G.O., No. 22 R., Educational, dated 18th January 1904.

ABSTRACT.—Granting Mr. E. W. Middlemast privilege leave for 23 days from or after 1st April 1904 and furlough for one year in continuation.

Order—No. 58, Educational, dated 23rd January 1904.

The following letter will be despatched to the Government of India.

(True Extract.)

A. G. CARDEW,
Ag. Secretary to Government.

Letter—No. 59, Educational, dated 23rd January 1904, to the Secretary to the Government of India, Home Department.

In continuation of my letter No. 28, Educational, dated the 13th instant, on the subject of deputing Dr. A. G. Bourne and Mr. E. W. Middlemast on special duty to study educational systems while on leave in Europe, I am directed to state that Mr. Middlemast has applied for and been granted privilege leave for 23 days from or after 1st April 1904 and furlough for one year in continuation.

A. G. CARDEW,
Ag. Secretary to Government.

READ—also the following paper :—

From W. S. MARRIS, Esq., Deputy Secretary to the Government of India, Home Department (Education), to the Secretary to the Government of Madras, Educational Department, dated Calcutta, 24th February 1904, No. 138.

I am directed to acknowledge the receipt of your letters noted on the margin, and to state, for the information of the Governor in Council, that the Secretary of State has been addressed regarding the deputation on special duty during their absence on furlough of Dr. Bourne and Mr. Middlemast of the Indian Educational Service. The case of the former officer has, however, been disposed of by the Secretary of State's despatch No. 1, dated 29th January 1904, of which the Government of India have just received a copy.

2. Dr. Bourne explains that he has not submitted a detailed report of his studies while on special duty partly from lack of leisure, partly from doubt as to the utility of such a report. It is true that his deputation was arranged before the terms on which the present system of tours was instituted were settled: but it appears to the Government of India desirable that Dr. Bourne should in due course produce a record of his experiences and impressions. Such report need not trench upon existing sources of information though it may appropriately contain references to them. I am to ask that, with the permission of the Governor in Council, Dr. Bourne may be informed that when his leisure permits him to record the observations which he made while on tour, the Government of India would be glad if he would do so. They think that such a record should be of service to other Educational officers and they would be glad to receive a copy.

3. With reference to paragraph 5 of your letter of the 13th January 1904 I am to say that the Government of India propose in future to adopt the following procedure. In June of each year Local Governments will be moved to report what Educational officers intend to avail themselves of leave during the next calendar year, and whether it is intended to put forward any proposals for deputation in their case. The Government of India hope that such inquiries will be promptly replied to: and they will then deal with them collectively and make such recommendations to the Secretary of State as may appear to be desirable. In exceptional cases, however, they will not exclude, on the mere ground of insufficiency of notice, proposals which are submitted to them a clear three months before an officer leaves India, provided that such cases reach them in sufficient time to admit of their full consideration.

ORDER—No. 143, Educational, dated 3rd March 1904.

Communicated to the Director of Public Instruction.

2. Dr. Bourne's attention will be specially drawn to the request contained in paragraph 2 of the letter from the Government of India.
