### Civil Medical Pupils.

Accepting the recommendation of the Director of Public Instruction that Civil Medical pupils should receive a uniform stipend of Rs. 9 *per mensem* during their four years' course.

## GOVERNMENT OF MADRAS.

## EDUCATIONAL DEPARTMENT.

Read—the following paper :—

From the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., Director of Public Instruction, to the Secretary to Government, Educational department, dated Madras, 19th April 1904, Ref. on Cur. No. 8003 of 1903.

In paragraph 18 of G.O., No. 1001, Financial, dated 7th May 1875, the rate of stipend for civil hospital assistant pupils in their pre-collegiate course was fixed at Rs. 7 *per mensem* and that for the three years' collegiate course at Rs. 9 *per mensem*. The pre-collegiate course has now been abolished and the scholastic course has been extended from three to four years in consequence. Following the rates given in the rules drawn up by the Medical College reorganization committee which were approved in paragraph 4 (g) of G.O., No. 654, Educational, dated 22nd October 1896, Mr. Stuart decided in September last on a reference made by the Superintendent of the Medical school, Ráyapuram, that civil hospital assistant pupils should draw during their first school year the same rate of stipend as that formerly sanctioned for the pre-collegiate year, viz., Rs. 7 *per mensem*. The Superintendents of the two provincial Medical schools now contend and rightly, I think, that with the abolition of the pre-collegiate course the reason for the payment of a lower scale of stipend for the first of the four years' course naturally disappears. During the pre-collegiate year the pupils lived in their own homes and attended the nearest hospital, but under present arrangements they have to spend the first scholastic year like the rest away from their homes, and living must be equally expensive to them through the whole four years of their course. I beg therefore to recommend that a uniform rate of stipend, viz., Rs. 9 *per mensem*, be sanctioned for civil hospital assistant pupils during their entire course, the increase to take effect from 1st July next.

The Surgeon-General whom I have consulted on the subject is in favour of the above proposal.

2. The extra cost of the proposal amounting to about Rs. 240 during the current year can be met from savings in the budget provision for the two Medical schools.

ORDER—No. 312, Educational, dated 21st May 1904.

The Government accept the recommendation of the Director of Public Instruction that civil medical pupils should receive a uniform stipend of Rs. 9 *per mensem* during their entire four years' course.

2. This order will take effect from 1st July 1904.

(True Extract.)

H. D. TAYLOR,  
Ag. Secretary to Government.

To the Director of Public Instruction.  
" Surgeon-General.  
" Public department.  
" Accountant-General.

Ed. P. Sankaran Nair.

## EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., No. 312, EDUCATIONAL, DATED  
21st MAY 1904.

[SUBJECT.—*Stipend of Civil Medical pupils.*]

From the Director of Public Instruction, No. 8003, dated 19th April 1904.

The Director's recommendation that the stipend of civil medical pupils during their first-year course should be the same as that fixed for the remaining three years' course is a reasonable one and may be accepted with the concurrence of the Public and Financial departments.

2. A draft is placed below for approval; it may issue with the concurrence of the same departments.

T.K.—2-5-04.

Military pupils get Rs. 8 with quarters, clothing and books and appliances for study (page 6 of G.O., No. 172, Educational, dated 11th March 1904); Madras-Burma pupils get Rs. 9 + 2 for books (page 11 of the same Government order); and Burmese pupils Rs. 30 + 10 (page 12 of the same Government order).

P. T. THARYAN—4-5-04.

A. GALLETTI—4-5-04.

The reasons given by the Director of Public Instruction appear to be sound. Forwarded to Public and Financial u.o. for favour of remarks or acceptance of draft.

H. D. TAYLOR—5-5-04.

To the Public department.

To the Financial department.

## PUBLIC DEPARTMENT.

The draft may be accepted in Public.

C. S. SIMPSON—6-5-04.

The Surgeon-General is in favour of the proposal; I think it may be accepted in Public. The cost is about Rs. 240 a year.

A. Y. G. CAMPBELL—9-5-04.

Through the Financial department.

## FINANCIAL DEPARTMENT.

Submitted that the draft may be accepted in Financial. The Director states that the extra cost (Rs. 240 per annum) involved can be met from savings in the budget provision for the two Medical schools.

F. A. D'CRUZ—12-5-04.

C. M. SCHMIDT—14-5-04.

I should doubt if the expenditure is necessary. The pupils come on the present scale and there seems no very good reason for altering it. It is not supposed that the pupils are entirely without private resources.

M. HAMMICK—18-5-04.

It is difficult to make a distinction between the first and other years of the course, and perhaps we better sanction.

G. S. F[ORBES]—19-5-04.

The draft is accepted.

M.H.—20-5-04.

To the Educational department.

EDUCATIONAL DEPARTMENT.

Draft has been approved by the Honourable Member in Financial.

Sir,

In para 18 of G.O. No. 1001, Financial dated 7th May 1875 the rate of stipend for civil hospital assistant pupils in their precollegiate course was fixed at Rs 7 per mensem and that for the three years' collegiate course at Rs 9 per mensem. The pre-collegiate course has now been abolished and the scholastic course has been extended from 3 to 4 years in consequence. Following the rates given in the rules drawn up by the Medical College reorganization committee which were approved in para 4 (g) of G.O. No. 654 Educational dated 22nd October 1896 Mr. Stuart decided in September last on a reference made by the Superintendent of the Medical School, Rayapuram that civil hospital assistant pupils should draw during their first school year the same rate of stipend as that formerly sanctioned for the pre-collegiate year, viz. Rs 7 per mensem. The Superintendents of the two provincial Medical schools now contend and rightly, I think, that with the abolition of the pre-collegiate course the reason for the payment of a lower scale of stipend for the first of the four years' course naturally disappears. During the pre-collegiate year the pupils lived in their own homes and attended the nearest hospital, but under present arrangements they have to spend the first scholastic year like the rest away from their homes, and living must be equally expensive to them through the whole four years of their course. I beg therefore to recommend that a uniform rate of stipend viz. Rs 9 per mensem be sanctioned for civil hospital
