Governor in Council, a copy of the correspondence* with His Majesty's Secretary of State, noted on the margin, regarding the grant of local allowances of Rs. 200 and Rs. 150 a month, to the Superintendents of the medical schools at Ráyapuram and

2. With reference to the proposal contained in paragraph 1 of your letter of the 15th August last, I am to say that the Government of India are precluded by rule from giving retrospective effect to a sanction granted by the Secretary of State. In view, moreover, of the objections which they entertain to the grant of such allowances with retrospective effect, they regret that they are not prepared to recommend the proposal of the Madras Government to the Secretary of State whose sanction should accordingly take effect from the date on which it was received.

3. I am to add that the Government of India agree to the proposed grant of a local allowance of Rs. 50 per mensem to the fourth instructor of the Ráyapuram school with effect from 1st June 1903.

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., No. 34, EDUCATIONAL, DATED
18TH JANUARY 1904.

[SUBJECT.—*Allowances to Superintendents and Instructors, Rayapuram and
Vizagapatam Medical Schools.*]

*From the Government of India, Home department, No. 1451, dated 31st
December 1903.*

The Government of India forwards a copy of the despatch from the Secretary of State sanctioning the grant of local allowances of Rs. 200 and Rs. 150 a month to the Superintendents of the Medical schools at Rayapuram and Vizagapatam, respectively, but refuses to give effect to the sanction from the date of opening of the schools. The sanction will thus have effect from the 17th August 1903, the date on which the despatch was received by the Government of India—Director's letter in G.O., Nos. 637-38, dated 22nd December 1903. As the Vizagapatam school was opened on 1st July 1902—paragraph 1 of letter, No. 383, dated 15th August 1903—, the Superintendent of that school is deprived* of his allowance for 13 months and 16 days which comes to Rs. 2,027-6-8. The loss to the Superintendent of the Rayapuram school which was opened on 1st April 1903 is Rs. 903-3-7—paragraph 1 of letter No. 383, dated 15th August 1903.

2. The Government of India sanctions also the grant of local allowances of Rs. 100 per mensem to each of the first instructors of these schools. Nothing is said about the date from which these allowances may be paid. The sanction in these cases can therefore take effect only from the date of the Government of India's letter, namely, 31st December 1903.—
Of course. G.S.F.
article 292 of the Civil Account Code. This means that the Instructor in the Vizagapatam school should lose Rs. 1,796-12-5 and the Instructor in the Rayapuram school, Rs. 896-12-5.

3. Orders are solicited as to whether any representation should be made to the Government of India on this matter. From the tone of its present letter, however, it is unlikely to reconsider the decision in the case of the Superintendents, but a reconsideration in the case of the Instructors is possible. The Government of India sanctions the grant of the local allowance of Rs. 50 to the fourth Instructor of the Rayapuram school applied for in letter, No. 383, dated 15th August 1903, with effect from 1st June 1903.

P. T. THARYAN—11-1-04.

The schools were opened on 1st July 1902 and 1st April 1903. This Government addressed India on 14th June 1902. India took close on a year to hatch its despatch to the Secretary of State—sent on 4th June 1903. When posts carrying allowances which require the Secretary of State's sanction are proposed, sanction should in future be awaited before the men are ordered to start work?

2. In its present letter, India has strangely omitted all reference to the request of this Government in letter No. 383, dated 15th August 1903, that the pay of the first Instructors [sanction of the Secretary of State not required] should be sanctioned by itself with retrospective effect. The omission may be pointed out?

A. GALLETTI—11-1-04.

The primary cause of the present unfortunate position seems to be the dilatory conduct of the late Director of Public Instruction. In paragraph 4 of G.O., No. 320, Educational, dated 10th June 1901 he was requested to submit "the necessary proposition statements at an early date", but they were only submitted in his letter Ref. on C. No. 1491, dated 21st March 1902, and had then to be returned by the Accountant-General for revision. They were forwarded to the Government of India without much delay on the part of this Government in Educational letter, No. 357, dated 14th June 1902. But the Government of India did not consider the proposition statements to be in proper form and returned them with its letter of 24th September 1902—G.O., No. 735, dated 28th November 1902. After being corrected by the Director of Public Instruction, they were resubmitted to India in Educational letter, No. 735, dated 28th November 1902. From about 1st December 1902 onwards, i.e., for about seven months, the Government of India is responsible for the delay.

2. From the present correspondence and from other instances which have come to notice (e.g., the correspondence regarding the notice necessary in order to place Educational officers on special duty while on furlough), it looks as though the Government of India (whether in the Home Department or Financial Department) is likely

It always has so far as I know.

G. S. F[ORBES].

to stand strictly on rules regarding sanction, and such methods of doing business as occurred in this case, where the

proposition statement necessary for application to the Secretary of State was furnished to Government a week before one of the schools commenced work, will not receive any condonation. It is hard, however, that the penalty should fall, on the unfortunate officers who did the work and who were in no way apparently responsible for the delay. We must, however, communicate the decision to them, and leave them to memorialize if they are so advised. The Director of Public Instruction is sure to come up on some of the cases here concerned, and I think we had better await any representation of his before attempting to address India again.

A. G. CARDEW—11-1-04.

The allowances are only local allowances, and are matter of grace really. Sanction must take effect in accordance with the standing and well-known rule.
