GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

READ—the following papers:—

Official Memorandum to the Director of Public Instruction, No. 165, Educational, dated 4th April 1904.

The Director of Public Instruction is informed that some additional funds may be available during 1904–1905 for expenditure on buildings for girls' schools and training schools for mistresses and he is requested to draw up in consultation with the Public Works Department and submit with the least possible delay a list of any such works for which funds have not already been provided in the Public Works Department budget estimate (under class A) and for which plans and estimates are ready and a site has been secured. The money, if allotted, should be spent within 1904–1905 and hence no works which cannot be immediately put in hand should be included.

2. The list may be in the following form:—

Name of work.	Amount of estimate.	Number and date of Government order sanctioning estimate.	Amount that can be spent in 1904–1905.
1	2	3	4

From the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., Director of Public Instruction, Madras, to the Secretary to Government, Educational Department, dated 7th April 1904, R.O.C. No. 3006.

Referring to your memorandum No. 165, Educational, dated 4th April 1904, I have the honour to state that I shall submit the list called for on receipt of the Public Works budget for 1904–1905 for which I am applying to the Secretary to Government, Public Works Department.

2. I request that I may be given an idea of the amount of additional funds likely to be available for use of this Department as this information is necessary to enable me to draw up the list in question. An approximate figure will of course answer the purpose.

Official Memorandum to the Director of Public Instruction, No. 176, Educational, dated 9th April 1904.

The Director is informed that he may submit for consideration proposals for a lakh of rupees, arranging the items in the order of urgency.

From the Hon'ble Mr. A. G. BOURNE, D.Sc., F.R.S., Director of Public Instruction, Madras, to the Secretary to Government, Educational Department, dated 3rd May 1904, R.O.C. No. 3006.

Referring to your memorandum No. 165, Educational, dated 4th April 1904, and No. 176, Educational, dated 9th April 1904, I have the honour to state that there are no buildings which are not already included under class A Works of the Public Works budget for which plans and estimates are ready.

2. In the case of the marginally-named five girls' schools included under class B works, sites have been selected and the proposal to construct a building for the girls' school, Tiruvannāmalai, on the site of the old taluk office in the station has been approved in G.O., No. 260 W., dated 25th January 1904. Excepting the school at Karūr which is of the lower secondary grade all the schools are of upper primary standard. The Consulting Architect says that he has prepared type-designs and detailed estimates for the two sets of schools and submitted them to the Chief Engineer and that on receipt of his approval the plans will be lithographed and circulated. He puts down the approximate cost of a lower secondary school at Rs. 14,227 and of an upper primary school at Rs. 10,815. If therefore instructions be issued in the Public Works Department to the Executive Engineers concerned to obtain copies of plans from the Consulting Architect and to prepare and submit with the least possible delay the necessary estimates it will be possible to spend during the current year Rs. 78,172 as shown below:—

School.	Estimate.	Cost of site.	Total.
	RS.	RS.	RS.
Tiruvannāmalai	10,815	..	10,815
Vinukonda	10,815	..	10,815
Vetapalem	10,815	290	11,105
Tenali	10,815	450	11,265
Stonehousepet	10,815	2,500	13,315
Karūr	14,227	630	14,857
Add approximate cost of latrines, compound walls, well, etc.			6,000
Total ..			78,172

I have put down the girls' school, Tiruvannāmalai, first as the work is most urgent.

3. If the estimates for the girls' schools already included in class A works are worked out in full, it should be possible to spend on them within the year Rs. 25,327 as shown below:—

School.	Estimate.	Amount already spent or allotted.	Balance.
	RS.	RS.	RS.
Narasapur girls' school	10,300	6,500	3,800
Villupuram	13,300	4,000	9,300
Dindigul	14,227*	2,000	12,227
Total ..	..	..	25,327

* Consulting Architect's estimate exclusive of cost of site, compound walls, latrines, etc.

4. Among Training schools for Mistresses the only one that stands in need of a building is the Moyan Training school for Mistresses, Calicut, and the selection of a site for it is under consideration.

5. In regard to the six schools named in paragraph 2 above and the girls' school, Dindigul, referred to in paragraph 3, I am addressing the Executive Engineers concerned as to whether they can arrange to obtain from the Consulting Architect a copy of the type-design and to draw up the necessary estimates in about a month's time and

as to whether it will be possible to spend within the current official year the full amount of the estimates. On receipt of their reply I shall submit a statement in the form required by Government.

