Note for D.W

CWO 1773. From the Suptg. Engineer, IV Circle,
No 93W, dated 12" February 1904.

The Suptg. Engineer reports on the progress made towards the preparation of designs and estimates for the extension of the Lawrence Asylum Buildings at Lovedale. It is stated that the completion of the work so as to be fit for occupation ~~before~~ by the 30" June 1905 cannot reasonably be anticipated.

Vide telephone message D 9.2.04. Flag W

2. The L & M. Deptt have asked that the necessary provision of funds for the work may be made in the P.W. Budget for 1904-05. It is submitted that this is not a work on which Provincial funds can be expended. The Lawrence Asylum Buildings at Lovedale were constructed partly from Imperial Military and partly from the Asylum funds. The Govt. of India have ruled^x that a Govt. grant could be made only if no funds were available at the disposal of the Asylum Authorities. In the present

case, it is observed that the extension is to be carried out to accommodate the girls of the Military Female Orphan Asylum. Apparently the cost of the work will have to be met from the funds belonging to this Asylum.

In the office note of the P.W.D. it is stated that the extension of the Lawrence Asylum buildings is not a work on which provincial funds can be expended and that the existing buildings were constructed partly from Imperial Military and partly from Asylum funds. No authority is quoted for either of these statements. Para. 11 of G.O. no. 263 Educational, dated 9th September 1864, says "The reconstruction of the plans will necessarily involve some delays in the execution of the* work and probably it will not be possible to expend the whole of the budget allotment of 1½ lakhs during the current year. If this is the case the Government desire that some portion be diverted to other works: for instance the Coonoor new ghaut trace and the Coimbatore station Travellers' bungalow and choultry." It seems quite clear from this that the provision of 1½ lakhs at least did not come from Imperial military funds; for if so the Local Government would not have thought of diverting any portion of it for expenditure on Travellers' bungalows and Choultries. It might have come from Imperial civil funds but the expenditure on such objects is now provincial.

Page 278 of the selections from records put up.

* Asylum buildings

2. The asylum funds did not provide more than Rs 87,402 – Vide para. 17 of the precis in the

file below.

3. The fact seems to be that till receipt of the letter from the Government of India printed in G.O. no. 1462 W., dated 3rd June 1889, expenditure on the asylum buildings was incurred from Imperial Civil and subsequently from Imperial Military funds and that since then such expenditure was thrown on asylum funds. All that the Government of India said in 1889 was that when asylum funds were available expenditure on buildings should not be incurred from Imperial Military funds. Not that imperial funds should never be spent on asylum buildings. In this connection please see also the notes in G.O. no. 280 Educational, dated 22nd April 1902. K C

4. The extension of the buildings is not however required for the purposes of the Lawrence Asylum and Imperial Military will no doubt decline to spend money in that direction. It does not appear proper either to ask Military to ~~spend money on the extension now required.~~ incur the expenditure.

5. The institution belongs to Government and is under the ~~management~~ Control of the local Educational department. There appears to be no objection to Provincial providing the necessary additional buildings and if the P. W. D cannot find the required funds out of the ordinary allotment at its disposal a special assignment ~~can easily~~ may be made for the purpose

from

from other funds at the disposal of this Government

The P.W.D. may therefore be informed that the cost of the work should be met from Provincial Funds.

There appears to be no precedent for expending Provincial Funds on the Lawrence Asylum at Ootacamund and as the building was constructed from Imperial Military Funds and as hitherto all minor Improvements and Repairs have been executed from the same source, it would appear advisable to consult the Government of India before Provincial Funds are allotted for the purpose.

In its Notes No. 1303 C. dated 19th and No. 1428 C. dated 23rd Feby 1904, the P.W.D. states that there is no precedent for spending money from the P.W. Budget on the L.A. as it is a Military building. It is also pointed out that the Govt. of India has held that, so long as funds are available at the disposal of the Asylum authorities, imperial military funds should not be spent on the L.A. It is, accordingly, proposed that the expenditure necessary for the construction of the additional buildings ordered to be built at the L.A. shall be provided by a grant from Edl. budget to the L.A. The money will thus become Asylum funds, & will under orders of the Govt. of India be available for expenditure on the L.A. The matter was mentioned last Council & it was then decided that the necessary funds for the buildings were to be provided. Since then Mr. Dobbie, the Acct. Genl., has been personally consulted, & after full consideration, he has stated that he will raise no objection to a grant being made to the L.A. In these circumstances the accompanying draft is forwarded to Finl. for acceptance.

