may be raised from Rs. 8 and Rs. 7 to Rs. 10 each. The post of fifth assistant will be a new appointment on Rs. 10.

The present headmistress is incompetent. She will become first assistant on a salary of Rs. 14 and Re. 1 personal allowance to prevent loss by the change. A qualified headmistress may be appointed on a salary of Rs. 20. The present first assistant will become the second assistant and her salary may be raised from Rs. 10 to Rs. 12. The post of third assistant may be filled by a new teacher. The amalgamation would considerably increase the strength of the school, but the number of classes would remain the same. Two new teachers should be appointed as six classes cannot be adequately dealt with by three teachers. The present headmistress is unqualified and she may become the first assistant on a salary of Rs. 14. A new headmistress should be appointed and the salary of the post raised from Rs. 15 to Rs. 20. The present first and second assistants will become second and fourth assistants and their salaries raised from Rs. 10 and Rs. 6 to Rs. 12 and Rs. 10, respectively. The first assistant has been dismissed and the headmistress will either be transferred or given the post of first assistant on a salary of Rs. 12. A competent headmistress will be appointed and the salary of the post should be raised from Rs. 10 to Rs. 14. The post of second assistant should be filled by a new teacher since four teachers are required to deal adequately with five classes. The present second assistant will become the third assistant and his salary should be raised from Rs. 5 to Rs. 10 since less than that amount should not be given to any teacher.

Government Mappilla Girls' school, Chammanur.	III class .. 9 II " .. 7 I " .. 12 Infant .. 24 Total .. 52	The two teachers in this school are doing good work and their salaries are much too low. They should be raised from Rs. 7 and Rs. 4 to Rs. 12 and Rs. 10, respectively. An additional teacher is required who would become second assistant on a salary of Rs. 10 since two teachers cannot deal adequately with four classes.
Government Mappilla Girls' school, Tekkapalli.	III class .. 4 II " .. 5 I " .. 11 Infant .. 21 Total .. 41	There are only two teachers to manage four classes and one of them can teach little beyond the Koran. An additional teacher is needed who may become the first assistant on a salary of Rs. 10. The headmistress has done good work and as her salary is much too low it may be raised from Rs. 6 to Rs. 12. The present first assistant will become the second assistant, the pay of which appointment should be Rs. 10 to a qualified teacher, but she will continue to receive Rs. 5 only as she does little beyond teaching the Koran and doing the work of a conductress.

Lower Primary School. Promises to become Upper Primary.

Government Mappilla Girls' school, Talakkad.	III class .. 8 II " .. 13 I " .. 21 Infant .. 33 Total .. 75	The salaries paid are too low and they should be raised from Rs. 10, Rs. 8 and Rs. 5 to Rs. 12, Rs. 10 and Rs. 10, respectively. The pay of the second assistant should be conditional on the appointment of a qualified teacher. The present second assistant should not receive more than Rs. 5 and the same amount should be paid to any teacher who is capable of Koran teaching only.

An additional teacher should be appointed and should be made headmistress, the salary of the post being raised from Rs. 7 to Rs. 12. The present headmistress will become first assistant on a salary of Rs. 10. The present first assistant teaches the Koran and does the work of a conductress; she may be made second assistant and her pay increased from Rs. 4 to Rs. 5. If a qualified teacher were made second assistant, the pay of the appointment should be Rs. 10.

No. T. 535-Genl./7836, dated 26th October 1903.

The entries in the column of "Present Scale" have been compared with the registers of this office and are correct.

There is no audit objection to Government sanctioning the proposal. There is a provision of Rs. 16,000 for new girls' schools and for improving existing schools in the current year's budget.

ORDER—No. 598, Educational, dated 4th December 1903.

The scheme for reorganizing the Government girls' schools in the Southern Circle is approved subject to the following remarks:—

(1) It is unnecessary to provide European Headmistresses for the schools at Kanathur, Tellicherry and Kumbakonam. The scale of salaries proposed for the first two classes shown in paragraph 3 of the Director's letter will accordingly be reduced to that proposed for the third class.

(2) On the revised salaries taking effect no results grants over and above them should be paid to any of the teachers.

(3) If any teacher is adversely affected by the scale of salary now approved, the Director is at liberty to recommend the grant to him of a personal allowance equal to the difference between the pay drawn by him on the date on which the reorganization comes into force and that provided for him in the new scale.

(4) The designation "peon" should be altered into "watcher".

(5) The higher rates of pay now approved should be reserved for qualified women teachers and if other teachers are appointed to the newly-created posts on Rs. 10 they should be paid only Rs. 7 per mensem.

2. The proposition statement should be revised with reference to these remarks.

NOTES CONNECTED WITH G.O., No. 598, EDUCATIONAL, DATED
4TH DECEMBER 1903.

[SUBJECT.—Reorganization of the Government girls' schools in the Southern Circle.]

From the Director of Public Instruction, No. 3154, dated 13th October 1903.

With the letter read above the Director submits a scheme for the reorganization of the Government girls' schools in the Southern Circle.

2. The scheme deals with 35 schools which are grouped into eight classes with the following scales of pay:—

Number of schools	2	1	1	1	4	5	14	7
Pay of headmistress	Rs. 50	Rs. 50	Rs. 30	Rs. 30	Rs. 20	Rs. 20	Rs. 14	Rs. 12
" first assistant	25	20	20	20	14	14	12	10
" second "	20	15	15	14	12	12	10	10
" third "	14	14	12	12	10	10	10	..
" fourth "	12	12	10	10	10	10	..	..
" fifth "	10	10	10	10	10	..	..	..
" sixth "	10	10	10	..	..	..	..	..

