The work is apparently a contribution work within the meaning of para: 1011 of the P.W. Code Vol. I. Please see go. no 1156 W dt 18th April 1903. The estimate for the work should therefore have been sanctioned in the P.W.D. under para: 1012 of the P.W. Code, but this does not seem to have been done. The revised plans & estimates may go to the P.W.D. for remarks whether they should now be formally sanctioned & if not whether they can be approved in
