Typewriting Examination

In G.O. no. 318 Educational, dated 3rd June 1899, heads of departments were requested to report the number and nature of the appointments in the various Government offices for which typewriting might be prescribed as a qualification. From the reports received in reply it appeared that there were altogether 103 appointments as shown in the Statement appended to G.O. no. 432 Educational, dated 7th September 1900, which, it was considered, might be reserved for typewriting clerks. The Government accordingly directed in G.O. no. 432 Educational, dated 7th September 1900, that these 103 appointments should be brought within the scope of clause 13 of article 4 of the Public Service Notification, or, in other words, that candidates for these posts should in future be required to have passed the Government Technical Examination in typewriting, candidates for the appointments in Collector's offices being required to have qualified under article 2 of the Public Service Notification also.

2. A. Narayana Rao, Typewriting clerk and Assistant Librarian in the American Baptist Mission College, Ongole, now requests to be informed whether a candidate for

Typewriting clerk in a District Court who has passed the Government Technical Examination in typewriting in the elementary grade requires to be qualified under article 2 of the Public Service Notification also. It is submitted that the answer to this query depends on whether there is an appointment of a "typewriting clerk" on the establishment of the District Court in question. If there is one then a candidate for it ^{who has passed the typewriting examination} need not qualify under article 2 of the Public Service Notification. If not, he must qualify if the post is that of a clerk and not of a copyist. Copyists are exempted under article 3 of the Public Service Notification.

There is no information in this office on any of these points, and it will not be safe to give the applicant an answer one way or the other. He may be simply asked to apply to the District Judge.

3. From the Statement appended to G.O. no. 432 Educational, dated 7th September 1900, it would appear that no posts in District Courts were to be reserved for typewriting clerks.

It is quite clear that the reason given by the D^e Judge 21/5/4 or his Shristadar for him is incorrect. The man has passed the Gov^t examⁿ in elementary type-writing and that is all that G.O. 40.03 and Rule 4(13) require. He may be told that if he has passed the elementary type-writing

inasmuch as a wrong reason is given for not holding him eligible.

Even if the applicant qualifies it is not clear if the D^e Judge is to appoint him or not. The matter was with the Engineer? Thomas, he referred to the D^e Judge & Cuddapah & District and the attention of the D^e Judge was to the necessary of the applicant to the post.

The post is referred to the D^e Judge
