To

The Secretary to Government,

Educational Department.

Sir,

I have the honour to submit the enclosed plan with estimate amounting to Rs 3,400/- for the construction of a building for the Wesleyan Mission Girls' School, Madurantakam, Chingleput District and to recommend that, under Rule 118 of the Grant-in-Aid Code, a grant of Rs 1133 be sanctioned.

2. The school is now held in a rented building which was formerly a dwelling house and is quite unsuited for educational purposes. The surroundings are also disagreeable. As the mission authorities have not been able to secure any other building in the town they have decided to erect a commodious and suitable building. The strength of the school is about 50 and is likely to increase further. It has been conducted efficiently and is likely to be more useful when located in a more suitable building.

3. Out of the allotment for building grants in the current year's budget estimate payment of Rs 100 has been authorized up to date.

I have the honour to be,

Sir,

Your most obedient servant,

A. G. Bourne