Taken by Ch: Secy. to H.M. who returned the file to this Dept. AGS 28.2.04

In accordance with the Hon. Member's instructions yesterday, I prepared a draft marked B below, & this morning I saw the Acct-Genl. on the subject. Upon reading the draft, Mr. Dobbie stated that its issue in that form would embarass him, as it was certainly undesirable that the Madras Govt. should first incur the expenditure, & then contemplate a later recovery fr. the Govt. of India. He went on to explain that the only way in which he could accept such ~~draft~~ an order wd. be on the ground that it was essentially a draft to the Civil Orphans asylums, & he considered that it would be better that the grant should be made direct to the Civil Orphan asylums, as he could have no objection to such a grant nor need he concern himself with the manner in which such a grant was spent.

I then saw the Rev. Mr. Malden, who is the Chaplain of the Civil Orphan asylums. It will be seen from his D.O. Letter below that he holds a special Power of Attorney

from the Govrs. of the C.O. Asylums & is in sole charge of the arrangements for the transfer of the C.O. Asylums to the Mil. Female orphan asylum premisses.

As the grant should, under Mr. Dobbie's advice, be made to the Civil Orphan asylum, two alternative revised drafts marked C and D are put up. I do not myself see any particular advantage in wrapping up the facts in the manner proposed in draft marked D, & I would propose simply to issue the draft C. Mr. Malden, as representative of the Civil Orphan asylums, will then endorse the cheque at once to the Principal & Secy. of the L.A., & as he (Mr. Malden) is a Govt. Servant there is full security that he will carry out the arrangement.

Draft C is therefore submitted for approval.

Letter. AY/ 1.3.02

To the Secretary to the Govt of India.

Military Deptt

Sir,

I have the honour to submit the following matter for the orders of the Govt of India.

2. Shortly after the foundation in 1858 of the Laurence Asylum at Lovedale on the Nilgiris, the amalgamation with that institution of the Military Male and Female Orphan Asylum at Madras was proposed. This proposal was approved by this Govt & by the Rt Hon the Secy of State for India in his Despatch No. 4 dated 25th Feby 1863, & plans & estimates for the buildings were ordered to be prepared. The Buildings for the accommodation of the boys of the Military Male Orphan Asylum were in due course built and in 1871 [redacted] the amalgamation of that institution with the Laurence Asylum was carried out. But owing to the large sums which had been expended on the buildings for the boys, the local Government was, at the time, unable to proceed with the construction of the accommodation of the Girls of the Military Female

Orphan Asylum. The scheme of amalgamation, which had been decided upon in 1863, was thus only partially carried out, & although more than thirty years have elapsed since the boys of the Military Male Orphan Asylum were removed to the Nilgiris, the Girls of the Military Female Orphan Asylum still remain in Madras.

3. An opportunity has now arisen of carrying to completion the scheme of amalgamation decided upon in 1863. An institution known as the Civil Orphan Asylums founded in 1807 for the education & maintenance of European children of non-military parentage, is about to be dispossessed of its premises in order to make room for the extension of the South Indian Railway Station. ~~[illegible]~~ ~~the premises of the~~ As the ~~[illegible]~~ hot & enervating climate of Madras ~~is not~~ renders this City an undesirable place in which to bring up any class of European children, it was at first considered whether on the compulsory removal of the Civil Orphan Asylums to fresh premises, ~~might~~ they might be transferred to the Nilgiris. It appeared, however, that there would be objections to this course, & it was then suggested that if the long contemplated amalgamation of the Military Female Orphan Asylum could now be carried out, the Civil Orphan Asyl~~ums~~ might

take over the buildings thus left vacant in the Madras, and while the Military Female Orphan Asylums would benefit by the removal of their inmates to the more bracing climate of the Nilgiris, the difficulty as to the disposal of their premises at Madras could be solved by their utilization for the Civil Orphan asylums.

4. The governing bodies of the several bodies interested were accordingly requested in July last to confer on this proposed arrangement, and after lengthy negociations substantial agreement has been arrived at between them. It is proposed immediately to provide additional accommodation for 100 girls at the Lawrence Asylum, and to remove the inmates of the Military Female Orphan Asylum thither as soon as the buildings are ready. The funded property of the Military Female Orphan Asylum will then, by an order under the Charitable Endowments Act 1890 be transferred to the governing body of the Lawrence Asylum. The present number of Girls in the Military Female Orphan Asylum only slightly exceeds 100, & will probably be reduced to that figure before the amalgamation can be completed. At the same time the Civil Orphan Asylums have undertaken, in return

for being allowed the occupation of the premises of the Military Female Orphan Asylums at Madras, to maintain up to thirty girls, should so many be found available, of those classes, such as East Indians and Volunteers, which it might not be desirable to [redacted] transfer to the Laurence Asylum, though admissible under the Laurence Asylum rules. No girl will be now transferred to the Laurence Asylum, nor will be hereafter admitted there under this arrangement, who is not already eligible for admission under the Laurence Asylum rules, & no change whatever in those rules or in the classes of girls admissible to that institution is proposed.