6. I may, in this connection, add that I have already submitted to Government estimates for the following works which are not included in the Public Works budget:—

	RS.
(1) Compound walls for the Training school, Chittoor	2,300
(2) Improvements to the Madrasa-i-Azam buildings	3,246
(3) Do. Medical College do.	9,852
(4) Hostel for the Rajahmundry College	18,460

I have also submitted an estimate for Rs. 11,900 for extensions and improvements to the Training College, Rajahmundry, one of the works included under class B works.

Memorandum of the Public Works Department, to the Superintending Engineers of I, II, IV, V and VI Circles, No. 3340-C., dated 14th June 1904.

Read—the following paper:—

From the Director of Public Instruction, Madras, dated 3rd May 1904, R.O.C. No. 3006.

Memorandum—No. 3340-C., dated 14th June 1904.

A copy of the Director's letter recorded above is communicated to the Superintending Engineers concerned with the request that they will be so good as to report very urgently whether any and if so what amounts could be spent on the execution of the works * mentioned in paragraph 2 for which no provision or only partial provision has been made in the budget for the current year.

- * (1) Girls' School at Tiruvannamalai.
- (2) Do. at Vinukonda.
- (3) Do. at Vetapalem.
- (4) Do. at Tenali.
- (5) Do. at Stonehousepet.
- (6) Do. at Karúr.
- (7) Do. at Narasapur.
- (8) Do. at Villupuram.
- (9) Do. at Dindigul.

2. The Chief Engineer has assured Government that the girls' schools at Narasapur and Villupuram will be finished during the current year. The works should accordingly be pushed on with vigour.

ORDER—No. 427, Educational, dated 12th July 1904.

Of the nine works enumerated in paragraphs 2 and 3 of the Director's letter No. 3006 of the 3rd May 1904, the girls' school at Villupuram is the only one for which an estimate has been sanctioned up to date. The amount of this estimate is Rs. 13,000, out of which Rs. 4,000 has been provided in the current year's budget. Orders will now issue in the Financial Department regarding the provision of funds.

2. Further orders will be issued regarding funds required for the Narasapur girls' school when the estimate for that work which is now under consideration in the Public Works Department has been sanctioned.

3. As regards the remaining seven works, the Director of Public Instruction will be requested to forward the replies of the Executive Engineers as to the possibility of their execution within the current year. He should see that the estimates for these works are submitted as early as possible.

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., No. 427, EDUCATIONAL, DATED 12TH JULY 1904.

[SUBJECT.—Funds for building Girls' Schools and Training Schools for Mistresses.]

From the Director of Public Instruction, No. 3006, dated 7th April 1904.

The total amount available for Educational buildings is Rs. 1,02,500. It may perhaps be well to tell the Director that he can submit proposals for utilizing the whole amount. If any money is wanted by Educational for other purposes some of the Director's works may be ordered to be held over.

P. T. THARYAN—9-4-04.

A. GALLETTI—9-4-04.

Proposals up to a lakh may be submitted for consideration, arranging items in order of urgency.

A. G. CARDEW—9-4-04.

The draft memorandum placed below may issue. A fair copy of the memorandum is also submitted.

P.T.T.—9-4-04.

A.G.C.—9-4-04.

[Memorandum No. 176, Educational, dated 9th April 1904.]

From the Director of Public Instruction, No. 3006, dated 3rd May 1904.

The Government of India sanctioned a special grant of 3 lakhs from Imperial to Provincial for expenditure during 1904-1905 on Educational and other objects—vide letter from that Government in G.O., No. 276, Financial, dated 8th April 1904. Out of this sum Rs. 1,97,500 has already been allotted and Rs. 1,02,500 remains. This is intended for expenditure if possible on girls' school buildings.

2. In memorandum No. 165, dated 4th April 1904, the Director was requested to submit a list of such buildings on which money could be spent in the current year and in memorandum No. 176, dated 9th idem, he was informed that the list could work up to a lakh.

3. The Public Works Department has now to be asked whether the whole of the amount (Rs. 78,172 + 25,327) mentioned in paragraphs 2 and 3 of the Director's letter can be spent in the current year and if not how much can be spent. On receipt of the reply Financial may be asked to place the amount advised at the disposal of the Public Works Department up to a maximum of Rs. 1,02,500.

4. No portion of the money can be spent on the works mentioned in paragraph 6 of the Director's letter.

P.T.T.—17-5-04.

A.G.—18-5-04.

Will Public Works Department please note on paragraph 3?

