To

The Secretary to Government,

Educational Department.

Sir,

With reference to G.O No. 305 Educational,
dated 23rd June 1903 I have the honour to request orders as
to whether, in the case of building grants sanctioned for
schools under public management, Chairmen of Municipal
Councils and Presidents of Local Boards should also be
required to execute the agreements prescribed in Rule 114 of
the Grant-in-Aid Code or whether the G.O. applies only to
managers of schools under private management.

I have the honour to be,

Sir,

Your most obedient servant,

Edmund Leach

For Director of Public Instruction.

C. No. 339 From the D. P. D.

No 1588, dated 25 Feb 1904.

SUBJECT.

Agreement to be executed by managers of
schools receiving building grants.

In its order no. 305 of 8th dated the
23rd June 1903, the Govt. ruled that
no building grants should in future be
paid in aid of schools unless the grantee
executed the deed of Agreement referred
to in rule 114 of the Grant-in-aid
Code.

2. The Director now enquires whether
Chairmen of Municipal Councils and Presidents
of Local Boards who receive building grants
from Govt. should also be required to execute
the Agreement. As municipal Councils and
Local Boards are liable like any other
managers of schools to divert the buildings
to other than educational purposes and
as municipal and Board schools are liable
to be closed just as any other school under
private management, Chairmen of Municipal
Councils and Presidents of Local Boards should
it is submitted be required to execute the
agreement.

Orders are solicited. The necessity for the

agreement is to make sure that the grant paid from public funds is safe. In the case of grants from Provincial to Local or munl Funds there need be no fear about this as Govt has always a hold on these local bodies and no agreement seems to be necessary. As the Code stands at present however there is no option in the matter and the question for decision is whether the Code should be altered so as to do away with the necessity of Local Boards & munl Councils executing agreements under rule 114. An alteration may perhaps be made.

The Director has his stock of printed agreement forms. Building grants seem to be made to Boards and Municipalities at the rate of one a year (at the highest). It won't add much to the Director's work to send out one agreement a year or to the President's or Chairman's work to sign it. Signing the agreement will serve to remind the President or Chairman that the building is only to be used for educational purposes during the next 20 or the next 5 years (as the case may be); and once he has signed an agreement, no Chairman or President will be able to raise questions as to the conditions on which

the grant was made. H. 1.3.4

very good. I agree.