5. The funded property of the Military Female Orphan Asylum amounts to Rs. 2,82,319, yielding an annual income of Rs. 12,672. The Asylum also receives from Government a fixed grant known as "donation interest" of Rs. 10733, and it further receives a capitation grant of Rs. 60 per head per annum, subject to a maximum of Rs. 775 per mensem. Educational & other grants come to about Rs. 5500. It will be observed from these figures that the total resources of the Military Female Orphan Asylum, calculated on a

strength of 100 girls, amount to Rs. 34905 per annum. As the actual average total cost of maintenance at the Laurence Asylum is ~~[illegible]~~ from Rs. 300 to Rs. 310 per ~~[illegible]~~ girl per annum, it will be seen that the assets which the Laurence Asylum will take over will be more than sufficient to cover the cost of maintaining 100 additional girls. Moreover, by the number of girls in the Laurence Asylum being increased, the ~~[illegible]~~ cost per head for establishment ~~[illegible]~~ & other fixed charges will be reduced. At the same time there will be a substantial saving to Government through the capitation grant of Rs. 60 per head being in future limited to 100 girls, instead of, as hitherto to a maximum of 155 girls.

6. In these circumstances the amalgamation appears to be so greatly to the interests of all the institutions concerned, that H.E. the Governor in Council has had no hesitation in ~~recommending~~ approving of it, & trusts that it will also commend itself to the Govt. of India. The scheme was warmly supported by Sir George Wolseley, who, as Patron of the Laurence Asylum, was consulted regarding it, & has the entire approval of His Excellency Lord Ampthill GCIE who is President of the Milit

Female orphan asylum.

7. Funds are now required for the construction at Lovedale of the buildings ~~building accommodation~~ necessary for the accommodation of the additional number of 100 girls, ~~and I am to enquire whether they~~ and the immediate construction of the buildings is rendered necessary by the fact that the South Indian Railway is already commencing to take possession of the Civil Orphan Asylums' premises, & that ~~these Asylums are [illegible]~~ the provision of fresh accommodation for the children in these asylums is an urgent matter. Owing to the length of time which the negociations between the several Committees concerned has occupied, it has not possible to arrive at a definite settlement earlier. I am accordingly to enquire whether the Government of India will be pleased to ~~allot~~ provide in its Budget for 1904-05 the necessary funds, which are estimated at about Rs. 50000, for the buildings at Lovedale. If that is not possible, the Madras Government will be prepared, I am to say, to allot the requisite amount from its own resources.

8. As it is desirable that the work of construction should be commenced as soon as possible, I am

to ask that this matter may be placed before the Govt. of India at the earliest possible date - and that, with the permission of ~~H.E.~~ the Govr Genl in Council permission to commence the works may be communicated by telegraph.

The half lakh is to be found by Educational which, I assume, can spare it. I must assume also that Govt. was free to make any grants of funds to the M.F.O.A as such, ~~and~~ as an educating agency before it was decided to transfer it to the Lawrence Asylum & that Govt is similarly free

In its Proceedings No.74 Edl. d/ 29th January 1904 the Government accepted the proposal of the Governors of the Military Female Orphan Asylum to transfer the institution under their charge with its funds to the Lawrence Asylum at Ootacamund as sanctioned by the Secretary of State in 1863. An essential condition of this transfer was that the Committee of the Lawrence Asylum should not be put to any extra expense on this account. As however the Governor in Council is satisfied that the Committee will have to incur additional expense to the extent of at least Rs. 50,000 ~~especially at the commencement~~ in connection with the initial arrangements

31

consequent on the transfer ~~commencement~~ and as it is inadvisable to reduce the Funded Capital of the Military Female Orphan Asylum in order to find the necessary funds for this purpose, the Govt. is pleased to make a grant of the amount specified from Provincial Funds. The Accountant General will under orders issued in the Finl Departt ~~[illegible]~~ place this amount at the disposal of the Committee of the Lawrence Asylum as early as possible and the Committee will meet therefrom all calls on its funds on account of the transfer of the Military Female Orphan Asylum to Lovedale.

The proposal to allot the Rs 50000 from Edl. instead of from Pub. works is due I suppose to the P.W. Examiner's objections. They do not seem to be of much validity & if tenable, would involve the assent of the Mil. Dept to the M.F.O.A. being transferred at all. The sanction of the Secy of State was given though it was 40 years ago. In its Proceedings read above the Govt. approved of the proposed transfer of the Military Female Orphan asylum to the Lawrence asylum, as sanctioned by the Secretary of State in 1863, and of the occupation by the Civil Orphan asylums of the buildings hitherto used by the Military Female Orphan asylum at Madras, & it was directed that the additional accommodation required at the Lawrence Asylum should be provided by the 30th June next.
