To
The Secretary to Government,

Educational Department.

Sir,

I have the honour to request that Government
will be pleased to sanction the purchase from Messrs. P. Orr and
Sons, Madras, of a Stanley Combination Electrical Testing
Instrument for use in the Physical Laboratory of the Presidency
College. The necessity for its purchase is fully explained
by Mr. Jones in the following extract from his letter:---

"The Instrument is a combined Voltmeter, ammeter and
Galvanometer of a new type, the transition being effected by
means of shunts. It is portable and very accurate as I have had
it under test here at the College. Its range is very
suitable for our requirements and it would be a most desirable
and valuable addition to our equipment. The need of an accurate
instrument of this type suitable for quick and rapid work has
been continually felt during the last twelve months and I
therefore submit this application to procure this instrument
locally because I know its capabilities. It is in good order
and accurate and its need is urgent."

2. The cost viz., ₹100/- can be met from the allotment
for the laboratories of the College in the budget estimates for
the current year.

3. I request the favour of early orders on this application
so that the purchase money may be drawn before the official year
closes.

I have the honour to be,
Sir,
Your most obedient servant,

E. W. Middlemass

Director of Public Instruction

C. No. 367, From the S. P. S., No. 1585, dated 29 - 2 - 1904

ORDER No. 149, dated 4th March 1904

Miss

The purchase of a Stanley Combination Electrical Testing Instrument at a cost of Rs 100 is sanctioned.
