To

The Secretary to Government,

Educational Department.

Sir,

With reference to G.O. No. 8 Educational
d/6th January 1904 sanctioning a grant of Rs 1,800/- towards
the cost of constructing a building for "All Saints' Boys'
Industrial School, Puttur, Trichinopoly I have the honour to
submit copy of the enclosed letter No. 2210 dated 27th May
1904 from the Superintending Engineer, Sixth Circle and to
solicit orders as to whether in the circumstances therein
stated the modifications suggested by the Chief Engineer in
his note attached to the said G.O. should be insisted on.
The Manager regrets his inability to carry out the Chief
Engineer's suggestion owing to want of funds, but apart from
that I agree with the Superintending Engineer in thinking
that the alteration is not quite necessary.

I have the honour to be,

Sir,

Your most obedient servant,

S. Sathianathan

Circle No. 2210 dated 27th May 1904.

"With reference to your Ref on Cur No. 5820 of 05 dated
25th May 1904 I have the honour to state that, considering the
building is to be used as a Tailor and carpenter's workshop
and the fact that funds are not available, I think that a
Cuddapah slab floor, although of course far preferable to a
concrete one, need not be insisted on.

C. No. 1183 From the Director of Public Instruction No 38206, dated 5-7-1904.

SUBJECT.

Building grant for the "All Saints"
Industrial School, Puthur.

In October 1903 the Director submitted plan and estimate amounting to Rs. 4,560 for the construction of a building for the "All Saints" Industrial School, Puthur, Trichinopoly district and recommended a grant of Rs. 1,500 under rule 118 of the Grant-in-aid code. But the Chief Engineer to whom the plan and estimate were forwarded for scrutiny suggested certain alterations which raised the amount of the estimate from Rs. 4,560 to Rs. 5,400. The Government approved these alterations and ~~therefore~~ sanctioned an increased grant of Rs. 1,800 conditionally on the modifications indicated by the Chief Engineer being carried out by the manager of the school. Vide G.O. no. 8 Educational, dated 6th January 1904.

2. The Director now submits a copy of the letter from the Superintending Engineer, VI circle, wherein he states that owing to want of funds and to the fact that the building is to be used as a Tailor & Carpenter's workshop the modifications suggested by the Chief Engineer need not be insisted on. The Director agrees with him & solicits orders on the point.

3. In case it be decided to accept the Director's