P. T. THARYAN—17-6-04.

A. GALLETTI—17-6-04.

Reply received from Public Works Department and forwarded herewith to Financial for perusal and return to Public Works Department direct.

H. D. TAYLOR—20-6-04.

PUBLIC WORKS DEPARTMENT.

The following is the present stage, so far as can be gathered from the records in this office, of the several works referred to in paragraph 2 of the Director's letter:—

(1) *Girls' school at Tiruvannāmalai.*—In G.O., No. 260 W., dated 25th January 1904, the construction of a new school on the site of the old Taluk office at the station has been approved and the Superintending Engineer has been directed to submit plans and estimate.

(2) *Girls' school at Vinukonda.*—In G.O., No. 3399 W., dated 4th December 1902, the Government approved of the Director's suggestion to destroy the present school building which was considered unsafe and to erect a new one in its place, and directed the Superintending Engineer to submit plans and estimate at a very early date. Towards the end of January 1903 the Superintending Engineer reported that the plans and estimate had not been prepared for want of information as to the accommodation required. No further papers are traceable in this office.

(3) *Girls' school at Vetapalem.*—There has been plenty of correspondence in connection with this building, but the papers are not forthcoming from the records. No estimate has, however, yet been sanctioned.

(4) *Girls' school at Tenali.*—A site for this work has been selected and the publication of the draft notification for its acquisition has been deferred pending sanction to an estimate and provision of funds. [Memorandum No. 2509 C., dated 6th April 1904.]

(5) *Girls' school at Stonehousepet, Nellore.*—Draft notification for acquisition of site has been ordered to be published—*vide* G.O., No. 1323 W., dated 23rd April 1904. Plans and estimate are stated to be under preparation.

(6) *Girls' school at Karúr.*—Site selected; the Collector has been directed to acquire it and the Superintending Engineer to submit plans and estimate—G.O., No. 1610 W., dated 25th May 1904.

(7) *Girls' school at Narasapur.*—This is a class A work having a grant of Rs. 5,000 in the current year. An expenditure of Rs. 1,500 has been incurred in 1902-1903 on the acquisition of a site. An estimate amounting to Rs. 10,300 is now under consideration in this office.

(8) *Girls' school at Villupuram.*—This is also a class A work and has a grant of Rs. 4,000 with no previous expenditure. An estimate of Rs. 13,000 has just been sanctioned in G.O., No. 1693 W., dated 3rd June 1904.

(9) *Girls' school at Dindigul.*—The owner of the site already selected for this school is not willing to part with the land and the Collector suggests the fixing of another site. Estimate for Rs. 1,500 is now ready with the Superintending Engineer, who says that he will submit it as soon as a fresh site is selected. This is also a class A work and has a grant of Rs. 2,000.

2. In the above circumstances it may perhaps be stated at once in this office that items (7) and (8) can be completed within the current year; but as regards the rest, information will have to be obtained from the Superintending Engineers concerned. It would appear from the Director's letter, paragraph 4, that he has addressed the Executive Engineers concerned as to whether it will be possible to complete these works within the current year. If this reference is not considered sufficient, a memorandum may be sent to the Superintending Engineers concerned in this Department also.

3. The type designs for the various classes of schools have not yet been received in this office, but it appears that the Consulting Architect is forwarding copies to such of the Executive Engineers as may ask for them.

R.K.—14-6-04.

We will be able to finish Nos. 7 and 8 (Narasapur and Villupuram); but until we hear from Superintending Engineers, I do not see how we can make any promises as to further expenditure. Superintending Engineers may be asked urgently to report.

S. B. MURRAY—17-6-04.

Yes quickly please and let Educational see the file meanwhile.

W. B. DEWINTON—18-6-04.

S.B.M.—18-6-04.

Draft memorandum * to the Superintending Engineers concerned submitted for approval. These notes can go to the Educational Department u.o.

S.B.M.—18-6-04.

W.B.DEW.—18-6-04.

To the Educational Department.

EDUCATIONAL DEPARTMENT.

Financial is pressing for proposals regarding the utilization of the sum of Rs. 1,02,500 now held at the disposal of Educational. It may therefore see this file and return it to Public Works Department direct.

P. T. THARYAN—18-6-04.

A. GALLETTI—20-6-04.

Yes. Items Nos. 7 and 8, the estimates for which amount to Rs. 23,300, appear to be the only two schemes which can be at once proceeded with.

H. D. TAYLOR—20-6-04.

To the Financial Department.

