To

The Secretary to Government,
Educational Department.

Sir,

I have the honour to bring to your notice that building grants amounting in all to ₹31,687/- have been sanctioned and authorized for payment, but payment is being withheld until the deeds of agreement prescribed in G.O.No. 305, Educational, dated 23rd June 1903, have been executed. I desire to point out that it is very doubtful whether the deeds can in all, or even in most, cases be executed in the limited time which remains before the end of the financial year. The managers concerned have now been furnished with copies of the deeds to be executed, but in most cases they will have to take legal advice; the boundaries of the sites, which are to be specified in the deed will have to be carefully determined; the deeds will have to be scrutinized, possibly by the Government Solicitor; certificates of encumbrance will have to be procured in some cases where this has not already been done; and certain legal points connected with the registration of the deeds and the question whether two deeds are to be executed, one for each party, are yet unsettled. There is consequently a strong probability that the deeds will not be executed in time to allow of payment of the grants being made in the current year and it is to be feared that a large portion of the grant will have to lapse. In these circumstances, I request that, if by the 10th March it is found that, on account of the above difficulties it is impossible to have the deeds executed, payment of the

3
the grants may be permitted on the understanding that they are to be executed afterwards. I do not consider that there will be much risk to Government if this proposal is accepted, as even if a manager repudiated the agreement to execute the deed, a contingency which I do not regard as likely, pressure could be brought to bear on him by withdrawal of recognition and aid from his school.

A statement of the grants at present pending for want of deeds of agreement is appended, and also the draft of a letter which, if this proposal is accepted, I would send after March 10th to each manager who has not been able to execute the agreement.

I have the honour to be,

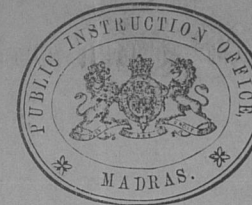

Sir,

Your most obedient servant,

E. W. Middlemass

C. No. 289 From the D. R. 2.

No 1336 dated 17th Feb 1904

SUBJECT.

Payment of Building grants.

In the order no. 305 Edl dated the 23rd June 1903 the Govt. ruled that no building grant should in future be paid ^{in aid of schools} unless the grantee executed the deed of agreement referred to in rule 114 of the Grant-in-aid Code.

The forms of agreement to be executed by the grantees were approved in G.O.s. nos. 529 Edl dated 26th Oct '03 and 644 Edl dated 23rd Dec. 1903 and the Director has now furnished copies of these to the managers of schools to whom building grants have been sanctioned. The grants sanctioned amount to Rs 31,687 and payment of these are withheld as the necessary deeds of agreement have not been executed.

2. The Director says that as many minor matters have to be settled the deeds of agreement will not in most cases be executed before the 31st March next but

but as it is very necessary that all the
sanctioned grants should be paid before
the close of the financial year the Director
requests that he may be permitted to
authorize the payment of the grants on
the understanding that the deeds are to be
executed afterwards, if on the 10th March
next it is found to be impossible to have
the deeds executed in time.

3. Submitted that the Director's proposal may be sanctioned as it is very necessary that the grants should be paid before the 31st March next. A
