Sub-Assistant Inspectors.

Sanctioning, with remarks, the proposal of the Director of Public Instruction to entertain with effect from 1st July next, the full number of additional -- sanctioned in G.O., No. 207 Educational, dated 31st March 1904.

GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—again the following papers:—

G.O., No. 207, Educational, dated 31st March 1904.

ABSTRACT.—Communicating to the Director of Public Instruction letter from the Government of India conveying sanction to the proposals for the reorganization of the Provincial Educational Service and the staff of Sub-Assistant Inspectors.

READ—also the following paper:—

From the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., Director of Public Instruction, Madras, to the Secretary to Government, Educational Department, dated 25th May 1904, C. No. 4726.

With reference to G.O., No. 207, Educational, dated 31st March last, communicating the sanction of the Secretary of State to the appointment of 62 additional Sub-Assistant Inspectors, I have the honour to request that you will be good enough to obtain the sanction of Government if necessary to the entertainment of the full number of additional Sub-Assistant Inspectors with effect from 1st July next. This will not militate against the condition laid down in paragraph 5 of the letter of the Local Government to the Government of India No. 493, dated 20th August 1902, that the cost should be spread over three years, as I propose to put almost all these additional Sub-Assistant Inspectors except the additional Sub-Assistant for Girls' schools in the probationary grade (Rs. 75). This will be seen from the following figures:—

	RS.	
Lump provision in the budget estimate for the current year for additional Sub-Assistants	59,000	
Pay of 61 Sub-Assistants of Boys' schools at Rs. 75 for eight months (1st July to 28th February 1905) ..	36,600	(61 × 75 × 8)
1 Girls' school Sub-Assistant at Rs. 125 for eight months.	1,000	(1 × 125 × 8)
Total ..	37,600	A.

Cost of establishment—

61 offices (Boys)	{ 1 Clerk on Rs. 15 1 Attender „ 10 1 Peon „ 6 }	for 8 months	15,128	(61 × 31 × 8).
1 Girls' Range (31 × 8)		..	248	(31 × 8)
Total establishment ..			15,376	B.
Grand Total (A & B) ..			52,976	
Promotion to one Sub-Assistant girls' range (25 × 8) ..			200	(1 × 25 × 8).
Balance ..			5,824	

2. From the above details it will be seen that if my proposal to appoint all the new Sub-Assistants except Sub-Assistant of Girls' schools at once in the probationary grade is approved, the lump provision made in the current year's budget is more than enough to cover the cost. The balance of Rs. 5,824 will be utilized towards the cost of some promotions that may have to be made in the grades. The additional expenditure that will have to be provided for in the budget estimate for next year will, excluding any amount required for promotions which may be fixed by the amount available, total half as much again as the amount shown above, viz., Rs. 88,500 (Rs. 59,000 + Rs. 29,500), the period for which increased provision has to be made being twelve months instead of eight months. This amount is considerably less than the limit of two-thirds of the total additional expenditure which the re-organization involves (one-third for the current + one-third for the year 1905-1906). Indeed I shall be entitled to budget for Rs. 11,800. The full provision required will be made in the budget estimate for 1906-1907.

3. In this connection, I beg to observe that the condition as regards spreading the expenditure over three years was made in July 1902, that is, two years ago and that it is based solely on financial grounds. I am inclined to think that my proposal to appoint the full complement of the officers at once is not open to any objection on financial grounds, because the expenditure involved therein does not exceed the limit fixed.

4. My proposal to appoint all the new Sub-Assistants at once is intended to avoid the undesirability of redistributing the ranges each time a third of the number are appointed. This might, no doubt, be avoided to a certain extent by dealing with the ranges in a portion of the Presidency at a time. This course is open to very serious objection. It would render it impossible for instance to issue general orders with regard to any change of system of payment of grants or of holding the Primary examinations.

ORDER—No. 329, Educational, dated 2nd June 1904.

The Director's proposal to entertain, with effect from 1st July next, the full number of additional Sub-Assistant Inspectors, sanctioned in G.O., No. 207, Educational, dated 31st March 1904, is approved subject to the condition that the total budget allotment of 23.98 lakhs on account of education is not exceeded in any year.

2. In the calculations given in his letter, the Director makes no allowance for the travelling and contingent expenses of the new Sub-Assistants.

NOTES CONNECTED WITH G.O., No. 329, EDUCATIONAL, DATED
2ND JUNE 1904.