FINANCIAL DEPARTMENT.

The present position seems to be that we can allot at once from the 3 lakhs grant for item (8) *Girls' school at Villupuram* Rs. 13,000 and set free Rs. 4,000 in the Public Works budget, and that we will be able shortly to allot Rs. 10,300 for item (7) *Girls' school at Narasapur* and set free Rs. 5,000 in the Public Works budget.

2. Apparently none of the items mentioned in paragraph 6 of the Director of Public Instruction's letter No. 3006, dated 3rd May 1904, fall under the category of buildings for girls' schools and for training schools for mistresses.

3. Please have copy of the current file here and Public Works Department Memorandum No. 3340-C., dated 14th June 1904, added to our file and continue noting there, so as to admit of this case being sent on at once to Public Works Department. Treat as *very urgent*.

C. M. SCHMIDT—22-6-04.

It is submitted that it is desirable that the special grant of 3 lakhs made by the Government of India for expenditure in 1904-1905 (on any or all of the objects enumerated in His Excellency the Governor's letter of the 27th February 1904 to the address of His Excellency the Viceroy) should be utilized in the current year, even though under the altered circumstances of a permanent settlement any lapse in the special grant would go into the Provincial balance.

2. Allotments aggregating Rs. 1,97,500 have been made from this special grant and the balance—Rs. 1,02,500—was reserved for expenditure on buildings for girls' schools and training schools for mistresses, in regard to which the Director of Public Instruction was asked to submit proposals.

Paragraph 2 of Director's letter No. 3006, dated 3rd May 1904.

Rs. (8,800 + 13,000) = Rs. 21,800.

3. From the proposals received from the Director, it will be seen that an allotment of Rs. 21,800 only can be made at once for the following items:—

(i) *Girls' school at Narasapur.*—A sum of Rs. 1,500 has been incurred in 1902-1903 on the acquisition of a site and a grant of Rs. 5,000 has been made in the Provincial Civil Works budget for 1904-1905. It is stated by the Public Works Department that an estimate for Rs. 10,300 is under consideration in that Department.

RS.
10,300
1,500
8,800

From paragraph 2 of the Director's letter, dated 3rd May 1904, it will appear that this estimate includes the Rs. 1,500 incurred in 1902-1903. The balance, viz., Rs. 8,800, can now be allotted from the 3 lakhs, the allotment of Rs. 5,000 in the Provincial Civil Works budget being resumed by the Public Works Department and allotted for expenditure on other works.

(ii) *Girls' school at Villupuram.*—An allotment of Rs. 13,000—being the estimate sanctioned by the Public Works Department—can be allotted from the 3 lakhs, the Public Works Department resuming the sum of Rs. 4,000 provided in the Provincial Civil Works budget.

4. There will thus be a balance of Rs. 80,700 left. Any further expenditure on account of buildings for girls' schools that can be incurred in 1904-1905 depends upon the reports from the Superintending Engineers called for in Memorandum No. 3340-C., dated 14th June 1904. It is, however, doubtful if the whole of Rs. 80,700 available will be utilized.

Rs.
1,02,500
21,800
—
80,700
—

V.G.A.—24-6-04.

The only allotment we can make immediately is that for the girls' school at Villupuram—Rs. 13,000—and the girls' school at Narasapur will absorb about Rs. 8,800 shortly. It does not seem likely that under present circumstances the balance of the 3 lakhs grants, viz., Rs. 80,700, will be wholly utilized this year. The best course seems to be to watch this balance and if any of the 3 lakhs remains

Yes.

M.H.

unutilised at the end of 1904-1905, we can devote it to special grants next year, unless the lapsed amount is to be viewed as an ordinary Provincial asset.

C. M. SCHMIDT—24-6-04.

We may allot the Rs. 13,000 now for Villupuram and later on any sums that may be required. The balance at the end of the year can be marked for allotment next year. We ought to take care that the whole allotment of 3 lakhs is spent as the Government of India wished.

M. HAMMICK—25-6-04.

Yes. The Educational Department will do all they can to get plans and estimates sanctioned for the other works of the class in question on which money should be spent.

G. S. F[ORBES]—28-6-04.

The money will be allotted on application.

M.H.—29-6-04.

To the Educational Department.

EDUCATIONAL DEPARTMENT.

The necessary application may now be made with reference to G.O., No. 1693 W., dated 3rd June 1904.

