To

The Secretary to Government,

Educational Department.

Sir,

I have the honour to report that, owing to the prevalence of plague in the town of Bellary, the Inspector of European and Training Schools, with my approval, temporarily removed the Government Training School at that place to Adoni, which is free from plague and easily accessible by rail, and that work was begun there on the 18th ultimo, the usual date of reopening after the Christmas vacation. The School had to be closed during the whole of the first term in 1903 on account of plague and a similar procedure would have been necessary this year also if the school had not been removed from the place. In these circumstances I have the honour to request the sanction of Government to its temporary transfer to Adoni and to its continuance there until it can be safely reopened at Bellary. I gather from the Inspector's report that it is located in a Government building at Adoni lent for its use by the Collector.

I have the honour to be,

Sir,

Your most obedient servant,

A. S. Bawa

Director of Public Instruction.

C. No. 275 From the Director of Public Instruction No 507, dated 13-2-1904.

SUBJECT.

Temporary removal to Adoni of the Training School at Bellary.

Submitted that in the circumstances explained by the Director his proposal to remove the Training School at Bellary temporarily to Adoni may be approved and the draft placed below issued. In 8.

N.

ndd 18/4/04. No 31, 21st January 1904 a proposal to transfer the headquarters of the Assistant Inspector of Schools Ceded District Division from Bellary to Anantapur on account of the prevalence of plague at Bellary was negatived. The present proposal is about a school and is different. The school should apparently be removed or closed and the former is the better course to adopt. Plague has however broken out at Adoni just now.
