Reports on Educational subjects.

Communicating to the Director of Public Instruction letter from the Government of India proposing certain arrangements for the distribution of occasional — published from time to time.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following paper :—

From W. S. MARRIS, Esq., Deputy Secretary to the Government of India, Home department (Education), to the Secretary to the Government of Madras, Educational department, dated Calcutta, 8th February 1904, No. 96.

I am directed to state, for the information of the Governor in Council, that the Government of India propose to publish from time to time occasional reports on Educational subjects for distribution amongst Educational and other officers. Besides the usual number of copies which will be supplied to local Governments and Administrations for their own use, additional copies of the publication will be sent for distribution to officers not belonging to the Educational service and to such other persons as the Local Government sees fit to select. As regards Educational officers the Government of India think that the most convenient course will be for the copies to be forwarded direct to the Directors of Public Instruction for distribution to all members of the Indian Educational Service, and to such officers of the Provincial and Subordinate Educational Services as the Directors may, in the case of each publication, consider desirable. I am to express the hope of the Government of India that the Governor in Council will have no objection to this arrangement.

2. The first of the series of these reports is now about to appear; and in accordance with the arrangements described above 35 copies will be sent to you, and 90 to the Director of Public Instruction. The number sent to you is made up of the usual number (10) supplied for the use of the Local Government, and also, as the volume deals with rural schools, 25 copies for distribution among District officers. Those sent to the Director of Public Instruction are 90, being one for each member of the Indian Educational Service, and 50 for such members of the Provincial Subordinate Services as may be directly interested, either by connection with Training Colleges, or by being engaged in inspection. The number so supplied can, if necessary, be increased.

3. Copies for the chief public libraries and English newspapers published in India will be supplied direct to them from Calcutta.

ORDER—No. 133, Educational, dated 25th February 1904.

Communicated to the Director of Public Instruction.

2. The thirty-five copies of the report intended for the Educational department will, on receipt, be forwarded to the Financial (Books) department for distribution.

3. The following letter will be despatched.