The scheme sanctioned in G.O., No. 441, Educational, dated 14th September 1903, dealt with 32 schools grouped into seven classes. In both the schemes the scales of salaries for the last five classes agree; the scales for the remaining classes slightly differ.

3. As Government have accepted the increased scale of salaries in the case of the girls' schools in the Central Circle, the same course may be adopted in the case of the present scheme, conditions similar to those specified in clauses (2), (3) and (4) of G.O., No. 441, Educational, dated 14th September 1903, being imposed. Orders are however solicited on the following points:—

(1) The pay of the Headmistresses at Cannanore (Kanathur), Tellicherry (Tiruvangod) and Kumbakonam has been fixed at Rs. 50 per mensem with a view to obtaining European or Eurasian Headmistresses. A similar proposal in the case of three schools in the Central Circle was negatived in G.O., No. 441, Educational, dated 14th September 1903. The proposal here also may be disallowed and the pay fixed at Rs. 30; in that case the scale for the first two classes in paragraph 3 of the Director's letter may be reduced to that proposed for the third class, the Headmistress at Kumbakonam being allowed a personal allowance of Rs. 30 instead of Rs. 10 as recommended by the Director and the third assistant in the school Rs. 3 instead of Re. 1.

(2) The Director states that the proposed scale in the scheme has been drawn up on the supposition that the results stipends, which are at present paid to the teachers, will continue to be paid after the reorganization; that the proposed pay of many of the teachers is less than the amount they received last year in the shape of pay and results stipends, and that if the system of paying results stipends is to be

abandoned, as ordered in the case of the schools in the Central Circle, it will be necessary to revise the salaries in some cases or to provide additional personal allowances. In the Central Circle the Government have ruled that no results stipends should be given. This ruling should, it is submitted, hold good in the case of the Southern Circle also. In this connection please see paragraph 6 of the notes on page 14 of the notes connected with G.O., No. 441, Educational, dated 14th September 1903. Personal allowances may be given to the teachers affected, but such allowances should be based on the average stipends drawn for three or five years before the system of grants in full came into force. If this suggestion is approved, the Director may be asked to submit detailed proposals.

4. The present cost of the staff of the schools dealt with in the scheme is Rs. 1,261 per mensem; the future cost will be Rs. 2,278-4-0 per mensem. The financial effect of the scheme is thus a net increase of Rs. 1,017-4-0 per mensem or Rs. 1,023-4-0 per mensem, including the pay of one scavenger and two conductresses which is omitted in the proposed scale but which will be met from contingencies. The increase is more than 81 per cent. of the present cost. Of the total increase of Rs. 1,023-4-0, Rs. 555 is on account of additional establishment and Rs. 468-4-0 on account of increase of pay.

T.K.—7-11-03.

P. T. THARYAN—11-11-03.

The above proposals are supported.

2. As to the pay of the Headmistresses at Cannanore, Tellicherry and Kumbakonam, the object of giving a salary of Rs. 50 per mensem is to provide a Eurasian mistress who would improve the teaching of English. But the education of native girls in this country should, I think, be based on the vernacular, and the improvement of a colloquial knowledge of English among such girls is not an object on which public money need be spent—see paragraph 1 of my note, dated 8th August 1903, of conversation with Miss Carr, page 10 of notes attached to G.O., No. 441, Educational, dated 14th September 1903.

3. As to the grant of results stipends in addition to salary, the reasons on which it was determined not to give them in the Central Circle are stated on page 14 of the notes attached to G.O., No. 441, Educational, dated 14th September 1903. The principle of paying a salary which shall be fixed rather than dependent on results of examinations is, I think, correct, and the Director of Public Instruction has lately declared his adherence to it by an amendment of the Grant-in-Aid Code which allows all aided schools to be aided in future by fixed grants instead of by results grants—see Director of Public Instruction's remarks under rule 5 in paragraph 2 of his letter C. No. 6729, dated 11th September 1903—(page 2 of G.O., No. 484, Educational, dated 5th October 1903). I think, therefore, the decision arrived at in the case of the Central Circle (paragraph 1 (6) of G.O., No. 441, Educational, dated 14th September 1903) should be adhered to and applied to the Southern Circle. It is for the Director of Public Instruction then to propose such fixed salaries as are necessary.

A. G. CARDEW—12-11-03.

I agree with the Secretary as to the salaries and class of the teachers required for Cannanore, Tellicherry and Kumbakonam.

2. I also agree on the second point as to fixed grants in these cases.

FURTHER PAPERS.

(Through the Accountant-General, Madras.)

Sir,

In continuation of my letter Ref. on C.No.

8792 of 03, dated 4th July 1903, I have the the honour to submit a scheme for reorganizing the Government Girls' Schools in the Southern Circle.

2. In according sanction with slight modifications to the scheme relating to the schools in the Central Circle, Government has, I trust, accepted the general principles underlying the revision of the salaries now paid to the teachers in the girls' schools in this Presidency. I have therefore not considered it necessary to say anything in support of this scheme. I, however, submit for the information of Government a copy of Miss Arnold's letter in which she expresses her opinion about it.

3. The proposition statement deals with 35 schools for which there are at present 26 different scales of pay; under the scheme proposed these scales are simplified and the schools are grouped into eight classes with the salaries shown below:--

No. of Schools.	2	1	1	1	4	5	14	7	35
