G.O., No. 456, Educational, dated 19th September 1903.

ABSTRACT.—Communicating, with remarks, to the Director letter from the Government of India forwarding a communication from the Board of Education, London, regarding the recognition of secondary schools in India by that Board.

READ—also the following paper :—

From R. NATHAN, Esq., C.I.E., Deputy Secretary to the Government of India, Home Department (Education), to the Secretary to the Government of Madras, Educational Department, dated Simla, 7th June 1904, No. 464.

In continuation of the Home Department letter No. 539, dated the 7th September 1903, I am directed to state, for the information of the Governor in Council, that the Board of Education, London, have intimated their willingness to entertain applications for the recognition not only of European schools, but also of any secondary school in India for the purposes of the Teachers' Registration Act.

2. Since the regulations for registration of teachers require that the teacher should have obtained his education and training in the United Kingdom, the number of secondary schools in India in respect of which applications for recognition could properly be made is very small. The Government of India do not, therefore, think it desirable to issue such a general notification as might induce a large number of secondary schools to make application under a misunderstanding of the purpose for which recognition would be valid. Those secondary schools which employ teachers with English qualifications *prima facie* entitling them to recognition should, however, with the permission of the Governor in Council be informed that they may make application in the manner described in this Department letter No. 539, dated the 7th September 1903. The Government of India have also undertaken to obtain for the Board of Education the necessary particulars about any school from which the Registration authorities in England may receive an application from a teacher *prima facie* qualified for registration.

3. I am to add that the date, 6th March 1902, should be substituted for the date, 1st April 1902, in paragraphs 3 and 4 of this Department letter of the 7th September 1903.

ORDER—No. 381, Educational, dated 20th June 1904.

With reference to G.O., No. 456, Educational, dated 19th September 1903, the Board of Education, London, have intimated their willingness to entertain applications for the recognition not only of European schools but also of any secondary school in India for the purposes of the Teachers' Registration Act. It is however unnecessary to give wide publicity to this announcement: it will be enough if secondary schools, which employ teachers with English qualifications, *prima facie* entitling them to recognition, are informed that they may make applications in the manner prescribed in the letter from the Government of India printed in the Government order quoted above. The Director should convey the necessary intimation to the schools concerned.

2. The date, 1st April 1902, given in paragraphs 3 and 4 of the letter from the Government of India referred to should be altered into 6th March 1902.
