SCHOOL OF ARTS, 3

No. 3740.

Madras, dated 9th November 1903.

From

The Officer in Charge,
School of Arts,
M a d r a s.

To

The Director of Public Instruction,
M a d r a s.

Sir,

In respect to your Reference on C.No. 4252 of 1903, dated the 7th November 1903, communicating a proposition statement with regard to the establishment of the Aluminium Department of the School of Arts, I have the honour to request that after the 15th of November when the Aluminium department will be finally closed, I may transfer such members of the Aluminium establishment whose services I still require to the Miscellaneous department of the School of Arts. I would point out in the first ^{place} ~~instance~~ that it has not been found practicable to hand over to the Indian Aluminium Company the whole of their business as, for unforeseen reasons, they are not yet in a position to take it over. The work is, therefore, being carried on in the School of Arts premises under my supervision at the expense of the Indian Aluminium Company; and they are paying us the sum of Rs 1000/- a month for the assistance they are receiving. If the services, therefore, of the whole of the Aluminium establishment were dispensed with on the 15th November, it would be necessary to terminate this arrangement with the Indian Aluminium Company, and this, I think, would be undesirable, if not an actual breach of faith with them as we undertook to give them a reasonable time to transfer the business. Moreover, it involves no loss and it is, I think, desirable that we should, in every way, render the Company as much assistance as we can during what may still be considered its infant stages.

4

5

2. If Government will agree to this arrangement a new proposition statement for the School of Arts can be submitted and I would specially request that I may be allowed to retain the services of the Head clerk of the Aluminium department till the termination of the period for which I am on special duty, namely, the 7th of February 1904. I make this particular request because there is ^a large amount of work for which I require the services of a competent native assistant, and the Head Clerk of the School of Arts has as much work to do as he can very well manage. The preparation of a Monograph on Tanning has been assigned to me and although it is overdue, I have not yet been able to commence the work, and for the enquiries in connection therewith, I certainly require a good native assistant. I would further point out that the whole question of Industrial Education has now come up for final settlement, and till that matter is disposed of I would ^{request} ~~suggest~~ that I may not be deprived of the services of one of my assistants, who has been specially trained to deal with the work connected with this matter.

I have the honour to be,

Sir,

Your most obedient servant,

(Sd) Alfred Chatterton,

Officer in Charge.

Ref. on C.No. 4252 of 03, dated 12th November 1903.

Submitted to Government, Educational, for orders with reference to endorsement No. 623, dated 6th November 1903.

25-11-03

Read the following paper:—

Cuo 1843.

With reference to Mr. Chatterton's proposal ~~Mr. Chatterton is authorized~~ to transfer to the miscellaneous department of the School of Arts with effect from the 16th instant such members of the Aluminium establishment, including the head clerk, as he still requires, detailed proposals with a proposition statement should be submitted as early as possible.

the D.P.D. is requested to call on Mr. Chatterton to submit ~~at~~ an early date

as early as possible. In doing so, a definite date within which the Indian Aluminium Co shall complete their taking over of the Alumⁿ business & finally remove for the School of Arts premises all ~~property~~ and remove all that business for the Sch. of arts.

must be reported

BACK PAPERS.

FURTHER PAPERS.

To

The Secretary to Government,

Educational Department.

(Through the Accountant-General, Madras.)

Sir,

Referring to memorandum No. 661, dated 25th

November 1903, I have the honour to submit a copy of letter No. 4135, dated 9th December 1903 from Mr. Chatterton suggesting the 31st January 1904 as the latest date for removing the Aluminium business from the School of Arts.

2. Mr. Chatterton requests that the services of the Manager of the Aluminium Department be continued until the 31st March 1904 and reports that those of the foreman were continued until the 30th November 1903. After a visit to the School of Arts and an interview with Mr. Chatterton, I consider it desirable that the manager should be kept on until the close of February next but not longer. The transfer of these two appointments to the Miscellaneous department of the school is unnecessary as there is enough provision in the Aluminium budget of the current year to meet the expenditure involved by the retention of the two persons for the periods specified. The necessary proposition statement is herewith submitted.

I have the honour to be,

Sir,

Your most obedient servant,

J. A. Saw

Director of Public Instruction.

Copy of a letter from Mr. Chatterton, Officer in Charge, School of Arts, Madras, to the Director of Public Instruction, No. 4135, dated 9th December 1903.

"I have the honour to submit the proposition statement called for in your memorandum R.O.C.No. 4252 of the 1st instant.

2. I have made provision for my Head Clerk till the 31st March 1904, the date specified in the proposition statement submitted with my letter No. 1141, dated 18th September 1903. In paragraph 5 of that letter I have explained the necessity for his retention till that period.

