GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following paper :—

From the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., Director of Public Instruction, Madras, to the Secretary to Government, Educational Department, dated 27th May 1904, Ref. on Cur. No. 280.

In submitting the report on education in the Vizagapatam Agency for 1900-1901 the Inspector of schools, Northern Circle, suggested the desirability of the Superintendents of Hill schools holding sessional classes during the long vacation of each year in view to the reduction in the number of unqualified teachers in the Agency. The Government Agent, Vizagapatam, addressed me in January last approving of this suggestion and pointing out that the efforts of the Government Training class, Jeypore, to improve the qualifications of the Agency teachers required to be supplemented by the working of sessional classes at the head quarter stations of the Superintendents of Hill schools. But as a similar proposal made by the Agency officers in 1900 was dropped at the instance of Mr. G. H. Stuart and the then Inspector of schools both of whom considered that sessional classes worked for one or two months in the year would be productive of little good, I called for a report from the present Inspector as to whether the holding of sessional classes each year by Superintendents of Hill schools even though for a short period would at least not be better than nothing. He now informs me that the scheme may be tried with advantage. I have the honour accordingly to request the sanction of Government for two sessional classes being held for two months each year beginning with this year, one at Jeypore and the other at Gunupur, by the Superintendents of Hill schools at the respective stations and for payment from Provincial funds of five stipends of Rs. 5 each per mensem in each class. The stipends will be allowed only to teachers in schools under private management, teachers in Government schools who have undergone training without securing the requisite teachers' certificates being required to attend the class without any extra allowance. I beg to add that a similar arrangement has been sanctioned for the Ganjam Agency—vide G.O., No. 254, Educational, dated 14th April 1894. During the current year the cost of stipends and the necessary contingencies for rent, etc., which may not exceed Rs. 5 per mensem for each class, can be met from the budget provision made for Government Training schools for masters, under Government schools—Special. Separate provision will be made under the above head in future budgets. As the schools in the Agency generally close for the long vacation in June, I have requested the Government Agent, Vizagapatam, to make the necessary arrangements for starting the classes in anticipation of sanction. The delay in seeking this sanction owes its origin to the Government Agent having dealt with the question relating to the establishment of sessional classes in the same letter in which he dealt with another matter of an administrative nature and the clerk who wrote the docket having referred to the one subject and not the other.

ORDER—No. 367, Educational, dated 13th June 1904.

The proposal of the Director of Public Instruction is sanctioned.

2. The Director should forward the usual reappropriation statement to the Accountant-General.