2. The Director of Public Instruction will be requested to forward the replies of Executive Engineers as to the possibility of executing other works on the list within the current year, and the estimates should be hurried up.

H. D. TAYLOR—29-6-04.

The draft placed below is submitted for approval. If approved it may issue with the concurrence of Financial and Public Works.

P. T. THARYAN—29-6-04.

A. GALLETTI—30-6-04.

H.D.T.—1-7-04.

To the Financial Department
To the Public Works Department } for acceptance.

FINANCIAL DEPARTMENT.

We may ask Educational to substitute for the portion between brackets the words "regarding the provision of funds". It will then be for Financial to pass its own orders in accordance with the notes.

C. M. SCHMIDT—1-7-04.

Yes.

M.H.—2-7-04.

EDUCATIONAL DEPARTMENT.

The amendment is accepted. The draft may issue as revised.

H.D.T.—4-7-04.

Submitted that the draft has not yet gone to the Public Works Department to which it may now be sent.

FURTHER PAPERS.

To

The Secretary to Government,

Educational Department.

Sir,

Referring to your memorandum No. 165 dated 4th April 1904 and No. 176 dated 9th April 1904 I have the honour to state that there are no buildings which are not already included under class A Works of the Public Works budget for which plans and estimates are ready.

2. In the case of the marginally named five girls' schools included under class B Works sites have been selected and the proposal to construct a building for the girls' school, Tiruvannamalai on the site of the old Taluk office in the station has been approved in G.O. No. 260 W dated 25th January 1904. Excepting the school at Karur which is of the Lower Secondary grade all the schools are of the Upper Primary standard.

The consulting Architect says that he has prepared type designs and detail estimates for the two sets of schools and submitted them to the Chief Engineer and that on receipt of his approval the plans will be lithographed and circulated. He puts down the approximate cost of a Lower Secondary School at Rs 14,227/- and of an Upper Primary School at Rs 10,815/-. If therefore instructions be issued in the Public Works Department to the Executive Engineers concerned to obtain copies of plans from the Consulting Architect and to prepare and submit with the least possible delay the necessary estimates it will be possible to spend during the current year Rs 78,172/- as shown below:-

2. I request that I may be given an idea of the amount of additional funds likely to be available for use of this department as this information is necessary to enable me to draw up the list in question. An approximate figure will of course answer the purpose.

Official Memorandum to the Director of Public Instruction, No. 173, dated 9th April 1904:-

The Director is informed that he may submit for consideration proposals for a lakh of rupees, arranging the items in the order of urgency.

From the Director of Public Instruction, R.O.C. No. 3006, dated 3rd May 1904:-

[Educ. C.M. 823]

Referring to your memorandum No. 165, dated 4th April 1904 and No. 176, dated 9th April 1904, I have the honour to state that there are no buildings which are not already included under class A Works of the Public Works Budget for which plans and estimates are ready.

2. In the case of the marginally named five girls' schools included under class B Works sites have been selected and the proposal to construct a building for the girls' school, Tiruvannamalai on the site of the old taluk office in the station has been approved in G.O. No. 260 W, dated 25th January 1904. Excepting the school at Karur which is of the Lower Secondary grade all the schools are of Upper Primary Standard. The Consulting Architect says that he has prepared type designs and detailed estimates for the two sets of schools and submitted them to the Chief Engineer and that on receipt of his approval the plans will be lithographed and circulated. He puts down the approximate cost of a Lower Secondary School at Rs. 14,227/- and of an Upper Primary School at Rs. 10,815/-. If therefore instructions be issued in the Public Works Department to the Executive Engineers concerned to obtain copies of plans from the Consulting Architect and to prepare and submit with the least possible delay the necessary estimates it will be possible to spend during the current year Rs. 78,172/- as shown below:-

School

Educational Department.

Official Memorandum to the Director of Public Instruction, No. 165, dated 4th April 1904:-

The Director of Public Instruction is informed that some additional funds may be available during 1904-1905 for expenditure on buildings for girls' schools and training schools for mistresses and he is requested to draw up in consultation with the Public Works Department and submit with the least possible delay a list of any such works for which funds have not already been provided in the Public Works Department budget estimate (under class A) and for which plans and estimates are ready and a site has been secured. The money, if allotted, should be spent within 1904-1905 and hence no works which cannot be immediately put in hand should be included.

