Sir,

C.O. 103 (Lodg) L

In continuation of my letter Ref on Cur No.

3693 of 02 dated 13th January 1904 I have the honour to state that a plot of land measuring one acre belonging to the Sanivarpet Zamindar shown in the accompanying survey plan shaded in pencil was selected by the Executive Engineer and the Inspector of Schools, Northern Circle as likely to form a suitable site for the Training School, Guntur. Mr. Stone the Inspector of European and Training Schools who inspected it approves of the site as it is centrally situated but considers that the portion proposed to be acquired viz. 1 acre is hardly enough for a school garden, play ground, latrines, tiffin rooms &c. and that at least 2 acres should be acquired. The site is a little too near the Railway station but if two acres are acquired it would admit of the school being built towards the south west corner thus ensuring a comparatively secluded position for it. I have the honour in these circumstances to request that Government may be pleased to order the acquisition of not less than 2 acres of this land. Information regarding the probable cost of acquisition has been called for and will on receipt be reported to Government.

2. I also request that instructions may be issued for the preparation of the necessary estimates in accordance with the type design for Training Schools under prepara-

tion in the office of the Consulting Architect to Government.

I have the honour to be,

Sir,

Your most obedient servant,

Director of Public Instruction.

The only question arising in this file is the area of the land which should be taken up for the training school at Guntur. D.P.D. originally asked for 2 acres, but now on learning that the land is comparatively cheap (Rs 115 an acre) he proposes to take up 4 acres. This will be useful as a recreation ground. The draft has been accepted by P.D.D. I propose it to be approved by P.W.D. as Rs 10000 an acre for land for a similar purpose.
