Building grant.

Ordering the insertion in the Grant-in-aid Code of a rule requiring notice to be given to the Executive Engineer of the division concerned of commencement of work on a building to which a grant-in-aid has been promised.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

Read—the following paper :—

From W. J. J. HOWLEY, Esq., A.M.I.C.E., Executive Engineer, Kistna Eastern Division, to the Superintending Engineer, II Circle, No. 19 S.E., dated 6th April 1904.

With reference to G.O., No. 367 W., dated 3rd February 1904, communicated with your No. 706, G.L., dated 31st March 1904, in which Government declined to approve of the modification of the form of completion certificate for school buildings prescribed in G.O., No. 1873 W., dated 20th July 1893, I have the honour to point out that the certificate requires a declaration by the certifying officer that the work has been inspected by him personally and has been carried out according to the approved plan and estimate, with the exception of any deviations that have to be clearly specified with particulars of dimensions and cost.

Now these certificates are not called for by the school authorities till the work is fully completed ; and the request for the certificate is often the first intimation to the local Public Works officer that the work in question has been begun, or even proposed. After a building is completed, it is not always easy to ascertain the depth or thickness of foundations, the thickness of flooring, the nature of mortar, (*i.e.*, whether surki mortar, or ordinary chunam mortar), the nature of concrete (whether stone or brick), and such like details, unless considerable damage is done in testing the masonry, removing the flooring, and so on.

I would therefore suggest that in all cases where a completion certificate will have to be furnished by this department, the Manager of a school should be required to give to the Executive Engineer notice of the commencement of the work, in order that it may be inspected from time to time during construction by him or by some other Public Works Department officer or subordinate, and the work compared with the approved plan and estimate.

No. 14 W., dated 14th April 1904.

Forwarded to the Chief Engineer, Public Works department, with reference to G.O., No. 367 W., dated 3rd February 1904. It would facilitate matters if notices of commencement of a building were given so that the building could be inspected during construction.

H. H. O'CONNELL,
Superintending Engineer, II Circle.

ORDER—No. 306, Educational, dated 19th May 1904.

The following rule will be inserted as rule 119-A of the Grant-in-aid Code, the present rule 119 being numbered as 119-B :—

119-A. *Notice of commencement of work.*—When a grant-in-aid has been promised under rule 118 in respect of any building, the Manager shall, prior to the commencement of work thereon, give fifteen days' notice in writing to the Executive Engineer in charge of the division wherein it is proposed to construct the building.

During the progress of the work access thereto, and every reasonable opportunity to inspect and examine materials and take measurements shall be afforded by the Manager to the officers of the Public Works Department.

(True Extract.)

H. D. TAYLOR,
Ag. Secretary to Government.

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., No. 306, EDUCATIONAL, DATED
19TH MAY, 1904.

[SUBJECT.—*School buildings coming under the Grant-in-aid Rules.*]

PUBLIC WORKS DEPARTMENT.

From the Superintending Engineer, II Circle, No. 14 W., dated 14th April 1904.

Mr. Howley's suggestion that the managers of schools should be required to give Executive Engineers notices of the commencement of works in order that they may be inspected from time to time during construction seems a good one. Submitted that the current may be transferred (u.o.) to the Educational Department for issuing the necessary instructions.

P. K. SUBBA AIYAR—19-4-04.

Let me see the notes connected with G.O., No. 367 W., dated 3rd February 1904.

S. B. MURRAY—25-4-04.

The original of the Government order with connected notes has now been put up. It was in the custody of the despatcher for the printing of notes.

P.K.S.—27-4-04.

Mr. Howley's proposal is a very sound one and may be put before Educational.

S. B. MURRAY—2-5-04.

Yes.

W. B. DEWINTON—2-5-04.

To the Educational Department.

EDUCATIONAL DEPARTMENT.

The suggestion may be approved and the draft order placed below issued.

P. T. THARYAN—5-5-04.

A. GALLETTI—6-5-04.

Vide articles 117-119 of the Grant-in-Aid Code.

The suggestion is a useful one and may be adopted, but I consider that it should issue in the form of a Government order and not merely by way of departmental instructions and should be embodied in the Grant-in-Aid Code as 119-A, the present article 119 being numbered 119-B.

H. D. TAYLOR—7-5-04.

Please draft accordingly for approval.

G. S. F[ORBES]—10-5-04.

A revised draft order is placed below for approval.

P.T.T.—11-5-04.

A.G.—13-5-04.

H.D.T.—15-5-04.

Approved.