[SUBJECT.—*Appointment of Additional Sub-Assistant Inspectors of Schools.*]

*Demi-official from the Hon'ble Mr. A. G. Bourne, Director of Public Instruction, to the
Acting Secretary to Government, Educational Department, dated Madras, 19th
May 1904.*

I have selected almost all the new Sub-Assistant Inspectors and was about to let them know so that they might be in readiness to begin work in July or August when my office suggested that I could only appoint some of them this year. Kindly see G.O., Nos. 492 and 493, Educational, dated 20th August 1902. It was then proposed that the introduction of the new scale should be gradual and spread over three years. I believe the original idea was that a certain number only could be procured in any one year, but as I have secured them I want to put them all in at once, and as the Secretary of State has sanctioned the full number I thought I was at liberty to do so. To add the new men gradually will be very unsatisfactory; either I shall have to keep on changing the ranges for three years or I shall have to supply one circle at a time. I want to appoint the full number from such a date as will enable me to utilize the full amount provided in the budget for this year—Rs. 59,000, or even earlier and propose some reappropriation. I should of course be obliged to provide for the full amount required under the new scale in next year's budget. Kindly let me know whether I am not at liberty to make the best arrangements I can, or whether I am bound by the suggestion as to the three years. I should like to know very soon so that I may give notice before the vacations are over to the new men I am enlisting from schools. I was going to write officially shortly about certain details, but the suggestion that I could not appoint all the men now has been sprung upon me; and I hope you will agree with me that I can utilize the budget provision for this year in the way I propose and calculate upon the full provision for next year.

Papers, please.

H. D. TAYLOR—20-5-04.

Please see G.O., Nos. 492, 493, Educational, dated 20th August 1902, and No. 207, Educational, dated 31st March 1904. It is true that in applying for sanction to improve the pay of existing Sub-Assistant Inspectors of Schools and to increase their number from 64 to 126, the Government said that the introduction of the new scale would be gradual and spread over three years—*vide* the last sentence of paragraph 4 of letter No. 493, dated 20th August 1902. This was based on paragraph 3 of Mr. Stuart's letter in G.O., No. 492 of the same date. In the Secretary of State's sanction in G.O., No. 207, Educational, dated 31st March 1904, however, no reference is made to this condition, and the Government are apparently free to give full effect at once to the scheme of reorganization subject to the provision of funds. There is a lump provision of Rs. 59,000 for this purpose in the current year's budget—*vide* page 6 of G.O., No. 849, Financial, dated 12th December 1903. Subject to

Perhaps it would be as well to inform India.

A. GALLETT.

the condition that this amount is not exceeded, there appears to be no objection to the Director's giving full effect to the scheme at once. Or considering that there were large lapses from the Educational

budget in 1902-1903 and 1903-1904 Government may even go a step further and relax the condition and say that the scheme may be fully introduced at once, provided the total grant under 22. EDUCATION in the budget for 1904-1905 is not exceeded.

2. The re-organization will cost about a lakh and a quarter per annum including travelling allowances, but the Government have already pledged themselves to this extra expenditure. The examination of schools and the distribution of grants will, however, be thereby placed on a better footing.

P. T. THARYAN—21-5-04.

In a note on a draft budget statement sent up a few weeks ago, the present Governor animadverted on last year's budget lapses. Submitted that any proposal which will prevent lapses this year should be welcomed.

A. GALLETTI—21-5-04.

The scale generally has received the sanction of the Secretary of State, and it would seem that the introduction of the scheme is not necessary to be gradual and spread over three years, but will be subject to financial considerations. If the full staff is ready to hand and can be at once entertained, the sooner the reorganization takes place the better, provided that funds are available.

2. Will Financial please state whether provision can be made in 1905-1906 for the cost of the entire establishment, as revised, on the new scale? The extra cost may be estimated at about a lakh and a quarter per annum or Rs. 9,464 per mensem exclusive of travelling allowances.

India may find it desirable to make towards the expenditure rendered necessary by reforms which are in contemplation in the administration of Education

3. The amount provided in the civil budget estimate for 1904-1905 for revision of the scale of Sub-Assistant Inspectors of Schools is .59 lakh, and if for this figure the full provision of 1.25 lakhs were substituted, the budget estimate for 1904-1905 under 22. EDUCATION would stand at 24.66 lakhs against the settlement estimate of 23.98 lakhs.

4. Submitted that the Educational Department may be informed that there is no objection to full provision on account of the revision of the scale of Sub-Assistant Inspectors of Schools being made in 1905-1906, provided the total estimate under 22. EDUCATION does not exceed Rs. 23.98 lakhs—the settlement estimate figure (as the

grant under this head should, as already noted *, be limited to this amount for some years to come)—which, it is submitted, would be practicable, looking to the lapses in the Educational budget during recent years.

V.G.A.—23-5-04.

Submitted that we may agree to the introduction in full of the scheme for the reorganization of the Sub-Assistant Inspector Agency in the Educational department. The reform is considered to be necessary and it will entail an additional .66 lakh over and above the budget allotment for 1904-1905. It is unlikely that EDUCATION will work up to 24 lakhs for sometime to come, looking to past actuals.

C. M. SCHMIDT—23-5-04.

Submitted that as the Educational department wishes very much to start the scheme at once in full Finance need not object, provided the Educational Department take care that the total Education budget allotment is not exceeded.