2. The list may be in the following form:-

Name of works	Amount of estimate	Number and date of G.O. sanctioning estimate	Amount that can be spent in 1904-1905.
1	2	3	4

[Educ. C. No. 642]

Letter from the Director of Public Instruction, R. O. C. No. 3006, dated 7th April 1904:-

Referring to your memorandum No. 165, dated 4th April 1904, I have the honour to state that I shall submit the list called for on receipt of the Public Works budget for 1904-1905 for which I am applying to the Secretary to Government, Public Works Department.

School	Estimate	Cost of site.	Total
Tiruvannamalai	10,815	-	10,815
Vinukonda	10,815	-	10,815
Verapalem	10,815	290	11,105
Tenali	10,815	450	11,265
Stonehousepet	10,815	2500	13,315
Karur	14,227	630	14,857

Add approximate cost of latrines, compound walls, well &c., 6,000
Rs. 78,172.

I have put down the girls' school Tiruvannamalai first as the work is most urgent. If the estimates for the girls' schools already included in class A Works are worked out in full, it should be possible to spend on them within the year

Rs. 25,327/- as shown below:-

School	Estimate	Amount already spent or allotted.	Balance.
Narasapur Girls' school	10,300	6500	3800
Villupuram "	13,300	4000	9300
Dindigul "	14,227	2000	12227
			25327

Consulting Architect's estimate exclusive of cost of site, compound walls, latrines &c.,

4. Among Training Schools for Mistresses the only one that stands in need of a building is the Moyan Training School for Mistresses, Calicut and the selection of a site for it is under consideration.

5. In regard to the six schools named in paragraph 2 above and the girls' schools, Dindigul referred to in paragraph 3 I am addressing the Executive Engineers concerned as to whether they can arrange to obtain from the Consulting Architect a copy of the type design and to draw up the necessary estimates in about a month's time and as to whether it will be possible to spend within the current official year the full amount of the estimates. On receipt of their reply, I shall submit a statement in the form required by Government.

6. I may, in this connection, add that I have already submitted

submitted to Government estimates for the following works which are not included in the Public Works Budget:-

- | | |
|--|-------------|
| (1) Compound walls for the Training School, Chittoor | Rs. 2300/- |
| (2) Improvements to the Madrasa-i-Azam buildings | Rs. 3246/- |
| (3) do. Medical College, do | Rs. 9852/- |
| (4) Hostel for the Rajahmundry College | Rs. 18460/- |

I have also submitted an estimate for Rs. 11900/- for extensions and improvements to the Training College, Rajahmundry, one of the works included under Class B Works.

Memorandum of the Public Works Department, to the Superintending Engineers of I, II, IV, V and VI Circles, No. 33400, dated 14th June 1904:-

Read letter from the Director of Public Instruction, R.O.C. No. 3006, dated 3rd May 1904:-

A copy of the Director's letter (recorded above) is

communicated to the Superintending Engineers concerned with the request that they will be so good as to report very urgently whether any and if so what amounts could be spent on the execution of

- | | |
|------------------------------------|-------------------------------------|
| the works mentioned in para. 2 for | (1) Girls' School at Tiruvannamalai |
| which no provision or only partial | (2) " " at Vinukonda |
| provision has been made in the | (3) " " at Vetapalem |
| budget for the current year. | (4) " " at Tenali |
| | (5) " " at Stonehousepet |
| | (6) " " at Karur |
| | (7) " " at Narasapur |
| 2. The Chief Engineer has | (8) " " at Villupuram |
| | (9) " " at Dindigul |

assured Government that the girls' schools at Narasapur and Villupuram will be finished during the current year. The works should be accordingly be pushed with vigour.

ORDER

No. 427, dated 12-7-1904

See in
Hind
Pg
11/7/4

Of the nine works enumerated in paras. 2 & 3 of the Director's letter no 3006 of the 3rd May 1904, the girls' school at Villupuram is the only one for which an estimate has been sanctioned up to date. The amount of this estimate is Rs 13,000 and of which Rs 4,000 has been provided in the current year's budget. Orders will now issue in the final department placing the whole amount of the estimate at the disposal of the P.W.D. with the request that out of it Rs 9,300 may be allotted for the work in addition to the provision already made & the balance utilized for any other work under the control of that department.

regarding the provision of funds.

2. Further orders will be issued regarding funds required for the Narsapur girls school when the estimate for that work which is now under consideration in the P.W.D. has been sanctioned.

3. ~~As~~ As regards the remaining seven works, the D.P.P. will be requested to forward the replies of the Executive Engineers as to the possibility of their execution within the current year. He should see that the estimates for these works are submitted as early as possible.
