To

The Secretary to Government,
Educational Department.

Sir,

I have the honour to submit the enclosed application for aid towards the cost of constructing a building at Woriyur, Trichinopoly, for the Wesleyan Mission Boarding Girls' School, Karur which is to be transferred to Trichinopoly together with the plan and estimate amounting to Rs 18041/- and to recommend that, under Rule 113 of the Grant-in-Aid Code, a grant of Rs 5123/- be sanctioned, to be paid on submission of the completion report by the Manager within ten months from the date of sanction of the grant. In calculating the grant the following deductions have been made from the total cost:-

Two store rooms marked W.A. in the plan, as	Rs
per Superintending Engineer's estimate	420

Half the cost of the residence on the upper storey	2250
	<u>2670</u>

----- as these are reported to be intended

for purposes not purely educational

and the usual grant is recommended on the remaining Rs 15371/-. The building is intended to provide accommodation for 100 boarders.

2. The institution being intended to meet the educational needs of the mission districts extending from Karur to Negapatam is to be transferred from Karur to Woriyur in Trichinopoly the latter being a more central station. Most of the pupils now on the rolls of the Karur school will go to Trichinopoly when the school is opened there under a lady principal who is expected shortly from England.

3. The building at Karur will be utilized for a girls' primary

boarding school which is to be maintained there and for the lace making Industrial School for which additional accommodation is badly wanted.

4. Out of the allotment for building grants in the current year's budget estimate, payment of Rs 28,587/- has been authorized up to date.

I have the honour to be,

Sir,

Your most obedient servant,

E. W. N. S. S. S.
