Copy of application dated 10th November 1903 from B.
Narasingaperumal Pillay Clerk Superintending Engineer's Office
III Circle to the Superintending Engineer III Circle.

I very respectfully beg to approach you with the follow-
ing representation with the prayer that you will give it your
strongest support. It is my sincere conviction that my hard case
has only to be placed before you to evoke your characteristic un-
grudging support to bring about its betterment.

2. I own on this date 19 years of service on the clerical
establishment of the P.W.D. all of which have been spent in the
admittedly uncoveted III Circle of this Presidency. This service
it will be observed, has been uniformly honest and efficient, vide
testimonials attached.

3. I am now in the grade that qualifies me for holding the
post of Head Clerk of a Divisional Office. This post carries with
it two different rates of pay, Viz,

Rs. 50 - 2-60.

Rs. 60 - 4-80.

4. Under the Examination rules now in force, I am not quali-
fied to draw Rs. 60 to 80 grade pay, notwithstanding the fact that
my responsibilities and duties as a Divisional Office Head Clerk
will be the same whether on receipt of the lower or higher rate of
pay. I now draw Rs. 52, the initial rate of pay plus the first
increment earned for duly approved service.

5. At the time I entered the department, viz 1884, a first
class pass of the "Middle School Examination" was declared and
accepted as quite sufficient general qualification for Clerical
appointments in the P.W.D. such candidates being permitted to

appear for the Precis Writing Test, where this additional qualification was ruled as additionally necessary for special posts to which special rates of pay were attached.

6. But under the changed rules, though a duly qualified Head Clerk", I find myself under the letter of the rules though I may be permitted to submit not under their spirit, disqualified to be allowed to draw Rs. 60 to 80 rate of pay, on the occurrence of a vacancy when I am entitled to it by right of seniority and merit, because of the part that I have not passed the Precis Test, it is this disqualification which I beg of you to move on my behalf to remove.

7. Under the existing rules not being a Matriculate of the Madras University, my application to appear for the Precis Test will not be entertained. I am now aged 40 and after a service of 19 years, as it will conveniently suggest itself to you, cannot afford to ~~undergo~~ ^{conveniently} an Educational course for attaining this qualification.

8. I therefore pray that I may be exempted from this Precis Writing Test, or permitted to appear for it.

9. I very humbly beg to submit that I am not asking for a concession and an undue indulgence for which there are no analogies or precedents.

10. There was a time when a Draftsman who was declared by his College Certificate to have passed in a Specific Class was not advanced to posts in his own line carrying higher rates of pay as the result of the interests enlisted in their cause by Officers who were in every day close touch with their work, the distinction between one academic Draftsman and another has been removed. By the discharge of their duties in their profession, after admission thereto are their prospects now governed. Even so I very humbly

seek your interest and support to be extended in my case.

11. Requesting to be kindly pardoned for the trouble and intrusion upon your valuable time, I pray for your long life and prosperity.

No. 3595 W. dated 13th November 1903

[9.] Endorsement No. 4307 of 2-2-90 on application to Chief Engineer through Superintending Engineer & Executive Engineer for transfer to the military works Department.

Forwarded to the Superintending Engineer 3rd Circle.

The applicant is the only best clerk in the office and his services cannot be spared until a competent writer is sent in his place. As I have already brought to notice in several letters clerical work in the Division office is much in arrears owing interalia to the continued absence of the 2nd clerk ^{sick} leave. Qualified men cannot be got to act, and unless some additional assistance as already asked for is given without further delay office work will be wholly disorganized.
