I have the honour to submit the enclosed plans and estimates amounting to Rs 8110 for the construction of certain minor buildings to the Sarah Tucker College, Palamcottah, and to recommend that, under Rule 113 of the Grant-in-aid Code, a grant of Rs 2,703/- be sanctioned to be paid before the close of 1904-05.

2. The necessity for the proposed work is explained in the manager's letter dated 10th March 1903, No. 206, a copy of which is herewith submitted.

3. Out of the allotment for building grant in the current year's budget estimate payment of Rs 25 103/- has been authorized up to date.

4. The plans and estimates have been approved by the Superintending Engineer, VI Circle.

Palamcottah, 10th March 03

From

The Principal, and Manager,
Sarah Tucker College,
Palamcottah.

To

The Inspectress of Girls' Schools,
Southern Circle.

Madam,

In submitting herewith an application for grants for minor buildings in connection with the Sarah Tucker College New buildings viz., dining room etc., latrine, compound wall and also the purchase of land I have the honour to inform you that I would first express my debt of gratitude to the

Government of Madras for their munificent help in sanctioning me a grant of Rs 7223 towards the cost of erecting the New College building in 1901.

2. I beg to inform you that I pointed out in paragraph 9 of my letter No. 94, dated 24th February 1899 in connection with the application for grants for college buildings that "the compound of the institution being insufficient for erecting new buildings we have been extending it by purchasing pieces of lands adjoining it. 4 acres and 42 cents of land have thus been added within the last four years at a cost of Rs 2500 and 57 cents of land only remain still unbought to make the compound a rectangle reaching to the main road on the west of the institution."

3. This plot of land of 57 cents referred to above has now been purchased at a cost of Rs 700 and the whole is thrown out into one site and the proposed latrine and part of the dining and kitchen rooms and the compound wall are to come in the new plot of land (marked) in the site plan). The title deeds are herewith enclosed.

4. The minor buildings are all indispensably necessary for the convenience of the college building, as there is yet no

18-9-03

separate dining and kitchen rooms as Hostel for the students. The present latrine, a temporary shed of bamboo mats is located near the college,; it requires to be removed to a further distance and made a permanent building with cement flooring.

5 The whole compound is without a wall, being bounded by hedges only, which are a very unsafe protection both for people and animals and are a harbour to snakes etc.

6. The Parent Committee of the Church Missionary Society has accepted the proposal and sanctioned the erection of the above buildings and the compound wall, as per plan and estimates drawn and prepared by a professional man.

7. It is eight years since the institution was raised to a Second Grade College for females and the number on the rolls at present is 10, six in the junior and 4 in the senior departments. The building is now used for the College and High School Departments.

I therefore request you ~~to~~ kindly to recommend the application to the Director of Public Instruction to give me sanction to begin the wo_rk without delay, and to move the Government of Madras to sanction us a grant of ₹2703 being one third of the total cost of ₹8110 under article 113 of ~~the~~ Chapter VIII of the grant-in-aid Code.

Note by the Chief Engineer, P. W. D., on the estimate for the construction of certain minor buildings in connection with the Sarah Tucker College, Palamcottah, forwarded by the Director of Public Instruction with his Ref. on P. No. 2452, dated 19th September 1903.

The Estimate for constructing certain minor Buildings to the Sarah Tucker College, Palamcottah, Kinnvelly District, is returned, duly scrutinized, with the following remarks:—

i. Dining room and Kitchen

Brick in chunam one foot wide, should be allowed around the doors and windows and the floor should be pointed with cement. Two additional principal rafters should be provided, as marked on the plan, to support the outer partition. The amount of this estimate is increased from Rs 2816 to Rs 2835.

ii. Latrine

The depth of the concrete under the cistern, seat plate, forms and outer drains should be

he made one foot.

By the above alterations,
the Grand total of the estimate
has been increased from Rs
8,110 to Rs 8,141.

then actually?

It seems to be. If the completion
