To

The Secretary to Government,

Educational Department.

Sir,

In G.O.No.263, Educational, dated 6th May 1899, the Government was pleased, on the recommendation of Surgeon-General Sibthorpe, to throw open the competitive examination for the grade of Native Military pupil to candidates who had passed the Lower Secondary Examination for a period of 5 years. This period having expired with the examination of 1903 the notification published in connection with the competitive examination to be held in May next called for applications from candidates who had passed either the compulsory portion of the Upper Secondary Examination or the Matriculation Examination of the Madras University. The Secretary to the Commissioner for Government Examinations now reports that not one application was received up to the 22nd Instant from candidates of the above educational qualifications and that it is doubtful whether the required number of applications from such candidates will be received by the 29th Idem which is the latest date fixed for the submission of applications. I therefore see no alternative but to recommend that the concession granted in 1899 be extended for a further period of 5 years. As the examination comes off on the 16th May next and the number of Native Military pupils required for admission into Medical Schools on 1st July following is 20, I have the honor to request the favor of very early sanction being accorded to the proposal to enable a

revised

revised notification being issued in time.

2. To avoid delay this letter is forwarded through the Commissioner for Government Examinations to enable him to submit it to Government with an expression of his views in the matter.

I have the honor to be,

Sir,

Your most obedient servant,

Minidai

Surgeon-General,

Surgeon-General with the Government of Madras.

No 102
2D

Submitted to Government with the recommendation that the Surgeon-General's proposal may, in the circumstances, be approved for the current year only as the continuance of the Lower Secondary Examination next year is doubtful. No applications have as yet been received from candidates who have passed either the Matriculation Examination or the Compulsory portion of the Upper Secondary Examination.

Office of the Commissioner
for Government Examinations
made 29 March 1904

A. G. Bours
Commissioner

C. No. 588 From the G. L. No. 15/ dated 25th March 1904.

SUBJECT.

General educational qualifications for the
Grade of native military pupils -

Formerly the educational standard for admission to the hospital asst. dept. of the medical college was the late middle school examination. On the institution of the Upper Secondary Examination Govt. directed that that examination should as early as practicable be substituted instead. Para 10 of G.O. no. 351 Edl & 20th June 1889 - page 90. The necessary provision was accordingly made in para. IV of the ^{Public Service} notification issued under the G.O. - page 102 - but the date from which the higher qualification should be insisted on was subsequently extended by G.O. no. 763 Edl & 24th Nov. 1890 to 1st January 1895 in the case of Candidates from the Northern Circars and the Ceded Districts and to 1st January 1893 in the case of Candidates from other districts. 2. In 1893 it was found that 45 candidates were required for the hospital assistant grade and that till then only 7 candidates had passed the compulsory portion

of the Upper Secondary examination and Govt. thereupon ordered that candidates who had passed the Matriculation examination should be admitted. vide G.O. no. 267 Edl dated 24th April 1893. But this qualification also was found to be too high and in G.O. no. 333 Edl & 16th May 94, candidates who had passed the Middle School or Lower Secondary exams were ordered to be admitted during the year 1894. This concession was repeated again in 1895 - vide G.O. no. 534 Edl & 25th June 1895.

3. In 1896 the concession had to be granted in the case of native military pupils only, candidates who had passed the matriculation exams having been secured in the case of civil medical pupils. - G.O. no. 482 Edl & 11th Aug. 1896. This concession to native military pupils was again extended to 1897 in G.O. no. 164 Edl & 19th March 1897; again to 1898 in G.O. no. 168 Edl & 12th March 1898 and again to 1899 in G.O. no. 146 Edl & 13th March 1899. In G.O. no. 263 Edl & 6th May 1899 the concession was extended for a period of five years.

4. The concession has now expired and no candidates who have passed the

Matric

V

S

matriculation examination or the compulsory portion of the upper secondary exams have come forward to compete for the native military pupil grade. The Surgeon-General therefore recommends that the concession be again extended for a further period of 5 years. The Commr. for Govt. Enamls. recommends that the concession be granted for the current year only as the continuance of the Lower Secondary examination next year is doubtful.

Submitted that the recommendation of the Commr. may be sanctioned with the remark that the question of further extending the concession will be considered later on.

A draft is placed below for approval.