3. In regard to the rest of the establishment, their services were dispensed with on the 15th November except in the case of K. Srinivasa Sastry, Foreman, whom I had to retain till 30th November. I have accordingly made provision for him till that date.

4. The Indian Aluminium Company have almost completed the transfer of the manufacturing business to their own premises but the stock of raw materials and manufactured articles still remains here. Of the sum of ₹25,000/- which had to be collected from outstandings, the whole has now been received but there is a further sum of ₹2,500/- due for services rendered to the Company since the 15th of September. In this connection I may mention that we have sold and delivered manufactured goods to the value of ₹40,000/- and we have collected ₹39519-3 on account of sales and collection of outstandings and we have paid ₹15,000/- for labour and materials. It will thus be seen that there has been a large amount of work done for the Indian Aluminium Company and this has been done to prevent an awkward hiatus in the operations which would have been of serious detriment to the Company's interests. The work we are doing is now not much and will soon cease altogether but the Company would greatly prefer that we should hold their stocks for a few weeks longer so that they may have time to get in the new capital.

capital they are calling up. This is to enable them to discharge certain loans which they effected in order to pay the sum agreed upon between them and Government for our business. The retention of the stocks here is of great convenience to them and is of no inconvenience to the School of Arts. It will probably only continue for about a month longer but, as there seems to me to be no urgent necessity for finally closing up the accounts, I would suggest that the 31st January be fixed as the extreme limit ^{of time} to be allowed."

The Secretary to Government;
Educational Department.

1843

Educational Department

According to the proposition statement sanctioned in G.O. no 698 dated 27th October 1903 the temporary establishment of the Aluminium Department of the School of Arts ceases to exist on the 15th instant. Mr. Chatterton now requests sanction to transfer ~~to~~ to the miscellaneous department of the School & such members of the Aluminium Establishment as he will still require. It is submitted that so vague a request as this can hardly be considered. He may therefore be asked to submit an application with a proposition statement for the employment of such additional hands as he requires in the miscellaneous department of the School of Arts. He should, of course, make out a case for the employment of the hands he is going to ask for.

2. Work is now being carried on in the School of Arts at the expense of the Indian Aluminium Company who is paying Rs 1000 per mensem for the purpose. This must be taken as payment for specific work done & there is no objection to Mr. Chatterton remunerating his men out of this amount. But they must cease to be Govt servants from the 15th as the Indian Aluminium Company is not a foreign employer within the meaning of article 750 of the C.R.

Mr. Chatterton must, of course, give details as to the Establishment he wishes to retain. Is there

however, any objection to their continuing to be Govt Servants, the cost being actually met by the Rs. 1000 p^d by the I.A.C. Co. P.

Rly
14.11.03

It is submitted that as the Aluminium Department no longer exists Govt cannot maintain any establishment on its account even at the expense of the Company. Govt is not carrying on any business in Aluminium either on its own account or on behalf of the Company.

B

The Company is carrying on the business at the School of Arts. If however the Govt declares that the business which it was carrying on will not be regarded as closed as yet there will be an end of the matter and all that will then be required is an order extending the period shown against the temporary establishment of the Aluminium Department in page 7 of G.O. no. 698 Fin. dt 27th October 1903. If not there is nothing to prevent Govt from sanctioning the continuance of this establishment as part of the temporary establishment of the ——— weaving, carpentry & miscellaneous industries in the school.

[Memo. no. 661, dated 25th November 1903.]

From the D.P.O., no. 4252, dt 24th Dec. 1903

Page 7, et file

In memo. no. 661, dated 25th November 1903, the Director was requested to call on Mr Chatterton (1) to submit detailed proposals with a proposition statement in regard to the transfer to the miscellaneous department of the School of Arts of such members of the aluminium establishment as he still required and (2) to name a definite date within which the Indian aluminium company shall complete their taking over of the aluminium business.

* p. 11 & 13, et file

2. In regard to (1) the Director submits copy of a letter from Mr Chatterton in which he states that the services of the foreman were retained till the 30th November 1903 and that those of the manager will be required till 31st March next. The Director however considers that the manager need not be kept on later than the close of February next. The Director's recommendation may be accepted and the proposition statement approved and transferred to the Financial department for sanction. Perhaps all that is necessary is the issue of an erratum altering the dates in these two cases in the proposition statement sanctioned in G.O. no. 698 Financial, dated 27th October 1903, more especially as the Director thinks that the transfer of these two appointments

* p. 10, et file

to the Miscellaneous Department of the School
of Arts is unnecessary?

3. As regards (2), Mr. Chatterton suggests p. 13, cl. 616.
that 31st January 1904 may be fixed as the
latest date for removing the aluminium bus-
ness from the School of arts. This may be ap-
proved.
