Subject.

Stating that R. Savarinathan, who proposes to go to England for training in Electrical Engineering at the London University, he recommended to attend some large engineering works near London for six months without premium.

No. 1930 C

Dated 23rd February 1904.

From

LEUT.-COLONEL H. D. LOVE, R.E.,

PRINCIPAL, COLLEGE OF ENGINEERING, MADRAS,

To

The Director of Public Instruction
Madras.

SIR,

I have the honor to
bring to your notice the case of R.
Savarimuthan B.A. who has just com-
pleted his practical course in workshops
and qualified as a mechanical engi-
neer.

2. R. Savarimuthan proposes to
go to England at his own expense and
to attend classes in Electrical Engi-
neering at the London University
with

5
with the view of obtaining a diploma
or Certificate in that Branch of Engi-
neering.

3. He will leave India early in
April by Messageries Steamer for London
via Marseilles, and he proposes to enter
at the London University at the commence-
ment of the session in October.

4. He desires to utilise the intervening
six months in gaining practical knowledge
of Electrical Engineering in some large
works near London, such as Messrs Siemens
of Woolwich or Messrs Cromptons of Chelms-
ford. In this object he could no
doubt be assisted by the India Office
if the office were pleased to interest
itself in his behalf. Both the above
firms are believed to be Contractors to
the

the Stores Department, and they would probably be very ready to accept Savarinathan's services without premium (in view of the mechanical experience he possesses) if asked to do so by the India office.

5. R. Savarinathan, who is a native Christian, attended the Engineer class of this College for three years, and passed the final examination in December 1902. He has since spent one year in workshops viz six months in the Public Works Workshops at Madras, one month at Dowlaishweram and five months in the College workshops. He has passed the B.E. degree examination in the Mechanical Branch. He is now

24 1/2 years of age. His address is 46, First Street, Pundupet, Madras. During his College course he was a thoroughly well conducted student.

6. I consider that his enterprise deserves every encouragement, and I commend his case to your notice accordingly.

I have the honor to be
Sir

Your most obedt servant

W. D. Lve.

Colonel, R.E.

Principal.

Submitted Govt. for favorable consideration.

L. G. Bowers
Director of Public Instruction.

C. No. 344 From the *S. P. S. No. 26*, dated 190

SUBJECT.

Re: the proposal of a Student of the College of Engineering to go to England for a course of study in Electrical Engineering.

Col. Love brings to the notice of Govt. that R. Savarinathan, a student of the College, who has now qualified himself as a mechanical Engineer, proposes to go to England at his own expense to attend classes in electrical Engineering at the London University. He leaves for England early in April ^{but will} join the class ^{only} at the Commencement of the Session in October. As the student wants to utilize the intervening six months in gaining practical knowledge of Electrical Engineering in some works near London, Col. Love desires that the India office may be requested to render him some assistance by recommending him to certain firms for training in such works. The Director ~~also~~ recommends the case for favourable consideration.

For orders as to whether the Secretary of State may be addressed on the subject. J. H.

X. K. M.
1-2-04

The Student goes as a private student. There are several others who go to England in this capacity ~~and~~ ^{but} none of them have as yet applied for help in the way this student has. ~~Now~~ As he has applied ~~and~~ it is submitted that the Secretary of State may be addressed on his behalf. There seems to be very little fear of such applications becoming numerous but if they do the Govt. can very easily stop recommending ~~any~~ ~~longer~~ students any longer.

11/3/4 a Letter commending the young man to the
kind offices of the Sec of State can hardly be
wrong. Dyf 2.3.04

Mis.

Mis.

The ^{Under} Secretary of State ^{for India} will
be addressed.

2. R. Savarinathan should be requested to obtain the certificate of identity prescribed in the letter from the Govt. of India in G.O. No. 582 Ell. of 17th November 1900 and should be furnished with a copy of this order for presentation at the India office with that certificate.

10/3/4

Sir,

R. Sarninathan, a native Christian and a graduate of the Madras University, is proceeding to England at his own expense for the purpose of attending classes in Electrical Engineering at University College, London. After graduating in arts at the Madras University he attended the College of Engineering, Madras, for three years and passed his final examination there in 1902. He has since had a year's practical training in Government workshops at Madras and Dowlaishwaram.

He has also passed the B. E. degree examination of the Madras University in the Mechanical Branch. He is now 24 years of age and is reported to have been a thoroughly well conducted student.

2. He proposes to reach England in

in April, but to defer entering at University College till October and ^{wishes} to utilize the intervening period in gaining practical knowledge of electrical Engineering in large works near London such as Messrs Siemens' works at Woolwich or Messrs Cromptons works at Chelmsford. He has applied ^{toward this end} for assistance in the matter.

I am therefore directed to commend him to the kind offices of the Right Hon'ble the Secretary of State, and to request that ^{he} Sarninathan ^{may} be given ~~such~~ assistance in such manner as the Secretary of State may consider expedient.
